INFORMATION FOR CANDIDATES.

THE ANNUAL EXAMINATION for Cadetship in the Royal Military College will take place at the Head-Quarters of the several Military Districts in which candidates reside, in June of each year. Evidence satisfactory to the Head-Quarters Board of Examiners of Matriculation in the Faculty of Arts, within the previous 12 months, will be accepted in lieu of passing the obligatory examination. Such matriculants will rank, for admission to the College, in alphabetical order after those who pass the obligatory examination.

In addition to the facilities the College offers for an education in Military Subjects, the course of instruction is such as to afford a thoroughly practical, scientific and sound training in all departments which are essential to a high and general modern education.

The Civil Engineering Course is complete and thorough in all branches. Architecture forms a separate subject.

The course of Physics and Chemistry is such as to lead towards Electrical Engineering, Meteorological Service, and other departments of applied science.

The Obligatory Course of surveying includes what is laid down as necessary for the profession of Dominion Land Surveyor. The Voluntary Course comprises the higher subjects required for the degree of Dominion Topographical Surveyor. Hydrographic Surveying is also taught.

Length of Course three years.

Five Commissions in the Imperial Regular Army are at present awarded annually.

Board and instruction, \$100 for each term, consisting of ten months' residence.

For further information apply to the Deputy Assistant Adjutant-General at Head-Quarters, Ottawa.
