39TH YEAR—ISSUE NO. 14,269

TWO CENTS

Mexican Situation Eased By Release of Imprisoned American Premier Hurry at Cobalt Replies To North Ontario Secessionists

ILLINOIS MANUFACTURERS EMPLOY THE BOYCOTT AGAINST STRIKING MINERS

Fuel Administrator Reports Increase in Coal Production—Further Orders for Train Curtailment—New York Now in Restricted Area—Soldiers Ordered to Coal Fields.

Chicago, Dec. 5.—Virtually the entire country was struggling tonight to make the best of more abnormal conditions than prevailed during the war as a result of the drastic measures being prescribed daily to partially counter-act the prolonged strike of miners in the bituminous coal fields. Tonight the situation could be summarized as follows: Federal Fuel Administrator Garfield indicated that coal production was increasing over last week. Orders for further curtailment in train service were ordered with suspension for the first time in its history of the famous 20th Century Limited between New York and Chicago. Approximately 15 other trains in the eastern region also will be affected, beginning next Wednesday. Members of the Illinois Manufacturers Association have begun a boycott of clothing, food, fuel and other necessities against the striking miners of the state.

With the towns and cities in Southern Illinois affected today by the restrictions issued by the public utilities commission, operators say miners announced they could see no immediate end to the strike. New York city was included in the restricted area today when local west turned off in subway, elevated and surface cars during rush hours, and in cabins on some of the ferry boats. Electric signs also were darkened but for one hour during the evening. Reports from the Pittsburgh, Pa., district indicated that many miners there

(Continued on Page 17, Column 7).

EXCHANGE SITUATION RETARDING TRADE

Canada to Britain Lumber Business is Seriously Affected.

Special to The Toronto World. Ottawa, Dec. 5.—The exchange situation between Canada and Britain is seriously affecting the Canadian lumber trade. A credit of \$50,000,000 for purchases of Canadian lumber was arranged, but the question has arisen regarding payment whether in British or Canadian currency. In all \$25,000,000 has been expended. Part of this was in the form of contracts with fixed exchange, but on the remainder, with the drop in exchange, Canadian shippers are faced with this week with \$500,000 loss. The subject is engaging the attention of the government and it is possible further credits will be refused until there is a guarantee to Canadian shippers against loss from exchange contracts yet uncompleted and those to be arranged.

REDATE REVISED SALARIES.

Ottawa, Dec. 5.—An order-in-council relating to the salary provision of the civil service reclassification to April 1 last has been passed. This action was taken on a report by Hon. C. J. Doherty, minister of justice, giving reasons for pursuing this course.

NATIONAL RAILWAYS' BIG JOB IN OVERCOMING DEFICITS

Legacy of Private Exploitation Demands Increased Earnings of \$3000 Per Mile, and Higher Efficiency and Greater Economy in Operation—New Toronto-Ottawa Service Necessary Over Grand Trunk to Napance.

Sir Alfred Smithers, president of the Grand Trunk, will reach London within two or three days, with the agreement between the Dominion government and his company, which when the Grand Trunk shareholders have ratified it, probably some time next week, will nationalize the senior Canadian railway system. As soon as the government will appoint the management committee of five and the co-ordination of the C.N.R. and G.T.R. lines and of a thousand dollars a mile to rest a deficit of over twenty million dollars a year on twenty thousand miles of railway, into a surplus. That is some job. It means an addition of a thousand dollars a mile to net earnings over the whole system. Under the most favorable before-the-war conditions the net earnings of the best systems scarcely averaged more than one-third of the gross earnings. Three Thousand Dollars a Mile. If that ratio is to be restored, the

