## LOCAL NEWS

### FIRE ESCAPE CASE

The case against Edward Sears for not erecting a fire-escape on his building occupied by the Y. W. C. A., was allowed to stand for one week, and it is thought satisfactory arrangements will be made in the meantime.

### WILLIAM M. DIAMOND

The death of William M. Diamond took place today at his home in Summer street, Lancaster, West St. John, at the age of fifty-nine years. Besides his wife he leaves one son and one nephew. A large circle of friends extend sympathy to the bereaved ones.

### NO CAUSE FOR ALARM

Two new cases of typhoid were reported to the Board of Health today, one from East St. John and the other from the west side. It was said by an official of the board that there was no cause for alarm, as every precautionary measure was being taken to prevent the spreading of the disease. As yet the source of the disease has not been discovered.

### GOING WITH NEW CONCERN.

In another paragraph in the Times-Star reference is made to a farewell tendered F. C. Macneil, local manager of F. B. McCurdy & Co. He is leaving for Montreal to join a new Canadian-American corporation which is establishing offices in Montreal and which later will probably have offices at other parts of Canada. Mr. Macneil will be Canadian representative.

### NO TRACE OF PARENTS

No trace of the parents of the infant found yesterday morning in a vestibule in Carleton street has been found. The only clue the detectives have is that some clippings from a Halifax paper were found in the basket, which points to the fact that the baby might have been brought in on the Halifax train at six o'clock and put in the vestibule. Apart from this very slight clue, the matter still remains a mystery.

### BEING DISCHARGED.

Lieut. Guy Williamson, M. M. of St. Stephen, N. B., a member of the 98th Battalion, was in the city today to get his discharge after nearly five years' service with the colors. He returned home about a week ago accompanied by a young lady from the old country as his bride. Mr. Williamson joined in the ranks of the 26th and won the military medal and his commission in the field. He has of late been employed on special duty in England.

### CALAIS APPLICATION HEARD.

A hearing of the application of the Calais Water & Power Company for increased rates was taken up by the Public Utilities Commission in the government rooms, Prince William street, this morning. Evidence of the superintendent, Irving Bradley, was taken and will be resumed this afternoon. G. O. D. Oddy presided and associated with him were Commissioners A. B. Connell, K. C., and Felix Michaud, and Fred P. Robinson, secretary.

### J. C. MCGREGOR DEAD

J. T. Knight, of the firm of J. T. Knight & Company, was advised by telegram this morning of the death of J. C. McGregor, of the firm of J. W. Carmichael & Co., Ltd., of New Glasgow. Mr. McGregor was well known in the business community of this city, his steamers Pontiac and Micmac being frequent traders at this port. He was a director of the Nova Scotia Steel and Coal Company, manager of the Eastern Car Company, and in addition was largely identified in the building and principal industries of New Glasgow. Many friends will learn of his death with feelings of regret.

### LIEUT. J. F. SMITH HOME.

Lieut. J. Frank Smith, who has been attending St. Dunstan's College, London, England, has, on medical advice, returned home for a rest before proceeding with his studies. Lieutenant Smith was a member of the first contingent. He went over with the 1st Field Ambulance commanded by the late Dr. Duval and won his commission in France. He was invalided home because of wounds received and lost his sight entirely after an operation performed in Montreal for the removal of shrapnel from his eyes. After this catastrophe he returned to England to take up special studies, but ill health has interrupted this work for a period.

### BOY FELL FROM TRAIN

A lad named Young while going to his home at one of the suburban stations yesterday fell from the train and was painfully injured. It was said that the boy had been in his school books off in fun and he had jumped to get them. He tried to get on board again but the train was in motion and he fell and received painful injuries. The accident happened at Marston station and was not reported to the train authorities until the train had almost reached Grand Bay. The train was backed to where the lad had fallen and he was picked up and taken to his home.

### HAD A LONG WAIT

The suburbanites who unfortunately happened to be on the Sussex train last evening were very much annoyed at the apparently unnecessary delay at Coldbrook while waiting for the Halifax train to pass. This delay has happened quite frequently during the summer and no complaints have been made, but yesterday was "the straw that broke the camel's back." The train had a twenty-seven minute wait on the siding. Passengers remarked that there should be no excuse for such extended delays; that the railroad should have train despatchers, not train detectors, and that the "meet" could have been made at Torryburn, three miles further on instead of where it was.

### DEMONT'S CHAPTER

DeMont's Chapter, I. O. O. F. held their first regular meeting since June at the rooms of the board of trade this morning with the regent, Mrs. G. K. McLeod, presiding. The chapter was the chapter delegate, gave an interesting report of the annual national meeting of the order held in Montreal in May. A satisfactory report was also given by Mrs. Ambrose, convener of the prize committee for essays in grade 8 on "What We Owe the Navy." It was decided to send a contribution of \$10 to the municipal chapter and also to express their willingness to assist in the promotion of educational work. The chapter was ready to assist in supplying a nurse at a salary of \$80 per month for child welfare work.

The regent referred to the unveiling of the monument which was being erected by the order in Penhill in memory of the men who had fallen in the great war, the unveiling to take place next Tuesday.

