**OPENED MISSION  
IN THE CITY**  
**GALE AND COLLISON  
BEGAN WORK YESTERDAY**

Services Are Being Held in the  
First Presbyterian  
Church.

Messrs. Gale and Collison, who are to conduct a two-week evangelistic campaign in the city, began services yesterday. They prefer to call their series of services a mission, and yesterday created a good impression. Mr. Gale is a calm speaker, and gave one the impression that he is a shrewd business man. His mate, Mr. Collison, who was formerly an operative singer, possesses a good voice and shows evidence of having been on the stage.

The union evangelistic services, under the auspices of the Metropolitan Methodist church and the First Presbyterian church, were largely attended yesterday morning and evening in the Presbyterian church, where the services will be held every afternoon and evening of this week. The singing by the large choir was much appreciated, the solos by Mr. Collison touching every heart. His articulation is clear, his expression is good, and his voice is sweet, clear, sympathetic, refined and musical. Mr. Gale's text for the morning was Cor. 2:1—"I am the rose of Sharon, and the lily of the valleys." He beautifully described the perfection of the rose, and purity of the lily, and compared with them the character of the Lord Jesus, as the high ideal which God had for man, and to which he could attain even now through faith in Jesus, and by the sanctifying influence of the Holy Spirit. The sermon was very suitable for the opening of the campaign. Mr. Gale's subject in the evening, based on Mal. 3:10, was "Give God a chance." His aim was to show that God is ready to bless if the people are ready to receive the blessing, and was the means to the accomplishment of that end; that is, He enables men to answer their own prayers. It is now up to the people of Victoria themselves whether they have a revival of religion at this time. His illustrations and anecdotes feathered his arrows which were straight to the mark. Great are the expectations of the church-going people of the results of these meetings. While Mr. Holling and Dr. Campbell are responsible for bringing Messrs. Gale and Collison to the city, and the meetings are carried on as union meetings of their congregations, they and their church officers extend a hearty invitation to all the ministers and people of Victoria to attend all the services.

**KENNEL CLUB SHOW  
HELD DURING MARCH**  
**Committees to Be Struck On  
Wednesday Evening  
Next.**

The bench show of the Kennel Club will be held on March 24th and 25th, according to a resolution passed last night at the meeting of the Kennel Club. President McLaren occupied the chair.

By selecting these dates the club will command a large number of exhibitors who will be making the coast circuit of shows. These fanciers will find the Victoria date fit in with the dates of the other coast cities.

There will be another meeting on Wednesday night next, when the various committees to take part in the show preparations will be struck.

**MARINE NOTES.**  
**C. P. Edwards, superintendent of wireless, has had a telephone put in connecting Ikeda Head wireless station with Jedway for the benefit of the people of that place. This convenience will be much appreciated. A. F. Whiteside, formerly wireless operator at the B. C. P. station, has gone north to take charge of the station.**

**LUMBERMAN KILLED  
AT JORDAN RIVER**  
**Flying Piece of Wood From  
Blast Occasions  
Death.**

Oscar Gustafson, Swede, employed by the Michigan Lumber company at Jordan river, died on Thursday night at the camp from the result of injuries received from a piece of flying timber driven by a blast beneath an old stump at the camp.

The accident was at first thought not to be serious, but some hours later Gustafson became unconscious and on Thursday night he died.

The body was brought to the city on the tug Beatrice, and was accompanied by a lumberman from the camp. Gustafson has been engaged about lumber camps for some years, and as far as is known at present has no friends here. The coroner was informed and decided an inquest was unnecessary.

Louisville, Ky., Jan. 17.—Floating property valued at nearly \$2,000,000 is in jeopardy to-day, people in the low-lying suburb of Shippingport are beginning to abandon their homes, and damage to business houses adjacent to Louisville's wharf territory is threatened by the swelling waters of the Ohio.

**AUSTRALIA ORDERED  
CRUISER FOR NAVY**  
**Cable Sent to England Just Before  
Moana left for  
This Coast.**

An important step in regard to the building of the Australian navy, sanctioned by the Australian parliament, was taken by the government two days before the Moana left for this port, when an order was cabled to England to start with the construction of the vessels of the unit.