Canadian Nationals must earn sixty millions more per annum to wipe out the deficit, or three thousand dollars per mile. There are about 230 people in Canada to each mile of railway. If the increased revenue had to come from the Canadian people alone they must average in yearly passenger and freight business \$13.64 per head more than they now do, or an increase of, say, 30 per cent. These figures, of course, are approximate. According to some Jeremiahs of Canadian railway nationalization the true figures are very much worse. Mr. Tye, who is heralded by "The Montreal Star" as a leading authority on Canadian railways, told the McGill Canadian Club that "the annual loss under Canada's present elaborate plan of political railways" from forty to sixty million dollars. In public ownership then, Mr. Tye is a reincarnation of Joe, the Fat Boy in "Pickwick," whose function in life it was to "make your flesh creep." The flesh-creeping process as proposed

SELF-GOVERNMENT ACCORDED TO INDIA

London, Dec. 5.—The house of commons tonight passed the third reading of the India bill, giving India a measure of self-government. William Adamson, Laborite, and Sir Donald MacLean, Liberal, who complimenting the government on what they declared was a long step forward, expressed regret that self-government in a larger measure had not been given India. Edwin S. Montague, Liberal, the sponsor of the bill, said the proudest moment of his life had arrived. The passage of the bill, he declared, ended the old era and started a new one.

HARROWING STORY BY SOLE SURVIVOR

German Seaman Tells of Shooting of Sailors During Spartan Rising in Berlin.

Berlin, Dec. 5.—The evidence adduced today at the trial of First Lieutenant Marloch, who is accused of having executed 23 sailors during the Spartan uprising in March, showed that efforts had been made to put Marloch in a lunatic asylum in order to procure secrecy concerning the execution. Seaman Lewelin, the sole survivor of the execution, gave gruesome details of the shooting. He said there were some fearful screams and that he himself fell wounded. He heard soldiers coming into the court yard to shoot some of the sailors still living. When an officer with a revolver approached him Lewelin begged for mercy and the officer had him taken to the Moabit prison. Arriving there Lewelin said Major-General Reinhardt, former Prussian minister of war, declared this man must be shot, but that another officer interceded and saved him.

Narcisse Lefils Ready to Sell Anticosti Island for Huge Sum

Montreal, Dec. 5.—Claiming that he is entitled to hold the property and own the islands of Anticosti and Orleans, also the village L'Islet, on the south shore of the St. Lawrence, a short distance below Quebec, Narcisse Lefils, formerly of Yamaska, a farmer, held full title to the claimed land from his father-in-law, who was a farmer on Anticosti Island. Lefils expresses a willingness to abandon his claims in consideration of the payment of \$500,000,000.

GRAY NOT REINSTATING.

Winnipeg, Dec. 5.—Chances of ex-civil servant Gray being reinstated after strike last May being reinstated are very slender, it was stated at city hall today. Mayor Charles F. Gray has reaffirmed his statement that he would oppose reinstatement, saying that he may have to give the casting vote.

APPOINT G.T.R. BOARD SOON.

Ottawa, Dec. 5.—The temporary board of management of the Grand Trunk Railway system, it is intimated, is unlikely to be appointed until early in the new year. The agreement with the company, which is on its way to London, will have to be ratified by the shareholders before any appointments can be made.

DREAD MALADY IN CALGARY.

Calgary, Alta., Dec. 5.—With four new cases of the so-called "sleeping sickness" and another death on Thursday, the outbreak of the dread malady has reached epidemic proportions in Calgary. Up to date, out of the ten cases of the disease there have been four deaths.

SAY R. B. RUSSELL LED THE WINNIPEG RADICAL MOVEMENT

Testimony by Witnesses at the Trial of Strike Leaders in West.

Canadian Press Despatch. Winnipeg, Man., Dec. 5.—That there were two factions in the Trades and Labor Council previous to the strike—the radical and conservative—and that the radical element, led by R. B. Russell and R. J. Johns, two of the accused, gained control in the fall of 1918 and continued in control until the general strike in May was the evidence given by John Lovast, a former police constable, at the trial of R. B. Russell today. Lovast was a representative of the Policemen's Union on the Trades and Labor Council.

