# EATON'S DAILY STORE NEWS OF THE PROPERTY OF TH

# MOTHER !--- TODAY IS THE DAY--- THE HOUR, 8.30

If You Want to Share in the Greatest Demonstration of Boys' Clothing Value Seen for Some Time

Suits of Serge, Tweeds and Worsteds, Many of "EATON-Make," \$5.75 Coats for Winter Wear, of Mackinaw Tweed, Nap Cloths and Chinchillas, \$5.95

(For these items we cannot take phone or mail orders, the quantity being limited)

SUITS AND COATS of the heavy substantial sort, developed in belted models, with slash pockets. Styles that will make a hit with the boy at first sight, and will also appeal to mother as being neat and sensible.

The cloths will satisfy her for quality, pattern and weight—a weight that one can have every confidence in to be heavy enough to afford protection and comfort in the severest of weather.

The suits, \$5.75—the coats, \$5.95—prices that would be hard to beat in normal times, let alone in these days of high clothing costs. It's the right sort of an offer, coming as it does with Thanksgiving so close at hand—the time when autumn weather turns one's thoughts to warmer things-newer things.

Yes, the desirable sort of clothes that the boy can wear and feel assured that he's well dressed—dressed in the style of the day.

Now these offers were brought about (take the suits, for instance) through the fact that perhaps half of them have been classed as seconds, but who, not versed in the clothing art, could detect water-marks and minute flaws? Who would hesitate to buy a suit of the quality of these because it lacked a breast pocket? But flaws are flaws with inspectors, and through their decision customers get the benefit. Many, though, are samples, many without a flaw. In a choice of greys, in medium or dark shades; also fancy patterns of fawn and brown, and a few plain navy blue serges. There are many styles to choose from, in plain or pleated effects, with loose or sewn belt at waist, many fastening in front with buckle; have slash, patch or flap pockets, full-fitting bloomer pants, lined and finished with belt loops, strap and buckle at knee. Only a few suits of any one pattern, and in many instances only one of a pattern. Sizes 28 to 34. Special, today, \$5.75.

The coats are mackinaw, tweed, nap cloth and chinchilla cloths that accumulated in our workrooms as short ends, and were made into the snuggest, most appealing coats (price considered), that one could well imagine, in double-breasted style, fitting up close to chin, with close-fitting collar, loose belt at waist, fastening with buckle, warmly lined. Also included in the lot are mackinaw outfits, consisting of leggings, cap and coat. Sizes 3 to 9 years. Extra special, today, \$5.95.

Peace Talk Paralyzing to Soldiers.

Washington, Oct. 9.—Talk of peace at this time is apt to paralyze the energies of solders and impair the usefulness and productivity of munition workers. Sir Eric Geddes, first lord of the British admiralty, said today in discussing the German attempt to obtain an armistice "We cannot win this war by talking peace," Sir Eric said. "To get us all talking of peace and the time when all arms will be grounded, is just what Germany wants. Just imagine this kind of propaganda permeating a munitions factory. The men working there, who have always been keyed up to the highest pitch of enthusiasm, suddenly weaken. They are told that peace is coming. They look at a great gun and say, "This will not be finished for three months, and the war will be over in a few weeks, so what's the use of going ahead at such a pace." "I am not interested in how much longer Germany can hold out. What interests me is how great a whipping we can give her. The allied armies and allied navies will bring peace. Let the kaiser talk while Foch shoots."