At the finish of a cabinet meeting the Prime Minister made the following statement: "Probably the most interesting item of news I have heard yesterday a cable went to the British admiralty, requesting them to proceed at once with the construction of the Indefatigable-Indomitable cruiser for the Australian navy. We also instructed them to proceed with the construction of other vessels of the unit, so that they will be completed at the same time as the big vessel. The three torpedo destroyers ordered by the late government are rapidly nearly completed. The order for the other torpedo destroyers has not yet been given, as we want to see what facilities will be available in Australia for building them when they are wanted. The submarines have not been ordered yet, because improvements are continually being made, and we want the latest for our fleet. In fact, the minister indicated in parliament, it is probable the three boats of the 'C' class will be replaced by two of the 'D' class. The Minister for Defence has taken steps to find out how many men will be available in Australia to man the unit, and when we get the figures we will apply to the admiralty for any more that we require. However, at present Mr. Cook thinks there will be the least difficulty in getting all the officers and men we want."

In reply to a question as to what had been done with regard to the selection of a dock in which to assemble the parts of the third torpedo destroyer now being built, the Minister for Defence, who was present, said nothing had yet been decided on.

**LADIES ENTERTAINED.**  
**Young Men of Y. P. B. C. of the Metro-  
politan Methodist Sunday School  
Given Surprise Friday.**

A most enjoyable time was spent on Friday in the school room of the Metropolitan Methodist church by the Young People's Bible class, when the ladies of the class entertained the young men. At the end of last year a membership contest was held between the ladies and young men, and the ladies of the class' entertained the young men. At the end of last year a membership contest was held between the ladies and young men, and the ladies of the class' entertained the young men.

At once the ladies set to work and appointed an active committee to make arrangements for this affair, which turned out to be a most elaborate one. The league room of the church, where the surprise was to be given, was most tastefully decorated with red and white.

During the early part of the evening a programme of games was indulged in. At 10 o'clock they repaired to the league room, where two long tables covered with all the delicacies of the season were spread.

A vote of thanks was tendered the young ladies for the able manner in which they had prepared the surprise and entertained.

**CAMPBELL AND CO.  
TO EXTEND PREMISES**  
**Enterprising Firm Will Take  
Over Store Next to  
Them.**

Campbell & Company, ladies outfitters, 1010 Government street, have taken over the property adjoining their store and at present occupied by John Fung, a Chinese boot and shoe warehouse. The property has been acquired for the purpose of making additions to the store of Campbell & Company, who for some time past have required more room for the conduct of their fast growing business. The company now holds their present premises, the store just purchased, and the property that runs at the rear to Broughton street.

When the alterations are completed Campbell & Company will have an L-shaped warehouse with frontages on both Government and Broughton streets.

Campbell & Company expect to have the alterations and additions completed for business by March of this year. These will be commenced almost at once.

Other realty deals reported are a lot on Johnson street, 50 by 60 feet, adjoined by P. Burns & Co.'s store, sold by Grant & Lineham, for \$23,000. Pemberton & Sons have sold two lots and a house on Oak Bay avenue, and Day & Boggs and T. P. McConnell also report having sold lots.

The generous citizens who donated towards the silver-plated instruments to be used by the Salvation Army band will be pleased to hear that the full set has arrived in the city and will be placed on exhibition in Fletcher Bros' window for some days, next week.

The formal presentation to the band will take place during the four days' special meetings to be held by Commissioner Coombs or his staff, commencing Saturday, January 2nd. The commissioner will spend Sunday in the Terminal City, but will be able to represent here by Lieut.-Colonel Howell, who is in charge of the immigration from the army in Canada.

Major Findley, Fuller announcements of these meetings will be made later.

**AMATEUR UNION  
SUES FOR PEACE**  
**MAINLAND SOCCER  
MEN WIN VICTORY**

B. C. A. A. U. Had to Give Way to Vancouver Football Leagues.

Following in the steps of the Victoria branch of the B. C. A. A. U., the Vancouver branch on Thursday night gave way to the soccer players, who refused to recognize the organization on the mainland, as the soccer players here had done also. The branch of the union here, and the Vancouver branch, issued threats against the soccer players and then succumbed.

The Victoria branch, after threatening all kinds of dire things, and actually suspending the men, afterwards "allowed" the soccer players to play the schedule they had commenced, and set the matter over till Thursday night to see what Vancouver would do. Vancouver did exactly what the Victoria branch did, and gave way.

The two recommendations of the B. C. A. A. U. branches at Vancouver and Victoria will go to the B. C. executive of the union for adoption, which will follow as a matter of course.

