More Than 50 Tables Play at North End C. W. L. Benefit

To raise funds for the new playground at St. Peter's hall park the ladies of the North End sub-division of the Catholic Women's League held a mixed bridge last evening. It was one of the most enjoyable and most successful events of the year, there being such a large assembly that 52 tables were played. Miss Sarah Lynch, president, received the guests. The general convener was Mrs. M. A. Quinlan, who was assisted by Mrs. Fred Roderick and the executive. The room was decorated with lilacs and the tea table was beautiful with its arrangement of lovely roses, snapdragons and other blooms, the color scheme being mauve and pink. Mrs. Alice Phillips and Mrs. Mary Mullin presided over the tea and coffee. The younger members of the league assisted in serving. The event was informal. The prizes were won by Mrs. F. A. Almsworth, Miss Helen Conker, John G. Burke, and Miss Madeline Rolston first prize for auction forty-fives.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from your druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.
