Age or kuniquity warm. In an age of en-lightenment like the present the value of electricity, and of compounds containing an electric principle as remedial agents, is widely appreciated. Foremost among the latter, both as regards the thoroughness and safety of its effects, and the rapidity of its action, is THOMAS ECLECTRIC OIL, a widely popular external and internal remedy for coughs, colds, sore throat, asthms, croup, and other affections of the breathing organs; an invaluable outward specific for lame back, soreness and contraction of the muscles, and every variety of sore or hurt; a prompt source of relief for pain, and a medicine upon which the public been in this market during the past week, can also implicitly depend in cases of rheu matism, neuralgia, piles and kidney com-plaints, inflammatory affections, dysentery, and many other ailments. Its persistent use eradicates the most obstinate of the disorders to which it is adapted. Physicians speak or it in the highest terms. Moreover, horsemen and stock raisers administer it with the horses and cattle. Sold by all medicine dealers. Price, 25 cents. Prepared only by NOR-THROP & LYMAN, Toronto, Ont.

Note.—Eclectric—Selected and Electrized.

#### MONEY AND COMMERCE. TRUE WITNESS OFFICE

Tuesday, June 17.

Financial.

There are no new features to note concerning the local money market. Good commercial paper still finds a ready discount at 7 to 8 per cent., and stock loans are being negociated at 6 per cent. on call, and 7 per cent. on time.

Sterling exchange continues dull at 9½ per cent. premium between banks, and 9½ per cent. premium cush over the counter. The rates in New York are unchanged at \$4.88 and 4.90 for long and short dated hills respectively.

A writ of attachment has been issued against John P. Macfarlane, of Port Hastings, N. S.

The creditors of Mr. John B. Lawlor, the well known sewing machine manufacturer, of Notre Dame street, held a meeting at Mr. Bury's office, Molsons bank chambers, Friday afternoon. Mr. Bury was appointed assignee, and Messrs. F. Nash, H. Archibald and H. R. Ives were

F. Nash, H. Archicald and R. R. Ives were named inspectors.
After the statements were read, Mr. Lawlor submitted an offer of payment in full of his llabilities, with interest, in three and a half years. The offer was at once accepted.
That Mr. Lawlor's credit is still intact is evidenced by the fact that no security whatever was required, the present difficulty being the result of dearth of money, and the consequent impossibility of collecting debts.

The creditors expressed themselves gratified

The creditors expressed themselves gratified that Mr. Lawlor had not followed the example of so many others of our unfortunate business men in "kite-flying," or outside speculation.

men in "Rite-hying," or outside spectuation.

—A writ of attachment has been issued against Patrick i. Kearney and Thos. McCody, for \$203, at the instance of Robt. Jas. Logan. Also, another against Josph Lafrance, at the instance of Emilie Lefort, for \$220. Mr. H. A. Bah is assignee for Mr. Logan, and Mr. J. C. Dansereau is the assignee in the last-named case.

of Guysboro, Nova Scotla, is announced to be held on the 28th instant, to take into consideration an offer of 25 cents on the dollar in full of their respective claims, as follows:—Si cents in 9 months, Si cents in 21 months, and Scents in 21 months, and Scents in 21 months from April 1, 1879, and to consider secured claims.

ed claims.

At the informal meeting of creditors of the firm of McGibbon & Balrd, held in the assignee's office on Saturday afternoon, it was decided that the firm should continue business as usual until a statement was prepared to be presented at an adjourned meeting of the creditors which was held on the 17th instant. The liabilities are estimated at \$90,000 to \$10,000, and it is now doub fut if the assets will prove as large as was nt first anticipated.

doub ful fish casests will prove as large as was at first anticipated.

The official assignce's statement of the liabilities of Messrs. James Claxton & Co., bas been issued. The sterling direct Habilities (English Creditors) amount to £30,50 its; Canadian do, \$61, 188 & Indiect: Consolidated bank, \$74,788 61: Merchants bank, \$124,655 its; Molsous bank, \$125,655 its bankels, against \$123,754 bushels banked bank bank, \$124,655 its; Molsous banked,

#### WEEKLY REVIEW OF THE CITY WHOLESALE TBADE.

TUESDAY, June 17.

