

west, the two most admired and best beloved names were Monseigneur Taché and Sister Mary. With the latter the St. Boniface Hospital was so completely identified that they wondered how that hospital could continue to exist without her. She was so quick at seeing, so wise at guiding, so experienced in the ways of the world and withal so tender and strong and true. She was born with only the stump of a left arm, and yet she was as handy with her knitting and sewing needles as the best of seamstresses. She had the broad grasp of the masculine mind without any the slightest tinge of unwomanliness. Her piety was of the solid, undemonstrative sort. The sight of a soul drifting unshriven into the jaws of death would rack her face with a visible pang. Now that she has "crossed the bar," all ye who love her, pray that she may soon see the King in His beauty.

MR. E. J. O'REILLY.

Edward J. O'Reilly, born 25 years ago at Wolfe Island, completed his education in the Ottawa University, where he was a great favorite with professors and students. For over three years he has been a most faithful and accurate bookkeeper for his cousin Mr. E. O'Reilly of the Grain Exchange, Winnipeg. Stricken with typhoid fever, he entered St. Boniface Hospital on Oct. 7th and, despite the best medical care, expired on Oct. 20th. His death, fortified by the last sacraments, was as edifying as his life had been. Many devoted friends mourn his loss. His father, Mr. James O'Reilly, of Railton, Ont., arrived after his dear son had breathed his last and took the remains back with him last Saturday. In the funeral from St. Boniface Hospital to the C. P. R. station Messrs. W. N. Bawlf, F. F. Smith, Dr. Raleigh and D. McBean were pall bearers. Quite a number of beautiful floral offerings adorned the bier. The Requiem High Mass was sung on arrival at Railton.

A FAIR MINDED CLERGYMAN.

We have heard a deal lately from speakers of the stamp of the Rev. H. P. Hughes and Dr. R. F. Horton of the decay of Spain being due to the Catholic religion. The contention has been sufficiently disproved not to need further refutation, and it is pleasant to find a clergyman of the Established Church of England not only sufficiently fair-minded to recognise its utter absurdity, but courageous enough to express his opinion in public. At Seaford, in Sussex, a few days ago the annual meeting of the local branch of the British and Foreign Bible Society gave a Mr. J. P. Perkins the opportunity of trotting out the old bogey. The vicar, the Rev. H. G. Bonnewell, who was in the church, took exception to Mr. Perkins' remarks, and said it was not safe to impute the infirmities of the Spaniards to their religion, for he could point to a nation mainly composed of Roman Catholics who were distinguished for the purity of their lives and for their love of truth—he referred to the Irish nation. The vicar's manly protest

was, we are glad to note, received with applause, and Mr. Perkins must have felt rather small. All Catholics will feel grateful to Mr. Bonnewell for his outspoken reproof of an exhibition of vulgar prejudice.—L'pool Catholic Times.

An Engineer's Story.

SUFFERED THE PANGS OF RHEUMATISM FOR YEARS

Was Reduced in Weight From 180 to 130 Pounds—His Friends Fearing That Recovery Was Impossible—Now Actively Attending to His Duties.

From the Midland Free Press.

Alexander McKenzie is one of the well known residents of Brookholm, Ont., where he has lived for many years. A few years ago it was thought that an early grave would be his; on the contrary, however, he is now stout and strong, and the story of his recovery is on the lips of almost all the citizens of that burgh. The writer, while visiting in the village, could not fail to hear of his recovery, and with the reporter's proverbial nose for news decided to put to the proof the gossip of the village. The reporter visited Mr. McKenzie's home and was introduced to Mrs. McKenzie. Enquiry elicited the information that Mr. McKenzie was not at home, but when informed as to his mission the lady freely consented to tell the reporter of her husband's case. Her story runs like this: "Mr. McKenzie is 40 years of age, an engineer by profession, and is now on a boat on the lakes. About five years ago he began to feel twinges of rheumatism in different parts of his body and limbs. For a time he did not think much of it, but it gradually got worse until the pain was such that he was unable to work, and could not get rest at nights. I would have to get up two or three times of a night," said Mrs. McKenzie to try and relieve this intense suffering. Of course he consulted a physician who pronounced his trouble sciatic rheumatism. The doctor did what he could for him, but without giving any permanent relief. This went on for several years, sometimes he would be some better and try to work, then the trouble would come on again and be as bad a sever.

