Sussex Champions Here Tomorrow—Biographies of Local Players.

FRED RICHARD, DEFENCE. Fred. hails from Dorchester, N. B., and has played on that team as well as for the University of Saskatchewan, prior to coming to St. John this season.

He is a hard worker and brilliant defense player.

G. NICHOLSON, GOAL.

"Nick" is a St. Stephen boy who has played mostly on college teams prior to coming to St. John last season. He is certainly playing a great goal this year and is so cool that the ice is always hardest round the goal. JIMMIE GILBERT, CENTRE.

"Jimmie" is the nearest thing to a "Jimmie" is the nearest thing to a cyclone on skates in the game in this province. In addition to his speed he possesses good judgment and has a wicked shot. He started playing senior hocked about the time he put the long ones on and has been on the St. John team for several years.

Jimmie played wing part of this season but is at his best in centre where he is now a fixture. he is now a fixture.

CLARY RATHBURN, WING. man Clary gives promise of permanency as he is improving rapidly. A strong skater and a wicked shot, he certainly shakes a mean stick. He covers a lot of ice probably due to his learning the game on the Kennebecca-

I. MOUNTAIN, WING.

Jimmie made his first appearance on local ice last season with the G. W. V. A. sextette and proved the mainstay of that team. This season he played with the Trojans and proved himself the best goal getter with that team. He has just joined the St. John team but he certainly looks promising. HAZEN SHORT, CENTRE.

"Shorty" is one of those all round men who can play any old game he wants to. In addition to being a dandy with a hockey stick he swings a mean baseball bat and his wicked handling of a tennis racquet has made him a provincial champion. His shooting and following up his shots on the net gives the opposing goal keeper a nightmare.

RAY IS ASKED TO RUN 3,000 AND 5,000 METERS

3,000 AND 5,000 METERS

New York, March 11—Jole Ray
will not clash with Paavo Nurml of
Finland and Elvin Vede of Sweden
in the 1,500 meter run at the Paris
Olympic games if Jole follows the
wishes of prominent Olympic and A.
A. U. officials.

The latter believe Jole will be of
more value to the American team if
he competes in the 5,000 meter run
and the 3,000 meter team race, and
there has been made an official request that Jole forsake his pet
Olympic event and prepare for the
longer distance Olympic tests.

Both Nurml, who holds the world's
1,500 meter record, and Vede have
proved themselves seconds faster
than Jole at the distance.

Frank received his hockey education in a good school, Sussex, where he was a team-mate of some of the Sussex champions when he attended the High School and played on the school team with them.

He covers a lot of ice, has all kinds of speed and is a pretty stick handler.

CAPT. B. GILBERT, DEFENCE.

Brad. started playing hockey about the time he learned to walk. He played for Rothesay Collegiate School, then for St. John until a more important game of Civilization vs. Kaiser Bill took him overseas. After the war he located in Montreal where he played on some of the fast teams there until he returned home this season. He is a cool, able defence player.

FRED RICITARD, DEFENCE.

Madrid, March 11 - (Associated ress)—There is a constantly growing nterest in athletics in Spain and especially in Madrid which is bringing about a marked change in the youth of the country. Football clubs have been doubled in number in recent years and many of them are encouraging other branches of athletics with a view of entering national teams in future

entering national teams in future Olympic games.

The Royal Madrid Football Club has decided to construct a stadium and club house near the race track at the end of the great avenue Catellana. Although the plans have not been completed it is the intention to have them provided for a thoroughly modern athletic plant with accommodations for all branches of field and track games and a swimming pool for aquatic sports.

MEDICAL UNIT TO ACCOMPANY U. S. OLYMPIC TEAM TO PARI

New York, March 11—That the health and general well being of the American Olympic team of 350 athletes will be carefully safeguarded while the men and women are aboard is evidenced by the fact that the committee is to send a fully equipped medical unit with the team when it leaves aboard the steamship America. The unit will consist of several doctors and nurses, under the supervision of Dr. Graeme M. Hammond. The committee considers the formation of this unit as of the fact that, if illness should occur it might, without medical attention, spread and thus seriously affect the showing of the Americans in the game at Paris.
