With respect to Intellectual Property, the TMP must address: ownership; protection; user rights and obligations for research and development; exploitation and dissemination, including arrangements for joint publication; the rights and obligations of visiting researchers (*i.e.* researchers not coming from either Party or one of its Participants), including the allocation to and acquisition by Participants of rights and obligations in respect of Intellectual Property generated by visiting researchers; and dispute settlement procedures, including arbitration where appropriate.

6. Each Party shall take all reasonable measures to ensure that, in its territory, the other Party and its Participants are able to exercise the Intellectual Property rights allocated to them in accordance with this Annex and the Agreement.