He was pulled down from being a stout man of 180 pounds to about 130, and was so thin and miserable that all who knew him thought it would be only a matter of a short time until he would be in his grave. For four years did he thus drag along a miserable existence, until in the beginning of 1897 some one recommended Dr. Williams' Pink Pills. Tired of medicine, with some reluctance he procured a box and gave them a trial. Almost at once a change was perceptible and as he kept on taking them, the improvement continued, and he was soon able to be about. By the time he had taken about a dozen boxes he was free from the slightest twinge of rheumatism, and as stout and strong as he had been before his affliction. So great is his faith in Dr. Williams' Pink Pills that when he left home recently to go up the lake for the summer, he took three boxes with him as a preventative against a possible recurrence of the trouble. Mrs. McKenzie was quite willing that this story should be made public, and believes that she owes her husband's life to Dr. Williams' Pink Pills for Pale People.

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood, such as scrofula, chronic

erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50c a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

IT DEPENDED.

The Argonaut tells the following of a former president of Oberlin College. A student asked him if he could not take a shorter course than that prescribed by the institution. "Oh, yes," was the reply, "but that depends upon what you want to make of yourself. When God wants to make an oak He takes a hundred years, but when He wants to make a squash He takes six months."

SEA AND LAND.

The triviality of the sea compared with the land is the theme of a recent article by

John Holt Schooling. A bucket 743 miles deep and 743 miles from side to side would hold every drop of the ocean. This bucket could rest quite firmly on the British Isles. To fill the bucket one would need to work 10,000 steam pumps, each sucking up 1,000 tons of sea per second, for 422 years. So if anyone wants to be rid of the sea, the way is plain. But to get rid of the earth would be 4,555 times more difficult, requiring 2,000 great guns each firing 1,000 projectiles a second, each projectile consisting of 100,000 tons of earth. At the end of 1,000 years this mundane sphere would be all shot away.

LOGIC CLASS IN THE SEMINARY.

Professor—Miss C., give me an example of a true conclusion drawn from two false premisses. Miss C.—Logic is an easy study. That's false. I don't like easy studies. That's false. I don't like logic. That's true. Class dismissed.—N. Y. Tribune.

First EXCURSION

To Ste. Anne des Chenes, Over the SOUTHEASTERN Railway,

On the occasion of the Blessing of the new Roman Catholic Church, ON NOVEMBER 1st 1898. TRAIN LEAVES WINNIPEG, C. P. R. STATION, AT 8 O'CLOCK A. M. Fare for Round Trip as follows: Winnipeg and St. Boniface, Adults, \$1.00; Children, 60 cts. Loretta, Adults, 50 cts; Children, 30 cts. Dufresne, Adults, 30 cts; Children, 20 cts. Returning Train leaves Ste. Anne at 6 P. M. Band in Attendance.

I have used Ripans Tabules with so much satisfaction that I can cheerfully recommend them. Have been troubled for about three years with what I called bilious attacks coming on regularly once a week. Was told by different physicians that it was caused by bad teeth, of which I had several. I had the teeth extracted, but the attacks continued. I had seen advertisements of Ripans Tabules in all the papers but had no faith in them, but about six weeks since a friend induced me to try them. Have taken but two of the small 5-cent boxes of the Tabules and have had no recurrence of the attacks. Have never given a testimonial for anything before, but the great amount of good which I believe has been done me by Ripans Tabules induces me to add mine to the many testimonials you doubtless have in your possession now. A. T. DEWITT.