Wholesale trade in this city has continued much the same during the past week as at our lated at 8fc to 84c; extra C, 3c to 81; fair last reference. The volume of business transacted compares favorably with that of the week previous. In dry goods, groceries and leather there has been some improvement to the sorting-up demand at previously quoted noticeable in the demand, but business in some instances really inactive. As yet the embarrassments to business men resulting firsts, 48c to 50c; seconds, 35c to 45c; thirds, from the failures of Messrs. Claxton & Co. 27c to 30c; common, 12 to 25c; Congou, 26c and the Mechanics' Bank have been few and to 40c for fair, and 50c to 60c for fine to generally temporary. There are few, and no | finest; choicest, 65c. important changes to note in wholesale prices current since this time last week.

nave been comparatively small, and not important. The well-known wholesale and retail grocery firm of Messrs. McGibbon & Baird, of this city, have become involved in financial difficulties, through repeated losses and shrinkage in values, but all their creditors are resident in Montreal, and the firm has been allowed to continue business until a statement has been presented, showing the acter. Some dealers complain of others deposition of their affairs. See report else-

where. The local produce market has been more active during the past week at better prices, and there is now quite a growing demand for spring and white winter wheat on European account. Dealers in Canada are apparently waking up to the importance of opening up new outlets for the commerce of Canada, and preventing the United States from controlling the trade with foreign countries, in which she has too long controlled a monopoly. A direct grain and cattle trade is fast opening up between Canada and Antwerp. as will be seen from reports elsewhere, and it is proposed to open direct communications shortly with Bremen, Hamburg and other leading European cities, who now use Canadian produce, shipped from English and | \$ American ports.

BOOTS AND SHOES .- The eaquiry for light, seasonable goods continues steady, but orders are generally light, and not much activity is expected until the fall trade commences after next month. As stated in our last weekly report, prices for fall goods are expected to be a shade higher this year than last; meanwhile they remain unaltered. | Tinned Sheets, No. 28, Charcoal,

DRY GOODS.—Business in this		

has continued quiet, but fairly good for time of the year. A few small buyers he a rush has set in for millinery and light far goods. It is also reported that the trade beginning to enquire for some lines of for goods, such as shirts, drawers, etc., but who sale dealers are not anxious to sell, until th see how the first of July payments are ma Collections are very slow, in some instance and fair in others; but dealers are encoura greatest success for diseases and hurts ot | ing the system adopted by the country tra more generally during the past year or tw of buying in small parcels, and more frequent according to requirements. Quite a deman sealettes, for manufacturing purposes. Very few samples of foreign goods for the fall trade have yet been received here; they are somewhat slower in coming forward this season. The travellers, many of whom have returned home during the week, report the trade through Ontario nearly as dull as ever; merchants order very sparingly, and many of them are as gloomy about the future as they were six months ago. This is most likely unnecessary. One significant feature of competition is the report that John Macdonald & Co., of Toronto, have travellers out this season. There is no doubt that the suspension of Messrs. T. J. Claxton & Co. has had a depressing influence upon a number of traders in the Dominion; we hear of the difficulty of Messrs. G. A. Eastman & Co., of Orangeville, in consequence of it, for one.

DRUGS AND CHEMICALS.—The trade

done at present is very light, as the majority of country orders have been filled, and business is confined chiefly to the local demands. Castor oil and Quinine have been reported a little easier. Bleaching powder has been rendered steadier, owing to large American orders. In England, Alkalies and other heavy chemicals have been reported quiet. We note no quotable changes in prices.

FLOUR AND MEAL.—Stocks of flour in store yesterday, 45,194 brls, having decreased 21,664 brls since the 1st June inst., and is about 30,000 brls under the average of stocks at this time for the past three years. The market has been more active than during the preceding week, at slightly better prices. The market is almost bare of some grades. Today the tendency was still upward. Transactions, however, were limited by the paucity of offerings; the large decrease in stocks since the 1st of the month, nearly 22,000 brls, makes holders more confident. The greater part, if not all, of the speculative flour held here has been disposed of. A few hundred barrels of superior extra sold to-day at \$4.70; 100 barrels choice extra at \$4.55; 250 barrels spring extra at \$4.30. Prices for corn and oatmeal have not undergone any change during the week.