## FINED \$200 UNDER THE LIQUOR ACT

Several Cases of Alleged Violations  
Before the Magistrate This Morning

At the session of the police court this morning, the case against Lloyd Miller and Michael Halfpenny, who are charged with having liquor in their possession other than in their private dwellings, was resumed.

C. N. R. Policeman Pierce in his evidence last week stated that he saw the two defendants in company with a soldier go on board the train. He said he followed them and found that they went into the toilet, and going in there found a bottle of liquor on the defendant, Miller. He arrested the two defendants and brought them to the police station.

The defendant, Halfpenny, told of living in Smythe street and keeping a beer shop there, with the license in his own name. He said he did not take a drink on the day in question nor offer any person a drink. He said also that he has had rheumatism for some time and has not done any work for six months. The defendant said that on the day in question the defendant, Miller, came into his house and told his daughter that a schoolmate of hers was going away on the train and wished to see her. She asked her father to go and he and Miller went down to the station and met a soldier. While the daughter was talking to her schoolmate, Miller and the soldier went into the toilet on the train and the defendant said he followed them. On cross-examination by Policeman Pierce the witness said he does visit the station quite frequently and was recently put off the Halifax train at 11:45 p. m. by the policeman for not having a ticket. He also said, in answer to a question by Policeman Pierce, that the inspectors under the prohibition act had visited his place of business twice during the last two months. In his evidence the defendant said that Miller told him that the liquor belonged to the soldier. Policeman Pierce then gave evidence to the effect that Miller did not tell him the soldier owned the liquor and that the soldier and Halfpenny both told the policeman they did not own the liquor but Miller said he did and that he got it from a fellow near the station but did not give his name.

Scott E. Morrell, counsel for the defendant, Halfpenny, made a motion for a dismissal against Halfpenny which was granted.

The defendant, Miller, was fined \$200 or six months in jail.

A case against John Lane, who is charged with having liquor in his residence illegally, was resumed. George A. Henderson, clerk of the police court, produced the record of the court and proved that the defendant was arrested on July 17, 1918, for violating the intoxicating liquor act by having unlawful possession of liquor. On July 24 the same month he was fined \$200 or six months in jail and served his time in jail. At that time the defendant lived in Union street, now he lives in City road. The magistrate adjudged the defendant guilty but postponed the case until tomorrow when in the meantime he will be in the meantime in mitigation of the penalty. J. A. Barry appeared for the defence.

A case against Thomas Short, charged with having liquor in his possession other than in his private dwelling, which stood for judgment, was resumed, and was dismissed as there was no case made out against him. E. S. Ritchie appeared on his behalf.

Three men, charged with drunkenness, pleaded guilty and were remanded to jail. Two of them said they had been drinking lemon and three bottles of the extract were found on one. A man who was out on deposit for drunkenness did not appear.

## FREE NIGHT SCHOOL FOR BOYS AND MEN

Next Monday evening the school board will open the free evening schools for boys and men. In the King Edward school, corner of St. James and Wentworth streets, there will be classes in reading, writing, spelling and arithmetic. In the Centennial building, on Brunsell street, mechanical drawing will be taught.

These schools afford a splendid opportunity for boys and men to improve their education and thereby increase their earning capacity. Parents who have sons with limited education should urge them to enter. Those who have never attended school will be gladly received and taught to read, write and spell. Arithmetic and writing will receive special attention.

A fee of two dollars is collected from each pupil upon enrollment. This, however, is refundable on the basis of attendance. If a pupil does not miss any time his entire fee is returned to him at the end of the year. About one-half of his fee is returned provided he attends half the time.

In past years many business men strongly recommended the free night school to boys and men in their employ who were handicapped in life by lack of education. Following this advice, many enrolled in the school and in the course of a few months their services became more valuable to their employers and consequently they received increases in their salaries.

Those who wish to enroll may pay their fee of two dollars to A. Gordon Leavitt, secretary to the school board, Union street, or to either of the instructors, Rex R. Corners, principal of the King Edward School or A. G. Gunter, principal of the manual training school. Returned soldiers are extended a special invitation to attend these classes.

### TO PRESENT PRIZES

The committee who were in charge of the aquatic sports in Courtenay Bay on Soldiers' Day are giving a banquet and entertainment this evening in Oddfellows' Hall, West St. John, for the contestants and all those who assisted in making the event such a pronounced success. Prizes will be awarded to the winners of the various events after which a programme will be carried out and a substantial luncheon served.

### BOARD OF CONCILIATION

The board of conciliation in the matter of the Courtenay Bay workers held two sessions today in the court chambers, and it is expected that the evidence will be complete this afternoon.

## A Chesterfield Set Makes The Living Room A Livable Room!

Remember the old-time parlor? Cold, stiff and uninviting—harking back to the Victorian era where pretense and pretentiousness ruled in decoration.

Parlors are now relegated to the past with a great many other things.

We now have the living-room, and we thank the judicious use of the Chesterfield set with its deep, generous, springy cushions in making the living-room a livable room.

This store is noted for its comprehensive stock of rich Chesterfields, and we know it will pay you to look at our line before deciding elsewhere.

Variety of upholstery and wide price range.
