Scientific and Useful.

SAVE your cold tea; it is excellent for cleaning grained wood.

ONE way to beguile an invalid into taking more beef tea than he is willing for, is to add gelatine to it and let it cool in a mould. When it is hard and like jelly serve with salt and with wafers.

Lydia E. Pinkham's Vegetable Compound is a most valuable medicine for ladies of all ages who may be afflicted with any form of disease peculiar to the sex. Her Remedies are not only put up in liquid form but in Pills and Lozenges in which form they are securely sent through the mails.

ONE of the best ways to cure sore throat is as follows: Wring a cloth out of salt and cold water, and keeping it quite wet bind tightly about the neck. Cover this with a dry cloth. It is best to use this remedy in the night.

CHERRY stain for fine wood is thus prepared: Boil until dissolved four ounces of annatto in three quarts of water in a copper kettle; put in a piece of potash of the size of a walnut; keep the whole on the fire half an hour longer, and then the stain is ready for use.

IN pickling lemons slit them from end to end in quarters, then round the centre, cutting only the rind, fill the slits with salt, rub in the brine, and turn every day for four days, then put in a jar with two ounces of mustard seed and two cloves to every six lemons; boil the brine with vinegar and ginger. When cold, pour over the lemons.

A VALUABLE FIND.—Mr. Isaac Brown, of Bothwell, declares that he found one bottle of Burdock Blood Bitters worth \$500 to him. It cured him of Salt Rheum from which he had suffered years after other treatment had failed to relieve.

TO KEEP HONEY.—Honey that is to be kept till fall or until cold weather, should be kept in a cool place, but some pains should be taken or else it will sour. If kept in a damp cellar, moisture will collect upon the combs and the honey become thin and sour. It is a good plan to place the boxes in the cellar until autumn, when the weather gets cool, when they may be transferred to a cool room, so the moths may not get into them.

THE late Charles Delmonico was in the habit of recommending the "hot water cure" in case of wanting appetite, etc., and said of it: "Few people know how to cook water. The secret is in putting good, fresh water into a neat kettle, already quite warm, and setting the water to boiling quickly, and then taking it right off for use in tea, coffee, or other drinks, before it is spoiled. To let it steam and simmer and evaporate until the good water was all in the atmosphere, and the lime and iron and dregs only left in the kettle—bah! that is what makes a great many people sick and is worse than no water at all."

MR. W. A. WING, Westport, writes: "I wish to inform you of the wonderful results which followed the use of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. A cough of six months' standing had reduced me to such an extent that I was unable to work. I tried many remedies without effect: at last I used this Emulsion, and before three bottles were used I am glad to say I was restored to perfect health.

RECIPE FOR BROWN BREAD.—Have ready two large bowls. In one put one teaspoon cream tartar, and add five cups Graham flour. In the other put two teaspoons soda, adding one cup boiling water, one cup cold water, one cup molasses, and a good pinch of salt. Pour the second upon the first, mix well, and bake an hour.

BEEF TEA.—Well-made beef tea is a wholesome, nutritious, and palatable article of diet, not only for invalids, but for every one. Get the butcher to chop up fine a pound of nice lean beef cut from the round; put it in a sauce-pan with about a quart of cold water; let it stand fifteen minutes, then bring it to a boil, and let it boil for ten minutes; set it aside on the stove to steep for ten or fifteen minutes; then strain, and if not to be drank at once, put away in a cool place till wanted. Stir up and reheat to prepare for use, adding salt then or when strained to suit the taste.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, For Pulmonary Troubles.

T. J. McALPIN, M.D., Anderson, S. C., says: "I consider Scott's Emulsion one of the best preparations in the market for Pulmonary Troubles. I have used it in my practice since 1876, and am well satisfied with it."

Advertising Cheats!!!

"It has become so common to begin an article in an elegant, interesting style, then run it into some advertisement that we avoid all such, And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, To induce people To give them one trial, which so proves their value that they will never use anything else."

"THE REMEDY so favorably noticed in all the papers, Religious and secular, is Having a large sale, and is supplanting all other medicines. There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness and ability In compounding a medicine whose virtues are so palpable to every one's observation."

Did She Die?

No! She lingered and suffered along, pining away all the time for years. The doctors doing her no good; And at last was cured by this Hop Bitters the papers say so much about. Indeed! Indeed! How thankful we should be for that medicine."

A Daughter's Misery

Eleven years our daughter suffered on a bed of misery, From a complication of kidney, liver, rheumatic trouble and Nervous debility, Under the care of the best physicians, Who gave her disease various names, But no relief, And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it.—THE PARENTS.

Father is Getting Well.

My daughters says: How much better father is since he used Hop Bitters. He is getting well after his long suffering from a disease declared incurable. And we are so glad, that he used your Bitters. A LADY, of Utica, N. Y. None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.