In evidence he also stated that Sam Dunsmuir, since departed, was forced upon the council as a delegate from the building trades from the radical faction in spite of opposition from conservative members. William Percy, another witness, who was chairman of the finance committee of the general strike, swore that there were no Bolshevik funds used in financing the strike. In answer to a direct question by Mr. Cassidy as to whether he would attribute the strike or any of its unfortunate results to Mr. Russell, this witness said he would not.

Used by Red Elements.

He said that the strike committee was responsible for the use of the accused Russell and the other men of his calibre for misleading labor unions as a whole. This witness said that looking back he could see that the labor unions were used by the red elements for their (red) own purposes.

The evidence of the mine-owners from the Drumheller district was taken. Their statements were to the effect that the Drumheller strike was in sympathy with the Winnipeg strike.

The trial was featured by exchanges between counsel and the repeated

(Continued on Page 16, Column 2).

MUST BUY MORE IN GREAT BRITAIN

Advice of Lloyd Harris to Right Canadian Exchange Situation.

Special to The Toronto World. Ottawa, Dec. 5.—The only immediate practical remedy to right the British-Canadian exchange situation, according to Lloyd Harris, is for Canada to buy more goods in Great Britain. While an advocate of closer imperial trade relations, he could not see where an increase in the British preference would produce an immediate result in bettering the exchange situation. An imperial currency with fixed exchange rights within the empire would have a beneficial effect on Canada's export trade.

"I am thru overseas," declared Mr. Harris, "and am glad to get back home."

"Are you going into the government?" he was asked. "I have not been invited, nor am I seeking an invitation," he replied. Mr. Harris is in Ottawa discussing European trade conditions. He is an ardent advocate of closer imperial trade relations, and if he enters public life it will be in advocacy of this policy.

Ottawa Commutes Sentence Of Mrs. Lovice Thompson

Kingston, Dec. 5.—The sentence of Mrs. Lovice Thompson, who was to have hanged December seveneenth for the death of her infant last March, has been commuted to life imprisonment. Sheriff Dawson received word to this effect from the department of justice this afternoon, and early this evening he told the glad news to the condemned woman. She received the news quietly and without betraying any emotion. She neither laughed nor cried with joy, but accepted the life-giving words as a matter of course. She was sentenced on Sept. 27, to hang on Dec. 17, for murder of her child, to which she had given birth in the General hospital here last February.

EXPECTS ALLIANCE WILL BREAK DOWN

Liverpool, Dec. 5.—Lord Robert Cecil in speech tonight said he did not think the suggested alliance between the United States, France and Great Britain, guaranteeing assistance for France in case of future aggression by Germany, would materialize. Such alliances, Lord Robert declared, always broke down just when they were wanted.

RADIAL VOTE TODAY IN BORDER CITIES

Expect Municipalities to Endorse Sale of Hydro Commission.

Special to The Toronto World. Windsor, Ont., Dec. 5.—Final meetings in the campaign for the radial purchase plan were held in several of the border municipalities tonight, and representatives of the Ontario Hydro Electric Commission tonight expressed confidence that at the polls tomorrow the electors of the municipalities concerned will ratify the arrangement by which the Sandwich and Grand Amherstburg Street Railway Company's lines will be taken over and operated by the provincial hydro-electric commission. The plan is to add for the system is \$2,100,000, in four per cent bonds, guaranteed by the Ontario commission.

In this city thirty polling booths will be opened from 3 a.m. until 5 p.m. Outlying districts, however, will keep ballot boxes in commission until seven o'clock. At meeting held in town hall in Sandwich west township tonight, Reeve C. C. Chauvin spoke strongly in favor of the plan. He said that the Ontario Radial Railway Association, told the electors that at any time a municipality had the right to opt out of the plan if it considered its apportionment too excessive.

WIDOW AND MOTHER BOTH GET THE CROSS

Two Crosses to Be Issued in Memorial of Man Survived by Both.