GRAIN.—Stocks of wheat in store yesterday, 307,203 bushels, against 123,734 bushels the week before, and 160,368 bushels on like shipments from New York last week were date of last year. Spring wheat has been in 52,586 boxes, with 20,000 boxes held over, have sold for shipment direct to Europe. A are steady at 91c in barrels and 10c in cases; cargo of Canada No. 2 spring was sold yesin New York, Canadian eggs are worth 13c terday at \$1.03. Quotations range from \$1.02 to 131c. Mess pork is slow of sale, quoted at to \$1.04 affoat, and white winter from \$1.10 \$1350 to \$14. Lard also dull and quoted to \$1.12. Peas—Stocks in store on 15th in-stant, 170,356 bushels, against 4,662 bushels steady at firm prices—11c for uncovered, 12c the week previous, and 35,797 bushels on like to 12½c for covered. Bacon is nominal, not unchanged quotations.

date last year. Prices range from 76c to 78c, much wanted; prices range at from 8½c to 9c. Stocks of cordwood have been gradually according to the victoria what during the

lots, to arrive, on p.t. Eago is quoted at 6c to 6 c, tapiocs at 8c to 9c, and arrow oot 11 c to 141c. Augars have been in active demand, for the low grades, which are very scarce, but finer qualities are neglected. Sales of Scotch refined and raw sugar are limited. Dry crushed is quoted at 91c to 91c; granuyellow, 7c to 7gc; raw, 6gc to 7gc. Spices-There is no change to note either in the demand or quotations. Teas—Trade continues unsatisfactory, and sales are confined almost values. Japans are quoted at 21c to 24c for most other branches continues quiet, and in low grades; medium 26c to 300; good medium, 33c to 38c; finest, 40c to 45c; choicest, 48c to 52c; new Japans, 54c to 60c; greens,

HIDES AND SKINS .- Trade continues quiet and unchanged. Butchers' green hides The number of suspensions during the week | are quoted at \$6 00 to 7 00 for No..1; \$5 00 for No. 2, and \$4 00 for No. 3. Calfskins are dull at from 61c to 9c per lb. Sheenskins are worth 70c to 80c each, and lambskins bring

20c to 30c, according to size and quality. HARDWARE, IRON, ETC.—As stated in our last, this is the dullest time of year for the hardware trade; sales are comparatively few, and almost entirely of a jobbing charstroying future in trade, by making liberal concessions in order to effect sales. Travellers report trade very dull, through the country, and the sorting-up orders are few. In Iron, the demand is very light, and only for immediate requirements. Business in this line will depend largely upon the coming crops.

LUMBER.—Trade continues very quiet in this branch, the demand being now chiefly for small lots of dressed lumber and plain boards for repairs and alterations, etc. The number of new buildings in course of erection this summer is, so far, comparatively small. The demand from cabinetmakers, which formerly was quite considerable, has fallen off, in consequence of the auction sales taking the place so largely this year of manufacturing supplies. Prices at the yards have not undergone any change since last full Remittances fair.

PROVISIONS have remained quiet and steady all week; butter and cheese have been decidedly dull during the last few days, with prices declining. A lot of choice selected butter, Eastern Townships, was sold yesterday at 14c; commoner qualities bring only 13c to 134c. Stocks of creamery are accumulating, as there is very little demand for it; prices are quoted from 15c to 17c, and a fancy brand has been known to bring 18c during the last couple of days. Cheese has ruled steady and quiet; a lot of 390 boxes, the make of a very fine western factory, was sold yesterday at Gc; another lot of 116 boxes fancy white cheese was sold at 6]c, and a small factory of 63 boxes was disposed of at the same figure. The range is from 54c to 64c. Prices in Liverpool have declined 3s to 4s during the week. The European and of butter there were 17,800 packages. Eggs Latest cables from Liverpool are discouraging to the butter market.

SEEDS.—Business has been very quiet, as at \$1 30 to 1 50 per bushel of 48 lbs. Turnip 30c per lb. The planting season is about over and no demand of any consequence for Timothy and clover is expected before next August, when the fall sowing will commence. During the last few years there has been a great deal more of these seeds sown in the fall than formerly in Canada. Remittances reported fair.

WOOL.—This market has been very quiet, indeed; nothing at all doing, in fact, of a reportable nature during the week. The new Canada clip is very slow in coming forward, and 20c to 22c is paid for small lots of clean-washed, but greasy qualities will not bring over 150 or 160. There is no quotable demand for pulled wool, any kind changing hands. The Toronto Globe says "the wool market is not yet attracting much attention, owing to the small deliveries from the country. It is safe to announce now that 20c and 21c will be paid by the leading dealers for wool on the street market. This is 1c higher than was quoted yesterday." From Boston we learn that pulled wools are firm, and there continues to be a good demand at 35c to 44c for fair to choice supers. There have been further sales of Canada wool at 40c to 41c, but there is no movement in foreign except a sale in bond and a lot of carpet wool. The sales include 125,500 lbs Canada on private terms; 10,000 lbs Canada combing at 40c; 60,000 lbs Donskoi at 22c; 251 bales Cape in bond, to arrive, at 15½c; 10,000 lbs Australian at 40c.

