HAMILTON, Aug. 14 .- Only about three hundred people visited Dundurn this after-noon to see the baseball match between he Clippers and the Maple Leafs. The he Clippers and the Maple Leafs. The game dragged wearily on through two hours and fifteen minutes, the spectators gaping and moving uneseily in their seats during the numerous tiresome pauses. Now a player would get his arm broke or his fingers out of joint and the audience would be obliged to wait while the umpire performed a surgical operation, then when this delay was over the the ball would touch the end of the bat and go bounding over the grand stand, down one ball would touch the end of the bat and go bounding over the grand stand, down into the ravine at the rear, where it meually took a host of officials five or ten minutes to discover its hiding place. The fielding of the visitors gave one a decided pain, and especially their attempts to catch a fly, which they almost invariably failed to do, even when it was batted direct to their hands.

The "kid" pitchers of each team were i that they are amateurs in very truth. Fitzgerald couldn't even throw a ball direct to a base, and when he attempted a curve the field captains and the audience in that portion of the stand which is unprotected ran a great risk of annihilation. True, Hendvicks struck out twelve men during the game, but then the Leafs are not noted for their heavy batting, and when they had the courage to approach within four feet of the plate they ran a tremendous

The Torontos and Ottawas. At first the baseball game on Saturday between the Ottawa, champions of Eastern Canada, and Toronto clubs was amusing, but before the end came it got terribly sedious. Seven or eight hundred people were present and were disappointed. The Ottawas had written up declaring they could play "good ball" and telling of their doughty deeds down east. They even demanded \$75 guarantee and, in a moment demanded \$75 guarantee and, in a moment of weakness, it was given. The result proved that while they had some idea of the way the game should be played, they entirely lacked the necessary ability to put their knowledge into force, the first baseman and the pitcher, Valois, being excepted. The others failed to hit the easiest balls, and their fielding was simply ntelerably loose, the ball, whether knocked for a fly or a grounder, having invariably to spend its entire force before being

thrown in. The Torontos got tired of running bases and in the last inning struck

Baseball Tooday.

To-day the Toronto baseball club has their work cut out. In the morning they play the Clippers and in the afternoon tackle the Londons. Thus in one day they meet the two strongest clubs in the league. What the result will be of course it is im possible to say, but there is no earthly reason why they should not win both games, and if they beat the Clippers in the morning, we regard it as almost a certainty that they will. Anyhow the games are bound to be rattlers and the people may reasonably be expected to testify their appreciation of so excellent a bill of fare

appreciation of so excellent a bill of fare by turning out both morning and afternoon in their thousands. Play commences at 10 a.m. and 4 p.m. respectively.

The monotony of Saturday's game was relieved by a little dispute between a representative of the Toronto athletic grounds association, lessess of the Jarvis street grounds, and the management of the baseball association. The latter's rental of the grounds covers every Monday. Wednesthe grounds covers every Monday, Wednes-day and Friday with one Saturday in the mo .ca, excepting only statutory holidays.

Londay is not a statutory holiday and the
baseballists therefore have a legal right to
the grounds, but they went to the Toronto the grounds, but they went to the Toronto athletic/re-pile and asked them what they wanted for the day. The reply was \$50, and the money was paid, a receipt being given for Monday, Aug. 17. Acting in good faith the baseballists arranged for two games, as above stated, and anneunced them in the papers and by handbill a week age. At 5 o'clock on faturday—at the eleventh hour, in faot—a representative of the Toronto athletic grounds association appeared and de-

manded an additional \$25, threatening if the two states in the morning and prevent admission. One of the baseball directors submitted the receipt to be used in the morning and prevent, admission. One of the baseball directors submitted the receipt was all right for the day. The chances, therefore, of the ground, and he said the receipt was all right for the day. Everybody who heard the story on Saturday evening denounced the conduct of the athletic grounds the first time they have been charged with playing "heg" and it will probably not be the last, but as sure as they are living they are killing the goose by their policy. Next year the baseball club will have their own field and it will probably be in quite as convenient a locality as the Jarvis street grounds, which are the least payment. The arrangement was that the team which won the most games by 6 o'clock should be considered the victors. Three games were played. The first was earned by the boys of the Hill in ten minutes, the ball being put through by Palmer. The Torontos captured the second game in 12 minutes, Schofield shooting the ball to victory. Much interest was taken in the third game, which lasted an hour. A few minutes before six Searle of the Young Canadians added to the glory and happiness of his team by flinging the rubber through and crowning the Hill boys rubber through and crowning the Hill boys At the close of the game the Toronto boys entertained their vanquishers at the club rooms to a capital lunch.