Ottawa, Dec. 5.—The department of military and defence announced, with reference to draft regulations respecting the issue of the memorial cross to mothers and wives of deceased soldiers, which were lately published in the press, that the regulations in their final form provide for the issue of two crosses in the case of each soldier or soldier who was survived by both a widow and a mother. In such instances, one cross will be issued to the widow and one to the mother.

GAS EXPLOSION SCARES BROADWAY

Theatregoers in Panic When Flames Leaped From Score of Manholes.

New York, Dec. 5.—Hundreds of theatre goers were thrown into a panic tonight by an explosion of sewer gas in the "white light" district, which blew the tops off a score of manholes, sending blue flames leaping above the pavement. The explosion occurred as the theatres were opening for evening performances, and police reserves were summoned to control the frightened crowds. Hundreds of persons in adjoining buildings rushed into the streets, and windows were shattered for blocks, and electric lights thruout the region were extinguished. The ringing of private burglar alarms added to the confusion. At Broadway and Twenty-seventh street, a wide crack appeared in the sidewalk. Several persons were severely injured by flying glass and had to be treated at a hospital. A building occupied by the war camp community service in West Twenty-seventh street was badly shaken by the blast and practically all of the windows were broken. An exhibition window containing bats was blown into the street. The cornice of three floors of a building nearby was ripped off and hurled to the pavement. The heavy plate glass windows in the New York Telephone Company building in Broadway were completely shattered. The explosions continued for nearly an hour in the district and new blasts were occasionally sent several more manhole covers into the air.

ANSWER BY PREMIER TO THE SECESSIONISTS AT MEETING IN COBALT

Premier Disputes Claim of North Country's Revenue Exceeding Expenditure—To Give Administrative Aid—Denies Request of Liberty League.

Canadian Press Despatch. Cobalt, Dec. 5.—In his first speech to the people of this district, Premier Drury told his audience that he was not in the north to talk or to make speeches, but to listen. He was not making promises, he said, because if he made them he would carry them out, which made him cautious, but he would state that anything brought to his attention would receive careful consideration, and he asked that all suggestions made be embodied in letters.

These remarks were made at a meeting in the Halesbury High School this afternoon, at which the premier and his colleagues, Hon. Henry Mills and Hon. Benial Bowman, spoke briefly, and the citizens assembled took Mr. Drury at his word. At that time, and again later in the day, his attention was drawn to what the speakers considered the needs of the district, these ranging from a new jail to the reduction of freight rates on maple timber for fuel purposes. No Hope for Liberty League. Speaking at a banquet in the town hall here this evening, the premier said that many of the suggestions he had heard already could be carried out, but there were some with which he could not agree. He would not, he honest, he said, if he held out any hope of success to the agitation carried on by the Citizens' Liberty League. The government had been elected on a prohibition platform, and there was no hope of a response to the league's demands while this government was in power. Touching on one argument of the secessionists, Premier Drury said it was no argument to say that less money was spent in northern Ontario than was obtained from here. The T. & N. O. had not yet shown anything like a credit balance, he said. He had no doubt that a great deal to assist mining, prospecting, farming, and education could be done, and whatever they did they would try to do courageously, and with an eye single to the good of the people of the province. He said the creation of separate departments of lands and forests and of mines would result in efficient administration, and as regards the T. & N. O. Commission, the premier said the position would be filled by the best men who could be found, no matter where they came from or what their political antecedents were. Mine Managers' Suggestions. Balmer E. Neilly, representing the Mine Managers' Association, presented a lengthy list of suggestions to the ministers, in which he asked for some improvements in the mining act, which he said was good, but complicated. He

ABOLISHES MARTIAL LAW

Berlin, Dec. 5.—The Prussian government has abolished martial law in Greater Berlin.

CANADIAN NURSE GIVEN 48 HOURS TO LEAVE U. S.

Superintendent of Vermont Hospital Given the Alternative of Apology.

