RECOMMENDATIONS:

We give below a few recommendations, which we daily receive.
Casselman, Ont., Dec. 8th, 1870,

Messrs. W. A. WHITE & Co.
Will you please send me four needles for the Champion Shuttle Family Sewing Machine, Nos. 1, 2, 3 and 4. I do not know the price. I enclose 25c., if that is not the full value let me know, and I will remit the balance. I purchased one of your Sewing Machines last spring, and have used it constantly ever since; it has never got out of order, and altogether I prefer it before a Wheeler & Wilson. All the fault I have had has been with the needles, and that is owing to my letting people use it that did not understand it.

Yours respectfully,
JOSEPHINE CASSELMAN,
Casselman P. O., Ont.

Messrs. W. A. WHITE & Co.
Gentlemen.—The Sewing Machine I had from you has been thoroughly tested in my family with every satisfaction, and I have no hesitation in recommending it to the favorable consideration of the public.

Yours truly,
JOHN STEVENSON,
Speaker Legislative Assembly of Ontario

OUR NEW LETTER A.

We have of late made great improvements in our Champion Machine. We now have it so arranged as to sit level with the table (as you will see by the cut on the first page,) making the top a complete level surface, like that of other first-class machines, and we call it our NEW LETTER A MACHINE. Many of our customers prefer having them set down level with the table, while others would rather have them elevated above; consequently we keep a complete stock of both the IMPROVED and the old style. The IMPROVED Champion is now admitted by ALL to be the best Family Machine for the money in the Dominion. Call and examine it, and you will decide, with thousands of others, that IT IS THE BEST.

We also keep in stock the HOME Machine, which is much larger and heavier for light manufacturing purposes.
