

5. Nothing in this Convention shall be construed as preventing a Contracting State from imposing on the earnings of a company attributable to a permanent establishment in that State, or the earnings attributable to the alienation of immovable property situated in that State by a company carrying on a trade in immovable property, a tax in addition to the tax that would be chargeable on the earnings of a company that is a national of that State, except that any additional tax so imposed shall not exceed 5 per cent of the amount of such earnings that have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term "earnings" means the earnings attributable to the alienation of such immovable property situated in a Contracting State as may be taxed by that State under the provisions of Article 6 or of paragraph 1 of Article 13, and the profits, including any gains, attributable to a permanent establishment in a Contracting State in a year and previous years, after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits in that State.