Special to The Toronto World. Montpelier, Vt., Dec. 5.—Federal agents from the department of justice from Portland, Maine, and this city put a sudden end to the aldermanic investigation over the alleged insults to the American flag at the Rutland Hospital, when they served notice upon Attorney W. C. Stickley, vice-president of the board of directors of that institution, and the investigating committee at Rutland, that they assume the responsibility of further investigation and action.

Agents from the department of justice appeared at the hospital following the complaint made by the city officials and citizens. During their investigation the agents placed a silk American flag on the dining-room table. As Miss Aitken entered the room it is alleged she made the remark, "the table cloth would look better unsoiled," removing the flag as she spoke. She was then advised that she herself would have ample time to apologize.

Following the testimony given by Miss Josephine Niles, an American nurse, this afternoon, Miss Aitken, who is sister to Baron Beaverbrook, tendered her resignation, as superintendent of the institution. She was immediately advised by the federal authorities that she had her choice of either making a public apology or leaving the country within forty-eight hours, and in case she neglected to do either she would be immediately arrested at the end of that time.

Advices received this morning that Miss McLane was preparing to leave Woodstock, N.B., for Rutland to see the superintendent, Miss Aitken. In reference to this it was asserted that Miss Aitken that she notified her husband that she was returning to the border, would cause her arrest and trial.

PLENTY OF SEATS FOR MINISTERS

South Renfrew for Doherty, North Victoria for Attorney-General.

The time for election protests having expired, the following is the layout of the three parties as to by-elections. John Carty will offer his seat in South Renfrew to Hon. Manning Doherty, Rev. Watson is ready to resign in favor of Hon. W. E. Raney in North Victoria. Several seats await Premier Drury. Gordon Waldron says the Tory prospects of two Simcoes and Dufferin are for re-election to the Greenbelt protest of G. Howard Ferguson's seat. Premier Drury will consider resignations only in a caucus of his party, which will be called after his return from the north. There is no protest in Port Arthur. There will possibly be a resignation in favor of Sir Adam Beck by Brig-Gen. Don McDonald Hogarth.

MEXICO GATHERING WAR TYPE PLANES

Washington, Dec. 5.—Mexico has 24 war type airplanes mobilized at Chihuahua City alone, and is obtaining additional planes from Germany, according to a report given to the house military committee today by Brig-Gen. Mitchell, chief of operations of the army air service. The department also has information, Gen. Mitchell said, that former pilots in the German army are arriving in Mexico for service in the army air forces there.

TENSION BETWEEN GOVERNMENTS Somewhat Relieved—Wilson, Tho Weak and Nervous, Promises Senators to Advise Congress in a Few Days—Deprecates Too Hasty Action.

Washington, Dec. 5.—Two senators, delegated by the foreign relations committee to confer with President Wilson on the Mexican crisis, and report whether in their opinion the president by reason of his illness was unable to exercise his functions, left the White House after a conference of three-quarters of an hour with him today, agreeing that he was in touch with recent developments and was mentally keen enough to form judgments on the questions confronting the nation. In the midst of the conference, while Senator Fall, Republican, of New Mexico, was outlining the evidence on which he is urging a break of diplomatic relations, the president and his callers were informed that William O. Jenkins, the American consular agent, had been released. The advice left some doubt as to the circumstances, but the development was accepted generally as relieving somewhat relations between the two governments. The discussion with the president produced no definite conclusion as to Mexican relations, but it was regarded everywhere as bearing on a subject of endless speculation in congressional circles. The president's long illness of the chief executive has rendered him physically incapable of the duties of the presidency. "Weak, But Mentally Alert." Propped up in bed, the president talked of many features of the Mexican tangle. He shook hands with the senators and took an arm around those who were on the table beside him. He was described as weak and nervous, but it was said he seemed about as expanded as a man could be promised within a few days to give Congress his advice on what it should do about Mexico. "He appears to be a sick man," said Senator Fall afterward, "but mentally alert and perfectly able to cope with any question with which he might have to deal." The other delegate to the committee, Senator Hitchcock, Democrat, of Nebraska, said the president seemed greatly improved since he saw him two weeks ago. "My opinion is that he has been

