ADVICE TO MOTHERS.—Mrs. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

ANALYZING THE BAKING POWDERS.

"Royal" the only absolutely pure baking powder made.—Action of the New York State Board of Health.

Under the direction of the New York State Board of Health eighty-four different kinds of baking powders, embracing all the brands that could be found for sale in the State, were submitted to examination and analysis by PROF. C. F. CHANDLER, a Member of the State Board and President of the New York City Board of Health, assisted by Prof. EDWARD G. LOVE, the well known late United States Government chemist.

The official report shows that a large number of the powders examined were found to contain alum or lime; many of them to such an extent as to render them seriously objectionable for use in the preparation of human food.

Alum was found in twenty-nine samples. This drug is employed in baking powders to cheapen their cost. The presence of lime is attributed to the impure cream of tartar of commerce used in their manufacture. Such cream of tartar was also analyzed and found to contain lime and other impurities, in some samples to the extent of 93 per cent. of their entire weight.

All the baking powders of the market, with the single exception of "Royal" (not including the alum and phosphate powders, which were long since discarded as unsafe or inefficient by prudent housekeepers) are made from the impure cream of tartar of commerce, and consequently contain lime to a corresponding extent.

The only baking powder yet found by chemical analysis to be entirely free from lime and absolutely pure is the "Royal." This perfect purity results from the exclusive use of cream of tartar specially refined and prepared by patent processes, which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other, and on account of this greater cost is used in no baking powder but the "Royal."

Prof. LOVE, who made the analyses of baking powders for the New York State Board of Health, as well as for the Government, says of the purity and wholesomeness of "Royal":

"I have tested a package of 'Royal Baking Powder' which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates or any injurious substances.
 E. G. LOVE, PH.D."

COUGHS.

From E. J. LASCELLE, Watchmaker and Jeweler, Dunnville, Ont.: "I beg leave to say that I have used **WISTAR'S BALSAM OF WILD CHERRY** for many years, and pronounce it a capital remedy for Coughs, Colds, and all affections of the throat and lungs, having experienced relief from it many times. In fact, I would not care to be without it."

JOHN F. SMITH, Druggist, same place, says: "I can heartily recommend **WISTAR'S BALSAM** from my own experience and cases coming under my notice."

JAS. H. FLEMING, Druggist, St. George, Brant Co., Ont., writes that he has sold **WISTAR'S BALSAM OF WILD CHERRY** ten years, that from personal observation he considers it equal to any preparation he has seen used for the cure of Coughs, Colds, etc., and he does not hesitate to recommend it.
