KID GLOVES

TANT-MIEUX & Button French Kid Glove.

WE have been appointed Agents for this Celebrated Glove. It is placed upon our counters direct from the manufacturing tables of the Makers in Grenoble, France. All middle and between profits are dropped, and we offer you the glove at *First Hands on a Sample Commission Profit*, hence the secret of their Value.

Although little known in this market, their *softness and remarkable durability* has gained for them an unparalleled hold, both in Europe and America. Our statement may be questioned, yet we state *boldly* the fact, *they are in point of actual wearing value equal to any Josephine Kid Glove ever made*, whilst our price is only **64 cents a pair**, every pair guaranteed, made in Tans, assorted Browns and Blacks, and are cut upon a scale of measurement slightly smaller than Josephine. We will send them, postage paid, to any address. Write for a pair and try them upon the reputation we have at stake, and you will find them all are represented.