## THE CATTLE MARKETS.

St. Gabriel.

Monday, June 16, 2 p.m. The receipts at St. Gabriel market on Saturday night and this morning comprised 17 car-loads of live stock, of good quality all round, and chiefly export grades of cattle. There were very few local butchers in attendance this morning, and as usual Mr. Ald. McShane was the principal purchaser, the sales being chiefly for the export trade. The grass-fed cattle are commencing to arrive now, and accordingly values all round are easing off, and will doubtless be lower before the week is ended. The range of prices paid for cattle to-day was from about 51c to 51c per lb; a few inferior lots changed hands at below our inside rate, but 51c was the highest realized for extra quality of stock. Among the reported sales were: Mr. George Patterson, of Guelph, 44 head cattle, averaging 1,350 lbs each, to Ald. McShane at 51c, the quality being extra, one fine steer weighing nearly 3,300 lbs; F. W. Ritchings, Toronto, two carloads cattle, averaging about 600 lbs each, to Ald. McShane, for shipment, at about 51c; James Murray, Guelph, 62 hogs, to Mr. Mas-

e is a figure of the first to the time.

Mr. R. J. Hopper received 59 bogs from Totols and sold them logicated by the second of the secon

25 for second-class, and \$10 to 20 for third. Calves were scarce and in good demand at firm prices; some 20 head sold at from \$9 to \$10 each for firsts; \$6 to \$7 for seconds, and an advance on former rates; ordinary stock | \$2 to \$2 50 for thirds. Sheep and lambs were not much in demand. Measured leathers re- not in large supply, and spring lambs continue ported dull, but splits rule firm at unaltered in good request at from \$1 to \$3, according to quotations. from \$4 to \$4 50, and second-class at from \$3 to \$3 50. There were about 60 head altogether. Hogs were scarce and in fair demand about 9 head sold at from \$4 to \$5 per head.

Yesterday there was a good market at Viger square; the arrivals of first-class stock were large and the attendance of dealers was good, but the demand was rather slow, and buyers were asking concessions. About 135 beeves were reported sold at from \$3 50 to 4 50 and 4 85 per cwt. A few lots of grass-fed cattle were sold at 4c to 41c per lb. The receipts comprised also about 700 sheep and lambs, 50 or 60 calves, and about a dozen hogs, and prices current for these were the same as the figures quoted to-day. We understand that quite a respectable number of cattle were driven away from the market, unsold.

Prices for hay at this market are unchanged, from \$8 to \$10 per hundred bundles.

#### Montreal Fuel Market.

THURSDAY, June 12. The local fuel market is, of course, not very active at this season of the year, but the for anthracite coal continues gradually to increase, from week to week, as consumers are beginning to conclude that prices cannot go much lower, and that it is, therefore, to their advantage now to lay in their fall and winter supplies. Deducting the 50c duty which all dealers alike have to pay on importations, the freight and cartage charges, etc., prices here for hard coal were scarcely ever known to be so low as at present; certainly not for many years. Sales are generally for small quantities, but there has been quite a number of cargoes changing hands, and for ten to twenty ton lots our quotations are shaded by dealers. In consequence of the recent advance in New York, dealers here are a little firmer in their views. and some are asking \$5.10 for Pittston and Lackawanna, and \$5.35 for Wilkesbarre and Plymouth red ash; but we make no changes as yet in last week's prices. The arrivals from New York and Oswego during the week have been light-much lighter than during the week previous. Several cargoes of soft coal have changed hands during the week at our

cumulating at the Victoria wharf during the past week, and dealers are asking various prices for the same kind of wood. Barge loads of birch were offered at \$3.50 per cord, the spring trade is over. Hungarian seed has been enquired for to some extent, and is sold been enquired for to some extent, and is sold from \$4.25 to 5 for maple, cartage extra;

Turnin from \$4.25 to 5 for maple, cartage extra;

Hides have advanced seed is also in demand, and is worth 25c to \$3.75 to 4.50 for birch; \$3.25 to 4 for beech; ter for choice western. Hides have advanced \$2.75 to 3 25 for tamarac, and \$2 to 2.50 for hemlock.

COAL-Retail prices, per ton, delivered for cash; Stove, \$500 to 525; chestnut, \$475 to 500; egg, \$475 to 5; furnace, \$475 to 5 Scotch grate (soft), \$5.50; Scotch steam \$4.50 to 4.75; Picton steam, \$4.to 4.25; Newcastle smiths', \$5 50; coke (per chaldron), \$3 50.

