Delicate Children
—is—
Vinol

weak, pale, and had no appetite. I
gave her Vinol, and she began to
thrive at once. She gained rapidly
in weight, color and strength."

NORTHERN LIGHTS
A rarely beautiful display of the
aurora borealis was witnessed in the
skies Sunday evening. The curtains
of the aurora were exceedingly bright
and extended well down into the
southern sky. Such a spectacular
display in the heavens as that seen last
night is quite unusual and the dan-
cing and flashing shafts of light ex-
tending from north to south attract-
ed much attention. At times almost
the entire sky was covered with the
glittering waves of light.
