HON. MR. SWEENEY IN EFFECTIVE ADDRESS

Continues Budget Debate at Fredericton - Mr. Murray Replies - Business of Legislature

Fredericton, N. B., March 21.—The budget debate before the House this afternoon, was the most interesting of the session. There was nothing that was new in the house in Hon. Mr. Murray's reply, while the arguments advanced by Mr. Sweeney to prove that the contention of the government that there was a smaller cut on the crown lands are considered unanswerable.

The business of the house is progressing slowly. There have been no night sessions this week, owing to the unavailability of Messrs. Sweeney and Murray had the floor this afternoon. There was nothing that was new in the house in Hon. A REASONABLE PLEA FOR THE STOMACH

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Especially when it costs nothing to try. Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to stimulate the gastric glands and generally bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestive agents.

MR. GRAHAM'S HOT SHOT IN PARLIAMENT

Shows up Duplicity of Government in C. T. P. Matter - In the Senate

Ottawa, March 21.—The reason the Borden government feared the return of Hon. Mr. Loughheed to parliament was made manifest in the house tonight, when the administration stood convicted of mistaking the public and misrepresenting the facts in connection with the statement recently issued, purporting to give the cost of construction of the National Transcontinental Railway.

In a speech of nearly an hour, punctuated by Liberal cheering, the ex-minister of railways tore the veil from the government duplicity, and demonstrated that the figures presented to parliament were willfully misleading and energetically "cooked."

There was practically no defence, and no attempt at contradiction of Mr. Graham's charges by any member of the government from the premier down.

At the conclusion the minister of railways admitted that the figures were not of interest on rental during the seven years, while it was provided no rental should be charged.

"I have no fault to find with the building of the road," was all the minister had to say, "but I still maintain that it cost too much."

Ottawa, March 21.—The Liberals in the senate today used their numerical strength for the first time to turn down the government.

An amendment to the tariff bill, which Hon. Mr. Loughheed objected to, was carried. It was moved by Sir Richard Cartwright and provided that the tariff commission should not be appointed for a term of five years, but should serve only during the pleasure of the government.

In committee on the bill authorizing the government to grant financial aid to the provinces for highway improvement, Senator Power offered an amendment specifying that there should be distribution among all the provinces on the basis of population. The amendment substituted for the "any province" part of the bill the words "the several provinces of the Dominion," in describing those to receive grants.

It was decided on the suggestion of Hon. Mr. Loughheed, to defer action upon the bill.