ARMENIAN FORCE DEFEATS TARTARS

Latter, Under Turkish Officers, Were Invading Neutral Zone. New York, Dec. 5.—A decisive defeat has been inflicted by Armenian troops upon a Tartar force commanded by Turkish officers, which invaded the neutral zone, established in the southern Caucasus, on the borderland between Europe and Asia, according to a cablegram received today by the American committee for the independence of Armenia. The message, which was sent from Erivan, the Armenian capital, said: "A Tartar force, commanded by Turkish officers, attacked the Armenians at Zangazur, which was broken into a neutral zone by Col. Haskell, the American high commissioner to the Armenian republic. They were decisively defeated after a day's battle, leaving over 500 dead and wounded on the field of battle and several hundred prisoners, fourteen machine guns and considerable ammunition and provisions."

NORTHERNERS WILL MEET.

North Bay, Dec. 5.—On January 15 next a convention of the mayors and representatives of boards of trade of northern Ontario towns will be held here to discuss the future development of the north country. The meeting has been called by the mayors of North Bay, Cobalt and Timiskaming, and its purpose is to draw the attention of the provincial government and people of Ontario to north Ontario needs. MEN'S OVERCOATS AND HATS TODAY AT DINEEN'S. Dineen's is having a special sale today of Men's Winter Overcoats and Men's Hats, some especially inviting values in Men's Winter Ulsters, with or without belt, for \$35.00, others in gray blanket cloths at \$22.50, and coats of the very highest standard at \$45.00 and \$55.00. You will save money by coming into Dineen's today. Also special lines of Men's Hats at \$3.95, \$3.95 and \$5.00. The very finest hats made by Heath and Christy of London, England, are \$3.00 and \$10.00. Stockton American Hats, \$3.00. Dineen's store is 140 Yonge street, corner Temperance.

PRESIDENT DISCUSSING THE MEXICAN SITUATION HEARS JENKINS IS FREED

Washington, Dec. 5.—Two senators, delegated by the foreign relations committee to confer with President Wilson on the Mexican crisis, and report whether in their opinion the president by reason of his illness was unable to exercise his functions, left the White House after a conference of three-quarters of an hour with him today, agreeing that he was in touch with recent developments and was mentally keen enough to form judgments on the questions confronting the nation.

CARRANZA CLOSES MEXICAN OIL WELLS

Houston, Texas, Dec. 5.—President Carranza's threat to close all producing oil wells in Mexico brought in since the decree nationalizing petroleum lands went into effect, was made good during the past week, according to advices received from Tampico by The Oil Weekly, published here. All wells brought in by companies refusing to apply for permits under the decree, and which were completed since the decree was made effective several months ago, it was said, were closed and guards placed around them.

Carranza last week shut down all drilling wells belonging to companies refusing to take out permits. It was asserted that the Mexican government's action cuts Mexico's production nearly four hundred thousand barrels a day.

HUNGARIAN TREATY READY FOR SIGNING

Paris, Dec. 5.—The peace treaty between the allied and associated powers and Hungary is ready for signing, the supreme council having adopted economic, financial and reparation clauses today. The supreme council also approved treaty provisions regulating the frontier between Poland and Czechoslovakia, which places western Galicia within the boundaries of Poland. Plenipotentiaries, including Albert Apponyi, the premier, recently were appointed by the Hungarian government to sign the treaty when completed by the council.

ABOLISHES MARTIAL LAW

Berlin, Dec. 5.—The Prussian government has abolished martial law in Greater Berlin.

ARMENIAN FORCE DEFEATS TARTARS

Latter, Under Turkish Officers, Were Invading Neutral Zone. New York, Dec. 5.—A decisive defeat has been inflicted by Armenian troops upon a Tartar force commanded by Turkish officers, which invaded the neutral zone, established in the southern Caucasus, on the borderland between Europe and Asia, according to a cablegram received today by the American committee for the independence of Armenia.