East Toronto C. C. v. Parkdale C. C. A cricket match was played Saturday on the East Toronto ground, Easter avenue, between the above clubs, and resulted in an easy victory for the home team by 42 runs. The scores were: East Toronto 88, Parkdale 45. The double figures obtained were, W. Caven not out 18, W. Ledger 18, E. E. Cooch 17, and D. W. Caven 18, for Factor W. His East Indian curiosities and his South Sea Island stock of war clubs, have cost him many years of research and trouble. The island of Mahati, which is one of the South Sea group, has furnished Mr. Jamieson with many unique relics of barbarism. The customs of the inhabitants of this little isla (it is only two and a quarter miles in customs of the inhabitants of this little isle (it is only two and a quarter miles in circumference) are peculiar. The people only rise once in six weeks to wash their hands and look at the family timepiece, and the very ducks walk barefooted through the mud. No one who passes up Yonge street can avoid seeing Jamieson's palace clothing house. Its well stocked and well displayed windows catch the eye of everyone. It is celebrated far and wide for its cheap clothing, and is the resort of all who want first class tailoring at a low price.

THE CENUINE PIANO.

Manufactured by Rainer & Co., Gueiph, Ont. The undersigned respectfully announce that on the 2th day of April, 1884, Joseph F. Rainer dissolved partnership with Frank Sweetnam and John Hazelton, as plano manufacturers, and that said Joseph F. Rainer, with his son, will continue to manuacture the original cross-scale Planos, of which the said Joseph F. Rainer is the sole inventor.

Since the above dissolution, Mr. Rainer, sr., has greatly improved the small Cross-scale Planoby adding one string more to each note throughout the middle, making three strings fo each note instead of two, thus giving the Plano a third more power of tone throughout the middle. There will be fifty-three notes from the treble down that will have three strings instead of twenty-four notes from the treble down that will have three strings instead of twenty-four notes from the treble down as formerly. The undersigned will give to wholesale and retail customers the benefit of this improvement by letting them have these Planos for the same price as the ones formerly made with two strings.

These Planos have now been before the public for 23 years, and have always ranked among the very best, and are celebrated for quality of tone, great power and durability of action, prompt elastic touch, fine finish and elegant style of case, combined with every known improvement. The most complete and unbroken list on record, embracing a period of 30 years, and made up of 28 first prizes, medals and diplemas, received at the principal exhibitions in Canada—Moutreal, Kingston, Toronto, Hamilton and London. At the Centennial Exhibition in Philadelphia, in 1876, we secured a medal and diploma for our plano. The great favor with which the cross-scale planos have been received for so long a period, and the reputation they bear, has induced others to imitate them. We therefore caution intending purchases rand dealers wishing to obtain the original cross-scale plano to see that the name of "Rainer & Co." is on each instrument. We make the Upright and Square Grand fanufactured by Rainer & Co., Guelph, On

Rochester, Aug. 17-About two weeks

ago a man who represented himself to be James W. Conklin, a large dealer in

Canadian horses, opened an account with the Commercial bank of this city, deposit. ing several hundred dollars in currency, to which he added and checked against from which he added and checked against from day to day in a regular business way. He had a handsome check of his own printed, and conducted his business in all respects like a legitimate customer. Last Friday afternoon he deposited to his credit a draft of the Banque du Peuple of Montreal on the bank of the Republic of New York for \$3900. On Saturday morning a clerk whom he had engaged, and who was well known to the bank, presented a check for currency for \$2500. The officers of the Commercial bank declined to pay the check until satisfied of the genuinents of the draft and retained the check and sent word to Mr. Conklin to call later. They had forwarded the draft to New York and telegraphed to that city and found that the bank of the Republic had paid the draft without hesitation and apparently everything was all right. The officials of the Commercial bank were still more suepicious as Conklin failed to enquire why his check had been dishonored and they telegraphed the Montreal bank asking it the draft was all right. They received a prompt answer: "No such draft drawn by this bank." The New York bank was at once notified of this fact. The Commercial bank still holds the \$3900 with some curiosity to know whether the New York bank has paid a forged draft of one of its customers, or in what way the Montreal bank has been swindled.

It is alleged that as soon as Conklin found out that suspicious were aroused he left the city and his young clerk was much surprised at the non appearance of his principal and the turn affairs had taken. day to day in a regular business way. He

act the city and his young clerk was much surprised at the non appearance of his principal and the turn affairs had taken. The Commercial National bank has re-ceived a telegram requesting it to hold the \$3900 and to take all possible steps to \$3900 and to take all possible steps to arrest the alleged forger.

A man giving the name of S. Edwards Friday afternoon last deposited a draft for \$3700 drawn by the Banque du Peuple of Montreal on the bank of the Republic of Mew York for collection at the German American bank of Rochester. Next day he checked against it for \$2500. The check was not paid to-day and the draft was protested as a forgery. On the same day Edward's deposited a draft or the same amount as the other two by

same day Edward's deposited a draffor the same amount as the other two by the same bank on the bank of the Republish the Flour City National bank of Rochester. In this instance the check to \$2500 was paid and to-day the draft we protested as a forgery in New York.

A Canadian to-day offered to deposit certified check on an Ingersoll, Ont., ban for \$2700 in the bank of Monroe desiring to check for a portion of the amount. The bank decimed the business. So far as can ank declined the busines be learned no attemps have been made other banks here.