**THE VANCOUVER GAMES END ON MAY 24th, and the union there has agreed to the English definition of amateur being played under until that time. After May 24th the union expects every soccer player to register with it. If the men don't affiliate then they will be debarred from the sports of the summer months, which may be played under the auspices of the B. C. A. A. U. The result is a distinct victory for the soccer players of the province against the union. The union said they should not play under the Old Country definition under threats of disqualification. The soccer players ignored the union entirely, went on playing the matches in Vancouver, Victoria, Nanaimo, Ladysmith and Westminster, and the union naturally had to go out of existence for want of members, or to give way to the soccer men.**

**THE VICTORIA BRANCH OF THE B. C. A. A. U. IS STRICTLY UNDER THE UNION LAWS ALMOST EVERY PLAYER OF ANY SPORT HAS BROKEN FROM THE UNION AMATEUR DEFINITION, BUT ARE STILL, ACCORDING TO ENGLISH RULES, AMATEURS IN THE TRUEST SENSE. THE NEXT STEP TO TAKE IS THE DETERMINATION TO HAVE THEM JUSTIFIED FOR THE LOCAL UNION SUSPENDED THEM AND THEN PERMITTED THE SUSPENSION TO LAPSE. THE MEN HAVE AN APOLOGY DUE THEM FROM THE UNION OFFICIALS, AND THE PLAYERS SHOULD INSIST ON GETTING IT. FOR THE OFFICIALS HAVE BY THEIR ACTION ADMITTED THEMSELVES WRONG.**

Salt Lake, Utah, Jan. 15.—"I will hold the fight on the desert twenty miles from nowhere before I will take it to San Francisco with a local man as manager," declared Tex Rickard to-day when he read the statement that Jack Gleason was looked upon in San Francisco as the real promoter.

"I alone will be the manager of the fight," Rickard continued. "I still plan to hold the fight in Salt Lake. A boxing contest is not against the Utah law."

**Former Owners of Georgian Al-  
lege Collusion Among  
Bidders at Sale.**

Alleging that there was collusion among the bidders to bear down the price and divide the profits among them, Attorney William Martin, counsel for the owners the American Steamship Company, filed a protest against the sale by the United States marshal of the steamer Victorian on Wednesday for \$13,300, claiming that the price was far too low. The court has not yet fixed a date for hearing the case.

The plaintiff argues that the sale should not be confirmed by the court, for the reason that the price was inadequate, claiming that the value of the boat is \$100,000. It is further claimed that persons interested, and who would have bid on the vessel, were absent because of the short ten days' notice of the sale, and also in the belief that the bond previously filed with the court would have acted as a stay of proceedings, and that the sale would not have taken place.

Hall Bros. Marine, Railway & Shipbuilding Company, Ibelants, bought the vessel at the marshal's sale.

**SERIOUSLY INJURED  
BY YARD ENGINE**  
**Alex. Bruce, of Victoria West,  
Meets With Accident on  
Sunday.**

Because he miscalculated the track on which a shunting engine on the B. C. N. railway was moving, Alexander Bruce, aged 70, a resident of Victoria West, met with an accident yesterday which resulted in the loss of a foot, the member requiring to be amputated as soon as he received medical attention.

Mr. Bruce left his residence on Russell street shortly after noon, and was walking along one of the tracks leading from Russell station to Victoria. The line is double-tracked at this point, and while Mr. Bruce heard the whistle of an approaching engine he promptly stepped from the track on which he was walking over to the other one. This is where he made a mistake, for almost immediately the tender of the engine, which was running backwards, struck him and the wheels went over one of his feet.

The injured man was given immediate attention by the crew of the engine, and was removed to the city with all haste. Dr. R. L. Fraser attended him at the police station and ordered his removal to the hospital, where later it was found necessary to amputate the injured member. The injured man is doing as well as can be expected.

The residents believe that with the removal of several rocks from the Fraser the river would be free for navigation. They will ask for the support of the provincial House in requesting the Dominion government to perform this necessary work.

**TO ESTABLISH  
LACROSSE CLUB**  
**LOCAL COMMITTEE  
MEETS NEXT WEEK**

Effort to Put Team in Minto Cup Series This Summer.

(From Saturday's Daily.)

For the purpose of making a start towards the promotion of a senior lacrosse team to play in the British Columbia league this summer there will be a meeting held next week, when several local men who are taking an interest in the matter will get together to ascertain what support can be obtained towards the project.

