A PROFITABLE BUSINESS.

In every locality there is an opening for a live man to make money by giving exhibitions with a Magic Lantern or a Stereopticon to Sunday Schools, Academies, Public Audiences, Lodges, Societies, Families, etc. The Illustrated Lecture business, when conducted intelligently and energetically, yields a good return for the investment, attracting first-class audiences, being easy of management and demanding only a moderate capital. We take pleasure in directing all desiring such an outlet, to the old-established house of MCALLISTER, 49 Nassau Street, New York, who is the largest manufacturer and dealer in this class of goods either in the United States or Europe. His apparatus is all of the most recent and improved construction, and he carries a stock of about 100,000 finely executed Photographic Glass Slides, from which selections can be made to illustrate all subjects of popular interest. For further information we refer our readers to his handsomely illustrated catalogue of 220 pages, which he forwards free on application.
