

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had different doctors, tried different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure.

I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine.

Please publish my letter for the benefit of others.—MRS. JOSIAH W. HICKS, Ledge Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ills. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—MRS. FRANK COOPER, Box 448, Indian Head, Saskatchewan.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

Guide-Advocate

HARRIS & CO. PROPRIETORS
WATFORD, MARCH 24, 1911.

The U. S. and Japan.

The trade treaty which has been arranged between the United States and Japan will put an end to some extent at least to the talk of possible hostilities between the two countries. Neither at Tokio nor at Washington has there apparently been any feeling of an unfriendly nature, nor has the protest of the American government against what were manifestly designs by Russia and Japan on China aroused any animus. International relations are not easily strained at the present day when war means so much in the way of expenditure.

Undoubtedly, however, alarmists will still continue to tell us that war between the aggressive empire of the Mikado and the United States is inevitable and that when it does come the Pacific coast states will be scourged by the Japanese fleet. As in many similar sensational predictions there is some apparent show of reason in these. We are told by those who stand in dire dread of Japan that she has an efficient fleet, a far more efficient fleet than the United States, and that she has a well equipped army to take the field. That may be so. In those respects the United States is not perhaps her equal; but the United States has the wealth and the reserve force which always has and always will make a nation ultimately unmatchable in war. If the American people were individually wanting in force and initiative, like the hordes on the Continent of Asia, the prophesies of Japanese conquest might be worth heeding, but all the people of the United States require is stirring up to show what they are capable of in war. They were stirred up to that extent in their own civil feud and what they did then they can do again and more effectively against any foreign power.

FALLING HAIR.

Stop it in Two Weeks—Ask Any Leading Druggist About Salvia Hair Tonic.

Hair falls out because the dandruff germs dig into the hair roots and sap them of their vitality. They appropriate the natural nourishment that supplies life and lustre to the hair. To stop falling hair you must kill the germs. SALVIA is guaranteed to kill dandruff germs, banish dandruff, stop falling hair and itching scalp or money back. If your hair is thinning out SALVIA will promote a new growth. Clever women use it because it makes the hair brilliant and beautiful, and is not sticky or greasy. Large bottles 50 cents. J. W. McLaren, Special Agent.

Tell It To Us.

Every once in a while some person drops into the Nugget office and asks the editor or printer's devil why his sister Susan's marriage to John Doe wasn't recorded among the local columns. Or if John Doe takes a trip up country, his sister wants to know why we did not have a story about it. Now the fact of the matter is we would gladly publish these local items as we know our subscribers crave the news of things local. But here's the hitch. How are we going to know all these things if someone doesn't tell us the facts, and whose place is it to inform us of the current events if not the parties interested in the wedding or whatever it might chance to be? The Nugget scours the camp daily for local happenings and every document recorded is closely scanned for news. You should appreciate that newspaper men, like others, are human beings and the editor of the Nugget has no dealings with the spirit world—meaning the supernatural and not the other form of spirits. Now, good subscriber, you must take the blame on your own shoulders if the Nugget does not carry a story about things which concern you or friends of yours. All we ask is that you give us the story and if it is authentic and of interest to the community we will be only too pleased to publish it and will greatly appreciate your trouble. We are doing our best to furnish you with all the news of interest, local as well as foreign and we candidly believe that we are not asking too much when we invite you to furnish us with reports of incidents or happenings which we would all like to know about and which we are not likely to find out if you do not give us a "tip."—Nome Nugget.

And what the Nugget declares of itself is true in consequence to all newspapers.

WHY DO CHILDREN LIKE ZAM-BUK?

A CHAT WITH MOTHERS.

"Whenever my children have any sore places, cuts, or skin troubles, they ask for Zam-Buk. They can always depend upon it doing what is needed."

So says Mrs. A. Alice, of 170 Chatham Street, Montreal.

A missionary, writing from the West Coast of Africa, says: "One boy who was treated for a bad case of ulcer, came back recently and said, 'I like best that green medicine.' The 'green medicine' was Zam-Buk."

Now why should children, all the world over, show such a marked preference for Zam-Buk?

Children like Zam-Buk because, as soon as applied to a burn, a cut, or a sore, it stops the pain and then gradually, but surely, it heals. As soon as the pain of a wound or sore is relieved a child can go on with its play and leave Zam-Buk to finish off the healing.

Mothers might look a little more deeply into the action of Zam-Buk. First, it is highly antiseptic. As soon as applied it stops all danger of festering, blood-poisoning and inflammation. Second, it is soothing. It cools the wound or sore; allays the irritation; stops the pain and smarting. Then, thirdly, it stimulates the cells, beneath the injured part, to healthy action, and causes the speedy creation of new, healthy tissue.

