Mecca Ointment

IF THIS IS YOUR BIRTHDAY

Keep your money safe and avoid friends who always want to borrow. If you do lend money, consider it given, thus avoiding disappointment. Those born to-day will be quick and intelligent, but unless they learn to govern their tempers they will fall short of the place which they should occupy.

The Daily Hint From Paris

Decorated With Cross Stitch.

A rather heavy material with a coarse basket weave lent itself admirably to this form of embroidery. The color is navy blue and the design, which was done in coarse black silk, extends straight around the coat and sleeves. A collar of fine linen, trim with drawn work and an edge of flit lace, harmonizes well with the suit.

The skirt is quite plain with a convenient amount of fulness at the foot. The top is cut high and the closing comes at the side.

The Sunday World's Embroidery Contest

Owing to the many requests reaching this office, it has been decided to defer the awarding of prizes until July 25, in order to enable those subscribers who have not had an opportunity of entering the competition to prepare their work, but it must be distinctly understood that the designs arriving after Monday, July 25, will be disqualified.

David Murray, B.A., who did the judging, was pleased with the work that he asked for the winner to be presented to him. Miss Galbraith has now come to Muskoka for the summer holidays.

The engagement is announced of Miss Ada M. Gladwin, daughter of Mrs. Catherine Gladwin, and granddaughter of the late Col. Gladwin, Musquodoboit, N.S., to Dr. William Hutchinson, son of Dr. and Mrs. J. J. Hutchinson of Westmont, Quebec. Miss Gladwin will spend the summer in marriage with her sister, Mrs. Gillatt. The marriage will take place in the autumn.

How to Keep Face Young and Attractive

(National Hygienic Review.) The way to ward off old age is not to fear it, not to allow it to oppress by the dread of advancing years. Use only legitimate means with preparations not indorsed by physicians. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply ordinary mercuric iodine to the face, using it like cold cream, washing it off in the morning. This gradually and completely replaces the more youthful pink-tinted under skin. One ounce of this wax, to be had at any drug store, is enough to completely rejuvenate a worn-out complexion. Wrinkles and flabbiness of cheek and chin, the first signs of advancing age, may be lessened by a simple, harmless preparation made by dissolving an ounce of powdered exfolite in a half pint of witch hazel. It is used as a face bath.

RALLYING SONG.

Alr: "The Bonnets of Bonnie Dundee."

To the lords of convention 'twas Tedy, that spoke.

"Ere the Tories are smashed there are crowns to be broke."

Then up with our colors and follow And it's hey for the bonnets of Bonny T. R.

Come fill up the cup, come fill up the can, Come saddle the horses and summon

Come, open the west, and we'll ride fast and far, And it's room for the bonnets of Bonny T. R.

With our swords and our spears we'll march to the front, Their cause is defeated, their leaders are

They've nothing to make and they've nothing to lose, With their curse at the bonnets of Bonny T. R.

There are hills beyond Hudson and lands beyond York, And fighters whose spirits are light as a cork,

They follow their hero, or devil or "char" At a toss of the bonnet of Bonny T. R.

Come fill up the cup and fill up the can, Come saddle the horses and call up

Come, up with our colors and follow our star, And a hoist for the bonnets of Bonny T. R.

An Inexpensive Casserole.

A common stone casserole, with a lid, such as is used for keeping pickles, butters, etc., makes as good a casserole as the expensive ones we buy. I use the galvanized size costing twenty-five cents.

Cooked in it, the toughest meat, with a few vegetables, seasoning and plenty of water, makes a nourishing meal; an old hen becomes as tender as a young chicken.

Steaming brown bread by setting the mold in it, surrounding with water, then on with the lid into the oven, and no watching until it is done. Bread can be baked to perfection, and fruit made into fine preserves in it.

"Dry" Presidential Candidates.