If the club is formed and the financial end of it is found satisfactory, the team will be incorporated in the east to play as the Victoria Lacrosse Club against Vancouver and Westminster in the Minto Cup-series this summer.

Con Jones has made an offer to the extent, that if the local men will undertake the maintenance of the team inasmuch as finding billets for the thirteen men who would be required, he will finance the team from the east to Victoria. Mr. Jones, in talking over the matter here this week, said: "I want you to understand that the lacrosse players of the present are a different brand of men to those who were in the game several years ago, and to quote an instance I will cite a Vancouver team man. I offered him \$85 a month to come to the coast. He was to work for me and the billet was a sinecure. When he arrived on the coast I asked him if he was ready to go to work and his reply was that he would prefer to get into some business house at \$40 to \$50 a month and work his way up in the future, and during his spare time play lacrosse. He was the right kind of a young man and we had no difficulty in finding him a place in Vancouver. This is a different brand of young man to that which played lacrosse years ago and the game has benefited by it." Referring to the Vancouver Club formed last summer, he said: "We pooled the receipts after every match, and then deducted a certain percentage for running expenses. The balance was divided equally among the players on the team. They were all satisfied. Everything was straight and above board, and that is what I would like to see done in Victoria. I am convinced if you get a team and it will be the right kind of team I will bring west, the public of Victoria will support it. It is not so much the amount charged at the gate as the necessity of getting a crowd there to see the game, that counts for the success of lacrosse or any other game. The public must be interested in it for this makes the difference."

It will be along these lines that the Victorians, who propose getting the team together, will proceed if the matter is brought to a successful termination. They will appoint a financial committee, which will take absolute charge of the team's expenses, and run that end of it. There will also be a manager and trainer in one, whose work will be to look after the men, see that they perform their bonds as regards training and have the selection of the team to play the matches. The main object of the committee that has the matter in hand to deal with is the probability of finding suitable positions for the men all the year. What they want is steady employment, and it is believed that they will be able to accept the offer of Mr. Jones to bring the team out, after the matter has been thoroughly threshed out. There is also an alternative proposal which will be considered.

**Repair Shops at Belleville  
Street to Be Extended in  
Near Future.**

It is understood that the C. P. R. intend to extend the repair shops at the Belleville street dock for the purpose of making minor repairs to their vessels which make this their home port. It is also suggested that these shops will be gradually extended until in the not far distant future they will develop into shipyards which will do all the light repair work for the company.

Inquiry on Saturday at the local office elicited the information that nothing definite had yet been arranged in this regard. Machinery such as lathes is expected to be installed. This, it is said, is to be done in the near future at Belleville street, and a number of mechanics will be put on introducing the new scheme gradually.

Pekin, Jan. 15.—Advices received here from Harbin and Vladivostok through diplomatic channels indicates that the people there are undergoing another war scare. The Russians seem convinced that Japan is planning another aggressive move.

It is said that Japan is openly engaged in strengthening her position in Northern Korea. Additional troops, field and siege guns are being rushed to various points along the border. At the several Siberian cities Japanese ships are supposed to be active. The proposed trip of General Baron Fukushima's general staff through Manchuria is taken to indicate clearly that the "little brown men" are preparing for the struggle they believe to be inevitable.

QUATSINO PROPERTY**

Government Asked to Allow for Work Done at Port Mellon.

In regard to the taking over of the pulp and timber limits the Quatsino and Pulp Works by the British Canadian Pulp and Paper Company, the provincial government is asking that a cash bond be put up by the purchasers to insure the erection of a mill at Quatsino. The Port Mellon people object to putting up this bond, claiming that to do so would be unfair, as they have already expended \$371,000 in developing their property at Port Mellon, this amounting to a sum of \$8 an acre on the limits they hold. They claim it is twice as much as other firms are being asked to guarantee.

The Brooke Salmon Company, when purchasing a limit of 150,000 acres, had to guarantee half a million dollars before the government would give them a title, but this amounted to only \$3.40 per acre, not much more than half what the Port Mellon Company has actually expended on a mill which is at present in actual operation.

The mill at Port Mellon, it is stated, is running regularly and turning out a good deal of pulp, which finds a ready market. At Quatsino there is a small sawmill which is at present shut down, but there is no pulp mill there.

**Building permits have been issued to H. M. Cowper for a dwelling on Port street, to cost \$1,650; to Leeming Bros. for a workshop on Blanchard street, to cost \$180, and to J. E. Hunter for a barn on Cedar Hill road, to cost \$100.**