I want to inform you, in words of highest praise, of the benefit I have derived from Ripans Tabules. I am a professional nurse and in this profession a clear head is always needed. Ripans Tabules does it. After one of my cases I found myself completely run down. Acting on the advice of Mr. Geo. Bower, Ph. G., 588 Newark Ave., Jersey City, I took Ripans Tabules with grand results. Miss BESSIE WIEDMAN.

Mother was troubled with heartburn and sleeplessness, caused by indigestion, for a good many years. One day she saw a testimonial in the paper endorsing Ripans Tabules. She determined to give them a trial, was greatly relieved by their use and now takes the Tabules regularly. She keeps a few cartons Ripans Tabules in the house and says she will not be without them. The heartburn and sleeplessness have formerly so great a burden for her. Our whole family take the Tabules regularly, especially after a hearty meal. My mother is fifty years of age and is enjoying the best of health and spirits; also eats hearty meals, an irremediable before she took Ripans Tabules. ANTON H. BLAUKEN.

A new style packet containing TEN RIPANS TABULES packed in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced sort is intended for the poor and the economical. One dozen of the five-cent cartons (120 tabules) can be had by mail by sending forty-eight cents to the BERRANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (TEN TABULES) will be sent for five cents. RIPANS TABULES may also be had of some grocers, general storekeepers, news agents and at some liquor stores and barber shops. They banish pain, induce sleep and prolong life. One gives relief.

I have been a great sufferer from constipation for over five years. Nothing gave me any relief. My feet and legs and abdomen were bloated so I could not wear shoes on my feet and only a loose dress. I saw Ripans Tabules advertised in our daily paper, bought some and took them as directed. Have taken them about three weeks and there is such a change! I am not constipated any more and I owe it all to Ripans Tabules. I am thirty-seven years old, have no occupation, only my household duties and nursing my sick husband. He has had the dropsy and I am trying Ripans Tabules for him. He feels some better but it will take some time, he has been sick so long. You may use my letter and name as you like. Mrs. MARY GORMAN CLARKE.

I have been suffering from headaches ever since I was a little girl. I could never ride in a car or go into a crowded place without getting a headache and sick at my stomach. I heard about Ripans Tabules from an aunt of mine who was taking them for catarrh of the stomach. She had found such relief from their use she advised me to take them too, and I have been doing so since last October, and will say they have completely cured my headaches. I am twenty-nine years old. You are welcome to use this testimonial. Mrs. J. BROOKMYER.

My seven-year-old boy suffered with pains in his head, constipation and complained of his stomach. He could not eat like children of his age do and what he did eat did not agree with him. He was thin and of a saffron color. Reading some of the testimonials in favor of Ripans Tabules, I tried them. Ripans Tabules not only relieved but actually cured my youngster, the headaches have disappeared, bowels are in good condition and he never complains of his stomach. He is now a red, chubby-faced boy. This wonderful change I attribute to Ripans Tabules. I am satisfied that they will benefit any one (from the cradle to old age) if taken according to directions. E. W. FRANK.

WHITE & MANAHAN 496, MAIN STR.

"About 1730," says Dr. Ashe "Porter has first manufactured in the City of London" This name was given to the beverage, because the principal consumers, were the Stalwart Porters of the day, who found its invigorating properties most beneficial, under their strain of work.

The names of Porter or Stout (as used by the public) are synonymous. We wish to mention our STOUT. Made from pure Malt and Hops it is most nourishing to the Invalid, because of its peculiar, aromatic flavour.

It is grateful to the Jaded Palate because of its TONIC QUALITIES. It creates a healthy appetite, and builds up the system. All sized bottles from half pints.

EDWARD L. DREWRY, Mfr. Winnipeg.

WINNIPEG BUSINESS COLLEGE and Shorthand Institute is the place to go if you want either a Business Education or a course in Shorthand. Handsome Annual Announcement free. It matters not whether you are going to work on the farm, in the workshop, or in the Merchant's or Manufacturer's office, you need a thorough Business Education in order to succeed well.
