CROW'S NEST PASS MINERS ARE IDLE

Mine Operators Are Apparent- Winners Never in Dangerly Prepared to Play a Waiting Game

(Special to the Times.)

Fernie, April 1.-From end to end of the great Crow's Nest Pass coal dis-Mortlake, Oxford to-day won from Patrick Columbia on trict, from Fernie, British Columbia, on Cambrige by 2% boat lengths, in the the west, to Taber, Alberta, on the east, 67th inter-university on the Thama distance of 170 miles, as the railway The dark blues did the distance in goes, not a pick is to-day being thrust minutes and 29 seconds. The best preinto the working face of a single one of vious record was 18.47.

The conditions to-day were ideal and the sixteen producing mines in this territory. Yesterday between 7,000 and an enormous crowd saw the light 8,000 men were working in the production of an average of 12,000 tons of coal struggle. At no time, however, was daily; the first day of April ushered in a scene of idleness marking the start the finish spurt the dark blues showed of what gives promise of being the that they had speed and power to most formidable strike the coal mining spare. region has ever faced.

Not a miner will admit that a strike has been called; with them it is mere- Oxford won on its general superior ly a "cessation of work," on the ground that their agreements with the operators have expired and have not been renewed. A strike would mean that the miners had bid defiance to the Lemieux Act as the Industrial Disputes Investigation Act is generally known. This act, which applies to mines, requires the submission of the subject in dispute to a board of conciliation and investigation before such a drastic step as a strike may be taken. Hence today, from the expressed point of view of the miners such a thing as strike does not exist in the Pass.

On all sides there is recognition the fact that a prolonged struggle bethe fact that a prolonged struggle be-tween the miners and operators of the Then Bourne let down and Cambridge Crow's Nest coal fields means much more than a mere local disruption of business. The general feeling among buthnot, stroke of the Cambridge crew all whose interests are directly and indirectly affected by the strike, is that appearances point to a determination Oxford then dropped to 33 and Camon the part of both miners and operators to settle down for a tug of war which will demonstrate for a number finish, Oxford started a whirlwind of years to come which party to the present dispute has the most resisting