## Montreal Hay Market.

SATURDAY, June 14.

The receipts at this market, on College street, during the past week comprised about 400 loads hay, and about 60 loads straw.

The offerings yesterday and to-day were larger than at any time previous during the past month or longer. The demand has been rather slow, however, and quite a number of sellers were obliged to remain in town last night, not having sold their loads, and accordingly the market square to-day is completely filled with waggons. Prices are, in consequence of the unusually large supplies and slow demand, slightly easier, but the range of quotations is still from \$8 to \$10 per hundred bundles of hay, the average price heing \$9.50 and for etrem. and we have not heard of any large lots of past month or longer. The demand has been easier, but the range of quotations is still from \$8 to \$10 per hundred bundles of hay, the average price being \$9 50, and for straw from \$4 to \$6 per hundred bundles, the average figures being \$5 to \$5 50.

The farmers report that the recent rains have been of wonderful benefit to the new hay crop, which promises to be much heavier this season than last A few car loads of fresh cut grass have been peddled about the city, and sold at from 12c to 18c per bundle, retail, during the past couple of days.

#### THE FARMERS' MARKETS. Bonsecours and St. Ann's-Prices at Farmers' Waggons, etc.

Tuesday, June 17. Jacques Cartier square and St. Ann's market square were well filled with farmers' and gardeners' waggons this morning, and they were loaded with all kinds of farm and garden produce, but the turn-out of buyers was comparatively small, and at noon many of the loads were only partially sold. The supplies of grain and potatoes were not so large, however, as on Friday last, and accordingly prices were a little firmer. Oats sold at waggons at from 75c to 85c per bag, buckwheat at \$1 to \$1.10 per bag, peas. at from 80c to \$1, and potatoes at from 70c to 90¢ per bag. One party stated that he had sold 12 bags of the best Chili at \$1. per bag. There is no change to note in prices for butter and eggs, cheese or fowls. Some kinds of vegetables, however, are cheaper; lettuce worth only 10 to 15c per doz bunches; radishes. 15c do; rhubarb, 30c to 40c do, and spinach, 40c per bush. Oranges were a shade dearer, worth \$8 to 8 50 per case, and lemons, \$6 50 to \$7, or 4 50 in boxes. Oakville strawberries were scarce, owing to the Great Western terman, for local use, at 51c per lb; Samuel Waddell, Toronto, 12 head cattle, to Ald. Mc Shane, for shipment, at 51c; Mr. J. Laporte, Mildmay, Ont., 14 head, averaging about 1,000 lbs each, to Mr. R. J. Hopper at 41c; morrow.

about 1,000 lbs each, to Mr. R. J. Hopper at 41c to 43c. Mr. Laporte brought four carloads to market, and has 45 or 50 head yet unsold per lb; rollile tolde per lb; Eastern Townships, Also Mr. Walter Lang, Toronto, 21 head of tub, 13c to 15c. Fine cheese, 10c to 11c per lb; ordicattle, averaging 950 or 1,000 lbs each, to Lard, 81c to 10c. Fresh Eggs, 10c to 11c per dozen; Mr. R. J. Hopper, at about \$46 per head.

The Quebec Markets. QUEBEC, June 18—There have been no re-ported transactions in timber during the past

ported transactions in timber during the past week.

OAK—Ohio 65c to 70c per foot; average is selling at 3ct to 32c per foot. Michigan 55c to 60c per foot; average 28c to 20c per foot.

WHITE PINE—First class rafts, about 60 feet by 16 inches, at 18c to 19c per foot; common rafts at 10c to 14c per foot.

RED PINE—According to average and quality, 12c to 17c per foot.

ELM—Fresh wood, 63 feet, average 22c.

Ocean freights are firmer The latest transactions are:—22s 8d from Quebec to Liverpool, 13s 6d from Quebec to Greenock. Three vessels have been chartered to carry lumber from this port to 8t. John's, Nifd., at \$4 per 1.00 feet; Montreal to River Platte, \$15 per 1000 feet, and from Sorel to River Platte at the same rate.

COALS.—From Pictou to Montreal, \$1 S) per ton.

Coals in demand at \$5 25 to 55) for Scotch, \$4 75 to 5 (0) for English.

SALT—Sales have been made at 42c per sack—

SALT—Sales have occur in the selling ex-wharf at about \$28 per M, and inferior quality at \$25 per M.

