men were reconstructing an old shaft when a tank of oil exploded. The dead are: Ed-

Markham Sun: "Why don't you say something about the West Elgin corruption case?" said one of our good Conservative readers this week. We can't. We do hate to handle dirty subjects, and this is one of them. It smells to heaven. We cannot touch it. Whew! It's awful. It reminds us of the Chinaman out in Fresno. Callfornia. He summoned an undertaker to his bunk house to bury a child. The undertaker demurred on the reasonable ground that the child was not dead. "Oh, he go die velly quick; you likee, you take him how!" So it is with this West Elgin case. We are satisfied at the next bye-election it will bury Mr. Macnish, but we would prefer to have him taken away now.

With this society the year 1890 has thus far been a record-breaker, more especially in respect of increase in membership and accumulation of surplus funds.

This satisfactory state of the order is very largely due to the ever growing popularity of its plans, and to tne great care exercised on the part of its officers in the management of its affairs.

It seems just the society best adapted to meet the needs of the great majority of our Canadian people requiring safe and sound life insurance at the lowest possible cost. Great Bargains in Silks--Basement PRICES CUT IN HALF AND LESS THAN HALF.

sound life insurance at the lowest possible cost.

During the past six months nearly 4000 applications from artisans, professional and business men have come before the medical board, and there has been added to the reserve fund during that time over \$61,000, so that on the first of the present month, the surplus had reached the magnificent bum of over \$762,000, not a dollar of which ran be used for any other purpose than for the payment of death claims.

With the advantages which this purely Canadian institution offers, and the undoubted security which it gives, no citizen of this fair Dominion who is insurable should leave his family or those dependent on him financially unprovided for. His love of and duty to his, family or his dependents should neite him to right doing this line. Collins, attended a large demonstration of Foresters at Peoria, Illinois, last evening and delivered an address on the work and progress of Independent Forestry.

A number of the courts in the district of Strathavon, Ont., gathered on July 4 in Price's Grove at Strathavon to enjoy the annual picnic held under the auspices of Court Queen's Valley. It was a very successful affair. In addition to the usual games, there was a program of speeches and music. Rev. Mr. Maclaren was chairman, and the chief speakers of the day were Mr. E. J. Hearn, P. H. C., Toronto, and Rev. Messrs. Black and Norton, all of whom treated fully on the objects, benefits and grand benevolent work of the Independent Foresters.
