RUMORS OF TROUBLE IN THE AIR ABOUT JEFFRIES' CAMP NOW

Presence of Graney and Gleason Starts Stories--Little Tries to Have Police Chief Interfere--Maritime Rifle Match Tomorrow--Baseball and Other Sport of Interest

Ben Lomond, Cal., June 7--Closely following the managerial break in Johnson's camp, there are, tonight, indications of something brewing in Jeffries' camp. Just what is the case cannot be learned, but the presence of Eddie Graney, the San Francisco referee, and Jack Gleason, one of the promoters of the fight, gave rise to rumors and speculation.

Graney said he came to Ben Lomond merely to see the quarters of the victor in their first sparring bout, but this explanation is not generally accepted around the camp. Graney and Sam Berger, Jeffries' manager, are said to be anything but friendly, and vague rumors floating about the camp have it that the presence of the honest blacksmith does not auger well for Sam.

Jeffries' good humor seems to be the best barometer of conditions in the camp and if any disturbing winds are blowing as a result of Gleason and Graney's visit, they have not yet ruffled the feelings of Jeffries.

For the second time, the first boxing bout between Jeffries and Corbett suffered a postponement and caused keen disappointment in the afternoon, as a result of which the referee and his assistants who came down from San Francisco to see the former champion and the undefeated one in action. At the last moment, Jeffries decided to await the completion of the outdoor ring before donning the gloves with Corbett. Camp visitors were entertained with a warmly contested game of handball between the two former champions.

Johnson tonight gave out the following statement:

San Francisco, June 7--"Tom Flanagan will help me manage my business affairs until July 5, 1910. While not a prize fighter, he is one of the best known amateur athletes who has ever competed, and is respected for his honesty and integrity by the press and public the world over. I am sorry that I cannot have Flanagan with me for a longer period, but his business interests in Canada require his attention and he would not consent to absent himself from them any longer."

This statement is said to mean that Johnson will conduct his own business affairs and that he will have no manager for the time being. Flanagan and Big Hart will do the clerical work but it will be the name of Jack Johnson that will be attached to all contracts.

George Little, aside from many threats to acquaintances about stopping the fight, kept quiet today. He is reported to have Chief of Police Martin interfere, but the latter refused to take any part in the controversy. Johnson expressed his regret to the proprietors of his training camp that he would not remain in Little were allowed around the quarters. The Glasgow was conspicuous today by its absence.

Johnson did road work in the morning. He went the usual course of twelve miles. It was the programme to do some gymnasium work in the afternoon, but in account of the cold weather and that he is low in weight, he rested this afternoon.

Geo. L. Rockwell, agent for a western land company, banker, Copeland, Walker, and H. M. B. B. secretaries to attend the C. A., with other men, have formed an organization in Columbus, Ohio, designed to make a bid for the Governor's office, one million post cards, bearing the slogan, "Stop that fight; this is the twentieth century."

Mike (Twin) Sullivan is planning a trip to the maritime provinces in July. He intended to tour the principal towns giving exhibitions. Andy Morris has been picked to assist him.

The success of Sandy Ferguson, the Montreal fighter, in his fight with Jack Burns on the coast this week, has the Boston fight expert picking him as the opponent of Sam Langford, the Nova Scotian. Sandy got his decision in the 10th round. Burns was saved by the going in the eighth.

In an accident on in Pittsburg yesterday afternoon, a man was killed and the latter was outpointed and outclassed for the first five rounds, Atteil getting the best of it. In six rounds he was down by his man a few times. Atteil kept Burns away with a left hand jab which he used constantly, and was very busy throughout the contest, although Brannigan put up a good fight.

THE G. T. PACIFIC FROM CHIPMAN TO ST. JOHN

Evidence is not lacking these days that the Grand Trunk Pacific Railway has an eye on St. John as the eastern terminus of the line, as already stated. A large block of land on the eastern shore of Courtenay Bay has been secured for their shipping facilities and survey parties are now at work locating a line from Chipman to this city.

The proposal is to tap the new transcontinental at Chipman and to run from there via the Belleisle and Washademoak through Kingston and across the Kennebec at Red's Point. If this route is decided on it is probable that the I. C. R. would be double tracked from Rothesay to St. John to accommodate the extra traffic that would have to be handled from that point. A report will probably be made by the engineers very soon.

KEEP YOUR MUSCLES LIMBER

And Relieve Soreness with Father Morriey's Liniment.

Athletes owe their prowess not so much to natural bodily superiority, as to the systematic conservation of Nature's gifts, particularly by means of regular rubbing with a good liniment. We are not all athletes, but in any walk of life, if we keep our muscles limber, the walking will be much easier.

Father Morriey's Liniment, the priest whose medical skill was known to ocean to ocean, was especially successful in comforting victims of sprains, bruises, burns, headaches, chapped hands, chilblains, sprains and strains, sore muscles, backache, toothache, earache, and similar afflictions. In connection with the liniment, a certain amount of rest, and a whole, rest, agreeable odor, unlike other preparations.

In every family medicine chest, there should be a bottle of Father Morriey's Liniment, and by its use, the sufferer will be relieved of his pain. It is a liniment that is well known to the world, and is a liniment that is well known to the world, and is a liniment that is well known to the world.

We are not all athletes, but in any walk of life, if we keep our muscles limber, the walking will be much easier.

Father Morriey's Liniment, the priest whose medical skill was known to ocean to ocean, was especially successful in comforting victims of sprains, bruises, burns, headaches, chapped hands, chilblains, sprains and strains, sore muscles, backache, toothache, earache, and similar afflictions. In connection with the liniment, a certain amount of rest, and a whole, rest, agreeable odor, unlike other preparations.

In every family medicine chest, there should be a bottle of Father Morriey's Liniment, and by its use, the sufferer will be relieved of his pain. It is a liniment that is well known to the world, and is a liniment that is well known to the world.

THE G. T. PACIFIC FROM CHIPMAN TO ST. JOHN

Evidence is not lacking these days that the Grand Trunk Pacific Railway has an eye on St. John as the eastern terminus of the line, as already stated. A large block of land on the eastern shore of Courtenay Bay has been secured for their shipping facilities and survey parties are now at work locating a line from Chipman to this city.

The proposal is to tap the new transcontinental at Chipman and to run from there via the Belleisle and Washademoak through Kingston and across the Kennebec at Red's Point. If this route is decided on it is probable that the I. C. R. would be double tracked from Rothesay to St. John to accommodate the extra traffic that would have to be handled from that point. A report will probably be made by the engineers very soon.

KEEP YOUR MUSCLES LIMBER

And Relieve Soreness with Father Morriey's Liniment.

Athletes owe their prowess not so much to natural bodily superiority, as to the systematic conservation of Nature's gifts, particularly by means of regular rubbing with a good liniment. We are not all athletes, but in any walk of life, if we keep our muscles limber, the walking will be much easier.
