A Drop in the Prices of Men's Hats at Dineen's

"What is the reason for the cut in prices?" a reporter asked Mr. Wm. Dineen of the W. & D. Dineen Co., Ltd. "Has raw material and labor come down and manufacturers reducing their prices, which account for the drop in prices. No," answered Mr. Dineen. "Raw material and labor show no signs of coming down, and manufacturers have all they can do to fill orders at old prices. The reason for the big reduction we are making in the price of men's hats is our account of many of the shipments being late in delivery. The policy of the house," said Mr. Dineen, "is not to carry goods over from one season to another, hence this drop in prices."

This list gives an idea of the reductions: \$4.50 stiff and soft hats for... \$4.95 12.00 Borsalino hats for... \$7.75 10.00 Henry Heaths for... \$7.75 8.00 Christy hats for... \$5.85 15.00 Hillgate hats for... \$11.75 10.00 Velour hats for... \$7.75 Dineen's store is 140 Yonge street, Come in and see the great values.

What about starting right away on the Mount Pleasant line? But the commission has not yet settled the question of width of gauge.