Just try Zam-Buk for cuts or burns, or cold sores, or eczema, ulcers, rashes, bad leg, piles, varicose ulcers, or any inflamed or diseased condition of the skin. Its effect will highly satisfy you. All druggists and stores 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations and cheap, worthless substitutes.

Imported Wives.

A short time ago the newspapers heralded the fact far and near that a modern steamship company, harking back to the ways and means of Samuel de Champlain's time, had started a movement to bring women from the old country to Canada to seek husbands. The Ladies' Auxiliary League of Montreal rose in rebellion, saying that it was a slur on this young nation's womanhood, and there was a hot time for a few days. Finally the Immigration explained that it was all a mistake, the ladies accepted the apology and Canadian men will henceforth have to look elsewhere for their "ready made wives."

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

That most conservative of bureaus, the British War Office, has organized the first "air battalion" of the Imperial army.

Open your windows and give your lungs a treat.

Parents buy Mother Graves' Worm Expeller because they know it is a safe medicine for their children and an effective expeller of worms.

Experiments in Farm Crops.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1911 they are prepared to distribute into every Township of Ontario material of high quality for experiments with grain, fodder crops, grasses and clovers, as follows:

No.	Experiments.	Plots.
1	Testing three varieties of Oats	3
2a	Testing three varieties of Six-rowed Barley	3
2b	Testing two varieties of Two-rowed Barley	2
3	Testing two varieties of Hulless Barley	2
4a	Testing two varieties of Spring Wheat	2
4b	Testing two varieties of Spring Rye	2
5	Testing two varieties of Buckwheat	2
6	Testing two varieties of Field Peas	2
7	Testing Bunker and Spelt	2
8	Testing two varieties of Soy, Soja, or Japanese beans	2
9	Testing three varieties of Husking Corn	3
10	Testing three varieties of Mangels	3
11	Testing two varieties of Sugar Beets for feeding purposes	2
12	Testing three varieties of Swedish Turnips	3
13	Testing two varieties of Fall Turnips	2
14	Testing two varieties of Carrots	2
15	Testing three varieties of Fodder and Silage Corn	3
16	Testing three varieties of Millet	3
17	Testing two varieties of Sorghum	2
18	Testing Grass Peas and two varieties of Vetches	3
19	Testing Rape, Kale and Field Cabbage	3
20	Testing three varieties of Clover	3
21	Testing two varieties of Alfalfa (Lucerne)	2
22	Testing four varieties of Grasses	4
23	Testing three varieties of Field Beans	3
24	Testing three varieties of Sweet Corn	3
25a	Testing two varieties of Early Potatoes	2
25b	Testing two varieties of Medium ripening Potatoes	2
25c	Testing two varieties of Late Potatoes	2
26	Testing three grain mixtures for Grain production	3
29	Testing three grain mixtures for Fodder production	3

Each plot is to be two rods long by one rod wide except No. 28, which is to be one rod square.

Any person in Ontario may choose any ONE of the experiments for 1911 and apply for the same. The material will be furnished in the order in which the applications are received while the supply lasts. It might be well for each applicant to make a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge to each applicant, and the produce will, of course, become the property of the person who conducts the experiment.

Ontario Agricultural College, Guelph, March, 1911.

C. A. ZAVITZ, Director.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

Many a girl who was born a blonde has to visit the drug store occasionally to keep it up.

A girl always wants to marry a certain man—but nine times out of a possible ten she ties up with one who is more or less uncertain.

"Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends." So writes Mr. J. W. Brown, Chicago.

Eat and drink moderately to-day in order that you may do so again to-morrow.

Her Secret

Why She Always Looked So Young

Everyone refers to her as one of the most attractive women in town. It wasn't her features, for while regular they were not unusual. But the charm lay in the head of splendid, vigorous hair that made a veritable crown. It had that peculiar lustre and the sun gave it an added brilliance—you couldn't look at her without unconsciously commenting on the beauty of her hair.

When asked how she kept it so beautiful she replied that it was no secret, simply proper shampooing, regular combing and the conscientious use of Hirsutone. She admitted it had not always been in that condition, but that she found Hirsutone the best thing she ever got for the hair. It gave the scalp such a cool, refreshed feeling, and the hair was so much easier to dress after its use.

There are plenty of heads that would be just as attractive for Hirsutone, soon brings the hair and scalp into good condition.

Your Nyal Drug Store will cheerfully guarantee Hirsutone to do all that is claimed for it, and every woman owes it to herself to try it.

Sold and Guaranteed by WATFORD DRUGGISTS.
