ALLIES COULD DEPOSE THE KING OF GREECE

KING OF GREECE HOLDS THRONE THRU KINDNESS OF THE ALLIES

ALLIES REPULSE BULGARIAN ATTACKS AND STILL ADVANCE

Should Constantine Overrule the Constitution, He Will Be Reminded That His Retention of the Crown Depends on Continuance of Friendly Neutrality Towards Allies.

GREEKS INTIMATE THAT ALLIED TROOPS SEEKING REFUGE WILL BE DISARMED

Kitchener Goes to Tell Them Otherwise and to Demand Unequivocal Definition of Attitude to Be Observed.

LONDON, Nov. 15.—The intimation of the Greek Government that any entente allied troops seeking refuge in Greek territory will be disarmed has been the cause of considerable anxiety to the entente powers and consequently Field Marshal Earl Kitchener's nearest visit gains added importance.

According to related despatches received from Athens, Greece bases her decision on international law, while the entente ministers contend that the right accorded troops to enter the country thru Saloniki permits them to retire by the same route, should it become necessary for them to do so. The ministers are demanding that Greece unequivocally define the attitude she will observe should such an eventuality present itself.

Besides the claims to hospitality which the entente allies declare they have on Greece in view of the Premier Venizelos' invitation to them to send a force to Saloniki to enable Greece to fulfill her treaty obligations to Serbia, which, however, Greece repudiated, Earl Kitchener and the entente ministers are likely to draw the attention of King Constantine and his government to the fact that the constitutionalism of Greece was guaranteed by France, Russia and Great Britain and that it was only obtained after Great Britain had ceded the Ionian Islands to that country and the three powers had agreed to contribute \$20,000 yearly for the personal use of the king.

Reminder For the King. This, it is contended, binds the Greek people to the entente allies, and should King Constantine overrule the constitution, which the followers of M. Venizelos insist he did when he dissolved the chamber, it is suggested in some quarters that King Constantine should be reminded that his retention of the throne of Greece depends on the continuance of friendly neutrality toward the entente powers.

The Germans, on the other hand, are declared to be assuring the Greek Government that Greece will be protected against the entente allies should that country support the central powers and that as evidence of the ability of Austria and Germany to do this they are despatching more submarines to the Mediterranean which could be used against any fleet threatening Greek ports.

CHURCHILL GUIDED IN MOVES BY SOUNDEST EXPERT ADVICE

Review of Dardanelles and Antwerp Operations and Coroneal Naval Disaster Regarded as Vindication—Weight of Britain's Reserves Will Win War.

LONDON, Nov. 15.—Winston Spencer Churchill, who has been the most severely criticized member of the government and who has been held personally responsible for the loss of Rear Admiral Sir Christopher Cradock's fleet in the Pacific, the destruction by submarines of the British cruisers Creasy, Hogue and Aboukir, the Antwerp expedition and the initiation of the naval attack on the Dardanelles, delivered a speech in his own defence in the house of commons today, following the resignation of his post in the cabinet.

"I won't have it said," was his dramatic assertion, referring to the Dardanelles attack, "that this was a civilian plan foisted by a political amateur upon reluctant officers and experts."

And this sums up his reply to all his critics. In every case he showed that experts had counselled and approved before any of the expeditions which had been condemned were undertaken, and it was clear before he had gone far that the house of commons sympathized with him.

For months Mr. Churchill has lived under reproaches. His entrance to the house today was passed almost unnoticed. As he rose, his supporters gave him encouraging cheers. Approval increased in volume as he answered one charge after another and he concluded amidst a hurricane of applause while members of all political parties crossed the house to congratulate him.

SERBIANS CHECKING INVADERS

Enemy's Advance in Mountainous Country Has perceptibly Slowed.

ALLIES STILL GAINING

French Report Repulse of Repeated Attacks by the Bulgarians.

LONDON, Nov. 15.—The fight for Serbia proceeds without abatement. The Austro-Germans and Bulgarians claim repeated successes, but it is apparent that their progress is slow, the Serbians now having reached their mountain fortresses in central Serbia, and the roads, or want of roads, making it difficult for the invaders to bring up their artillery, which they always back up their infantry.

In the south there is little or no change. In the district northwest of Uskup the Serbians still hold the Kat-chanki defile, barring the Bulgarians from the great plain of Kosovo, while to the southwest of Uskup a desperate struggle has taken place for the possession of Tetovo, which has changed hands several times. The Bulgarians recaptured Tetovo yesterday, but a report received at the Serbian legation tonight says the Serbians again have occupied the town.

French Repulse Attacks. The Bulgarians are reported in great force southwest of Vites, where they hope to check the French advance on that town, and in the direction of the Babuna Pass, farther west.

A French official statement tonight says: "There was intermittent cannonading in the region of Babrovo in the direction of Krivovak on Nov. 13. A violent action took place on the left bank of the Cerna, where the Bulgarians continue, without success, their attacks.

"Our troops have established a junction which is becoming closer with the Serbian detachments who are operating in the region of Fricip."

Retreat at Vistegrad. The official communication of the Montenegrin Government received at Paris today says: "The enemy on the 13th attacked on the entire front our army of the Sanjak. He was repulsed everywhere except in the region of Vistegrad, where we had to retreat to better positions. The Austrians sustained heavy losses."

"There have been artillery combats on the other fronts."

BULGARS FIGHT HARD TO GET TO MONASTIR

Launch Furious Attacks on French and Press Serbs in Babuna Pass.

LONDON, Nov. 15.—A Saloniki despatch to The Daily Telegraph says: "The Bulgarians with large forces are making a determined effort to open the way to Monastir, while they are launching furious attacks on the French holding the left bank of the Cerna. They are attempting a turning movement against Babuna Pass to Tetovo and Gostivar. This would bring them out at Fricip, south of the passes."

"As the Serbian force is weak, and has been fighting incessantly for 10 days, the fear is entertained that the invaders may succeed in breaking down the stubborn defence which Gen. Vassuti has up to the present opposed to their advance, and that Monastir is again endangered."
