3. The Department received a far greater number of applications than funds were available for. All applications were carefully assessed and many difficult decisions not to approve had to be made.

4. N/A.

5. N/A.

GOVERNMENT DEPARTMENTS—INCREASE IN OFFICE
SPACE

Question No. 1,388—Mr. Orlikow:

1. In the past ten years, how much new office space, by square foot, have government departments (department by department) increased their office space (a) in Ottawa (b) outside Ottawa?

2. Of this space, how much is in (a) buildings owned by the government (b) privately-owned buildings?

3. Of the space in government-owned buildings, what was the cost of building construction per square foot, and what is the actual cost of maintenance per building per square foot?

4. Of the space occupied in rented buildings, what is the actual rental per square foot and what is the cost to the government of maintenance per square foot?

5. For what period is the government committed to remain and to pay rent in the buildings in which they have rented quarters?

6. Does the government assume financial responsibility for structural and decorating costs of rented space?

Hon. Jean-Eudes Dubé (Minister of Public Works): The information is not available to provide an accurate answer to this question. The costs in manpower and time to undertake the very large amount of work which would be required to gather such detailed data as is obtainable for the period covered by the question, would be prohibitive.