ATLANTIC CITY, N.J., July 12.—(Can. Press.)—Eugene W. Chaffin of Arizona, was nominated for president and Aaron S. Watkins of Ohio for vice-president of the United States by the Prohibition national convention to-day.

The party ticket, Chaffin and Watkins, is the same as in the campaign of 1908.

"At the White Horse Tavern." Miss Haswell made a lucky strike when she chose to present "At the White Horse Tavern," at the Alexandra Theatre next week. The advance sale has been larger than it has been for any previous week during her engagement this season. "At the White Horse Tavern" is a comedy translated from the German. As originally presented it was known as "Im Welschen Rossl" and is the work of Blumenthal and Kadelburg. The story is in the Austrian Alps, where "The White Horse Tavern" is situated. There is little, if any, plot to the play, and it depends mostly on the number of quaint and ludicrous characters introduced by the authors, and the many complications and ludicrous situations. The keeper of the tavern is Joseph, a good-looking widow, who has for her head waiter Leopold Brand, who has fallen in love with her. The widow, unfortunately does not return his affection, but has a great admiration for Frederick Seidler, a lawyer from Berlin, who spends his vacation at this popular tourist tavern. On account of her kindly feeling toward the lawyer, he is given the best of everything in the house, and in fact is termed as "the star guest." The lawyer, however, cares nothing for the widow. Among the guests to arrive are Wm. Glaser, a wealthy lamp manufacturer of Berlin, his spinster sister, and his daughter Ottilie. The lawyer and the manufacturer are not the best of friends, owing to the fact that the former is prosecuting the law suit against the lamp maker. When the manufacturer learns that the lawyer has the best of everything in the house, he is displeased and determines to go to the opposition house, but on going there, he finds that he can get no accommodation. Meanwhile, his effects have all been placed on the street, and a sudden rain storm comes upon him, having no shelter, he and his family sit on their trunks, protected only by their umbrellas. The lawyer is in love with Ottilie, which only complicates matters more. When the manufacturer hears this, he becomes enraged and resolves to frustrate the match. In order to carry out his intentions, he raises such a fuss that he makes trouble for himself, and every one else, but in the end, everything is arranged and all are made happy. The rain scene, in which real water is used, is said to be a most amusing bit of stage work, in fact, the whole three acts are extraordinarily funny and the audience is kept in roars of laughter.

Cuticura Soap

and a gentle application of Cuticura Ointment bring immediate relief, the little sufferers sleep, tired, fretted mothers rest, and peace falls on distracted households.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal order to Cuticura, Dept. 2M, Boston, will secure the liberal trial, with 32-p. book on the skin and scalp, and treatment of their affections.

Home Helps

To make tough meat tender, add a tablespoonful of vinegar to the water in which it is boiling. The added flavor is agreeable, too.

To have success in making a rarebit, use soft, rich cheese. Never attempt to make it with hard cheese. Instant serving on hot plates is also an essential to a really fine rarebit.

To make a good cleaner, take stove ashes and sift powder five cents' worth of turpentine and add an equal amount of water. Sift together and keep in a covered jar. Use with a dampened cloth for all cleaning purposes.

To make good use of scraps of soap, use them in a small cloth bag and use them when washing dishes in place of a soap.

To remove wax from candlesticks or patent holders, put them in the oven on a folded newspaper; the heat will absorb the wax and most of it will be absorbed by the paper. Wipe them vigorously with a soft cloth or tissue paper as soon as they come from the oven. The treatment removes every vestige of wax.

The floor polishes purchased are sometimes of satisfactory, but a very fine wax may be made at home with but little trouble. To every pound of beeswax, allow three pints of turpentine to be used in the original and put these into a pan. Set the pan in a saucepan of boiling water and let the beeswax melt thoroughly. Take it off the fire, and the turpentine to the beeswax and mix them well together. This preparation should be mixed at a distance from the fire.

Band Makes a Sensation.

One of the best attractions ever offered at a Canadian amusement park is the Navarraz Ladies' Band at Scarborough Beach, which will give two concerts to-day, afternoon and evening.

