Mercantile Summary.

M. NOLIN is opening a new shipyard at Que-
bec which is to employ a large number of hands.

The customs receipts at the port of Emerson,
Manitoba, were last month \$4,500, against less
than \$1,000 in August 1878.

A BY-LAW for raising \$25,000, wherewith to
drain the county of Westbourne, Man., was
defeated last week by vote of the people.

THE report of the borings for a foundation of
the Winnipeg railway bridge, shows a general
limestone rock substratum all across the bed of
the Red River.

BELLEVILLE harbor is being made shallow by
the saw-dust thrown into it by mill men on the
Trent. The authorities, fishery officers
included, are looking after the offenders.

A BY-LAW granting a bonus of \$60,000 in aid
of the Waterloo, Wellington & Georgian Bay
Railway, was carried in Woolwich township,
Waterloo County, by seventeen majority.

THE Wallingford, Ct., firm of Simpson, Hall
Mullen & Co., electro-platers, etc., are about to
open a branch in Montreal, which will employ
some twenty hands. The firm will exhibit at
the Ottawa Fair.

THE \$1 and \$2 Dominion Notes, new issue,
are neat bills, well executed. The latter bears
a portrait of Lord Dufferin, and the former that
of the Countess. It is an agreeable tribute to
the popularity of our late Governor-General
and his spouse thus to prolong pleasant memor-
ies of them.

At the International Agricultural show held
not long since at Kilburn Eng., it was considered
a remarkable thing that while there were no
dairy exhibits from the United States, Canada
was represented by a cheese a ton in weight ex-
hibited by Mr. Jubal Webb, a well known
London cheese factor, and made by Mr. Morton,
of Kingston, Ont. The flavour, says a corres-
pondent, was very good, and a small piece was
given to every visitor to Mr. Webb's display of
cheeses, etc. The A. S. Whiting Manufacturing
Co., of Oshawa, made a good display there
of their farm implements.