RIVER FREIGHTS.—To Montreal—Salt, 6c to 7c
per sack; coals, 90c to \$1 per ton; sawn lumber,
per 1,000 feet, board measure, \$1 to \$1.10. From
Montreal to Quebec.—Flour, \$c per barrel, 4c per
bag; pork, 10c per barrel; heavy goods, \$1 per
ton.

ton.

6 ULF PORTS FREIGHTS—From Quebec to Miramichi, Shediac, Gaspe, Pictou, &c., 50c per barrel and \$5 per ton per steamer; per schooner, \$5c to 40c per barrel

#### Markets by Tel-graph.

DETROIT, June 17, 1 p.m.—Wheat easier; extra \$1.08\frac{1}{2}\$ to \$1.00; white, \$1.09 for cash; \$1.08\frac{1}{2}\$ to \$1.09 for June; \$1 07 to \$1 07\frac{1}{2} for July; \$1 02\frac{1}{2} to \$1 03\frac{1}{2} for August; milling, \$1 06\frac{1}{2} bid; for amber, \$1 11 bid. Receipts, 31,000 bush; shipments, 34,000 bush.

New York, June 17, 12:45 p.m.-Flour quiet. Wheat dull. Corn quiet; steamer, 43c to 434c; No. 2 at 434c. Oats dull.

Whisky quiet at \$1.07 to 1.07\frac{1}{2}.

Toledo, June 17, 1 p.m.—Wheat ensier; amber, \$1 03\frac{1}{2} for July; No 2 red, \$1 03 for July; \$1 00\frac{1}{2} for August. Corn steady; high mixed, 391c; No 2, 381c bid, 381c asked for

July; 374c for August. Oats nominal. Chicago, June 17, 1.05 p. m.—Wheat, \$1.04 asked for June; 97%c to 97%c for July; 92c for August. Corn, 36%c to 36%c for June; 36%c for July; 37%c bid for August. Oats, 32%c asked for June; 33%c for July; 31c for August. Barley nominal, at 65c to 68c cash extra No. 3, 54c to 55c cash. Pork, \$821 to 9.85 for June; \$9.821 to 9.85 for July; \$9.95 to 9.971 for August. Lard, \$6.20 bid for June; \$6 20 bid for July; \$6.27\ to 6.30 for August.
Tonoxro, June 17.—Market very quiet. In flour there was nothing reported, but the feeling is firm, with spring extra worth \$4 and extra \$4 20. Wheat is fairly steady; a cargo of No. 2 spring was sold on p. t., but this grade would bring 98 cents, with holders asking more money. Oats easier, with sales of western at 381c, and eastern at 371c and to 61c for No. 1 green. Lambskins are up to 40c, and pelts to 25c. Tallow seems weak, with 53c as the best bid for car-lots.

## British Cattle Markets.

London, June 12—Cattle at market, 3,450 sheep at market, 11,600
Beef, 7d to 7id per ib; inferior and secondary, 7id to 7d per ib; best mutton, 9d to 9id; inferior ard secondary, 8d to 8id per ib,
The market was not heavily supplied to-day, and opened with rather an improved tone all round.

# Cauadian Cattle Export Trade.

Yesterday morning Mesars. De Sola Bros. & Collins, of this city, purchased for export to England 60 very choice steers and heifers for £4.50, or at the rate of 5fc per lb., live weight. These will be shipped from this port on board the Ocean King, which leaves in a day or two. Alderman McShane shipped last Thursday 145 head of cattle on the steamship Harold Harfarger for Bristol, and 125 on the steamship Lucerne, for Glasgow.

ger for Brisiol, and 125 on the steamship Lucerne, for Glasgow.

It is now generally admitted bythe trade that the supply of choice shipping cattle is very nearly exhausted. The distillery cattle have been sold with the exception of a few small lots, and there are not many stall fed beasts to come forward. All the desirable beeves that are brought into this market now are picked up as soon as they are unloaded at from 5c to 54c per ib., live weight. At these prices Alderman Mo-Shane has purchased during the week about 350 head. He bought thirteen prize cattle at \$113 each.

## He Rather Liked It.

One of our well known citizens was sitting in his pariors the other evening surrounded by his wife and children when the conversation turned upon likes and dislikes, and taste and flavor of various condiments. One person preferred this, snother that, when a little blue-eyed, four-year-old spoke up and said she rather liked Castor Oil. This seemed singular; but it is not surprising, when we know that she, that very morning, had been taking some of Scott & Bowne's Palatable Castor Oil. Price, 25 cents.

## ADVERTISEMENTS.
