### TORONTO'S EATING PLACES ARE THOROUGHLY INSPECTED

Health Department Officials Visit Them Regularly and Mark Their Findings Down on a Score Card - If To al Score is Too Low, The License is Cancelled

(By Jean Ferrar.

Are Toronto's restaurants inspected? sanitary condition at all times. The walls What regulations govern them, and is and ceilings of such apartments or rooms What regulations govern them, and is there any justification for occasional qualms that we may be infected by dirty dishes?

In answering these questions Toronto's Board of Health clears away every doubt. Apart from the tired business man's wild taste in lunches and the cook's temperament, Toronto is as safely guarded from disease or infection in his restaurants as man-made laws can make him.

Of course, if he will dine regularly as a man I know does, on a piece of pie and rectly with such rooms, but either with a man I know does, on a piece of pie and rectly with such rooms, but either with an ice cream soda, you can't blame the the open air or through a properly venti-

Some of the Rules.

If you want to know what your favorite restaurant should be, here are some of the regulations of particular interest to the layman:

"All rooms used for the cooking and preparing of foodstuffs shall have floors and walls so constructed as to exclude vermin, rats, mice, etc., and kept in a state of good repair. Floors must be civered with linoleum, as required by covered with linoleum, as required by the department.

Sleeplessness is caused by the nerv- NEW YORK PLANS TO ous system becoming deranged.

Perhaps too much worry has gotten on your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by frightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed can have their old, peaceful, undisturbed, refreshing sleep back again by using Milburn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont, writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright, I tried several doctors, but they did me practically no good. I noticed your advertisement, and immediately tried Milburn's Heart and Nerve Pills, and I am prond to say they cured me."

Another impressive point is that when one falls criminally short in these laws Dr. Hastings doesn't hold the threat of a fine over the culprit's head, but the cancellation of his license.

"Me no lead Englis," says John Chinaman, apologetically.

"Well, that's all right," replies the board of health, "here's a copy in Chinese."

They've also copies of the regulations in Yiddish, and any language you care to keep a restaurant in, as well as interpreters to accompany the inspectors.
