Steam Road Roller.

The city Engineer suggests that the Committee on Works request the City Council to provide \$3000 for the purchase of an additional steam road roller. The revenue, the Engineer states, which can be derived from renting the roller to the contractors will more fhan pay interest on its cost and also working expenses. If this roller is not procured, Mr. Rust adds, "it may be necessary to discontinue the construction of a number of macadam roadways."

Front-Street 24-Inch Main.

The city Engineer suggests that the Committee on Works requests that the Committee on Works requests the City Council to mittee an admiral said with great earnessness, "I have not changed with great tearnessness, "I have not changed the great tearnessness, "I have not changed with great tearnessness, "I have not changed the great tearnessness, "I have not changed the trust than to any

Telephone Poles on Linden.Street. The Engineer recommends that permission be granted the Bell Telephone Company to place poles on Linden-street, between Huntley and Sherbourne-street, to enable the company to provide a telephone service.

Bridge Repairs. A further appropriation of \$4000 is required for bridge repairs, of which \$1500 will have to be expended on a new crib at Cherry-street, to replace the one washed out at Cherry-street.

Danger of Obstruction.

The City Engineer recommends that the section and discharge pipes at the Main Pumping Station be carried to the south end of the city property, at the windmill line, where they will be entirely removed from any possible danger through obstruction. This effect on the pumps is very destructive. The City Engineer recommends that these pipes be extended at a cost of \$2000, by day labor, and that the City Treasurer be instructed to provide the necessary funds. Danger of Obstruction.

St. George-Street Concrete Sidewalk Queen's Wharf Channel Dredging. The Engineer reports if it is the duty of the city to clean out this channel the work will cost \$1000, and as the appropriation for dredging slips is exhausted it will be necessary to instruct the City Treasurer to provide the funds.

Dredging at Mouth of Sewer. The City Engineer recommends that Council be requested to instruct the City Treasurer to provide \$1500 for the removal of sewage from the mouth of Bathurst-street sewer in the Queen's Wharf channel.

Notes.

The Property Committee will meet this afternoon. The principal business will be the consideration of the Engineer's report. The opening ceremonies of the Civic Buildings on Monday next will doubtless receive attention. The City Commissioner yesterday granted a permit to John F. Logan for the erection of a three-storey residence on Callendar-street, to cost \$2500.