The ensemble playing of the band is remarkably good, alto in some of the longer and more exhausting numbers, but the Semiramide overture. It does not get the dynamic force of a male band. But in less strenuous pieces where delicate expression is required to bring out the beauties of a composition, the work of the band is beyond praise. A very pleasant feature, too, is the singing of four young lady members of the orchestra, who render a number of popular songs with great sweetness and charm. The cornetist's playing of such old favorites as "My Rosary" and "Kilbuck" never fails to draw forth great applause, and here double and triple tonguing in the more difficult numbers has brought praise from expert cornetists. Those who fall to hear the band to-day are not likely to have another opportunity for a long time, as its advance engagements make it very difficult to arrange for return dates, no matter how great the demand.

Mr. Caskey, Secretary of the Laymen's Missionary Movement Society, has commenced the building of his fine new residence on Cortright Crescent, in Alexandra Gardens.

The honorary governors who will visit the Toronto General Hospital to-day commencing July 21 are Messrs. M. J. Haney and John Macdonald.

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe, but during the hot weather, stomach troubles, cholera, infantum and diarrhoea carry off thousands of little ones every summer. It is not a safe medicine that does so much for the little ones, especially when they are sick, or if given occasionally to the well baby, will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in the summer because they regulate the bowels and keep the stomach sweet and pure. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Concerts at Hanlan's.

Concerts will be given by the band of the Rex Grenadiers, both afternoon and evening, at Hanlan's Point to-day. There are many new and attractive features to help visitors enjoy themselves. There are the diving horses, Hamilton's congress of curious people, the diving girls, the dips, and the racer dips, Venezia, the four thru Venezia, the merry-go-round, the ferris wheel, the crazy house, the rainbow dips. During the extremely hot weather, visitors will find that it is very comfortable and convenient to dine in the pavilion, and then take a rest in one of the shady corners under the spreading trees, where the cool breeze from the lake can be enjoyed.

On Sunday afternoon and evening, the concert will be given by the band of the Mississauga Horse.

At the Grand.

sent before the summer season closed at the Grand. The company was decided to put "St. Elmo" on the coming week. The play is not new to this company, they having played it for two weeks at the Marlborough Theatre, Chicago. For the production here a new scenic equipment has been provided, and all the properties and stage effects that were used in the original production will be utilized in the version to be given here. Mr. Phillips will be seen in the character of St. Elmo Murray, while Miss Shaw will present the role of Edna Earle, the orphan girl who has made a reputation in the world of letters. During the week the regular Wednesday and Saturday matinees will be given.

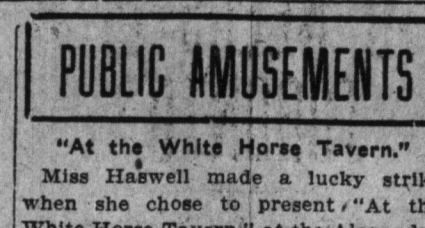

"Julius Caesar."

William Faversham has engaged a special agent to contract with the various railroad lines for the movements of his "Julius Caesar" Company next season. This he has created an entirely new office in the theatrical world, for Mr. Faversham believes that the railroad end of the theatrical enterprise, not only offers a great degree of comfort for the actor, but in the case of a company like that of "Julius Caesar," an immense monetary saving as well. In fact Mr. Faversham believes it to be of such importance that he has engaged an expert in railroad affairs who will begin his labors at once, and it will be his special duty to see that the two hundred odd members of Mr. Faversham's company next season, who will be seen at the Alexandra Theatre, are given the best and economic treatment by the railroads. For his all-star revival of the Caesarian drama next fall, William Faversham has assembled a list which is just as certain to be transcribed upon the pages of remarkable histrionic achievement, the principal players who have been chosen, including Mr. Faversham are: Tyrone Power, Frank Keenan, Fuller Melish, Julie Opp and Suzanne Sheldon.
