**The Best
None too Good**

You keep a canary in a cage where it cannot get nature's tonics except as you furnish these. They are found only in **Brook's Bird Seed and Bird Treat**. Give these regularly, keep clean, using plenty of sharp gravel. Never expose to draughts, which are fatal, and it will do well for you. **Brook's Seed, Treat and Gravel**, at all grocers, druggists and seedmen.

NICHOLSON & BROCK,
