The annual meeting of the Canadian military league was held at the Russell House this evening, when the trophies won in this year's competitions were formally presented. The different cups presented to the winning teams are of a very handsome character and the riflemen were exceedingly well pleased with them General Herbert made a capital address dealing with the merits of the new rifle. He hoped a sufficient supply would be forthcoming for next year's league matches. Col. Panet, deputy minister, announced that the government factory was getting ready to manufacture cartridges for the new rifle. The old officers were re-elected. Ottawa, Aug. 30.—This was a big day on Rideau Range. The weather was beautiful and some important matches were decided. The scoring is still very high, the maritime men doing well. Abbe Bruneau Loses His Head by the Guillotine at Laval.

Laval, France, Aug. 30 .- Abbe, Bruneau was executed at five o'clock this morning. Bruneau was awake when the offi-cers entered his cell to tell him it was

time to prepare for the execution. When he was dressed the condemned man heard mass and received communion. He showed great coolness until he arrived at the foot of the scaffold, when his fortitude seemed to leave him.

An enormous crowd was present and the people cheered when the criminal's head fell into the basket. Bruneau left a two page letter, in which he claimed his innocence of the crime with which he was charged. The scene was one of riotous and

That such violations are common in Christian communities is a shameful and humiliating fact. Some pertinent evidence on this point was offered in a paper read at a preachers' meeting in Saratoga a few days ago, by Mr. Bailey of the Public Ledger of Philadelphia. According to his testimony many prominent members of Protestant churches were found among the signers of liquor licenses and the owners of liquor property in that city. We have no doubt that a similar state an attack and killed and wounded sev- of things would be found to exist in eral of Mailietas man. During all of every town and city in the country where saloons are licensed. It will not do, therefore, for Protestants to improve the present occasion to heave any very large stones at the Roman church for its large liquor-dealing membership or its hitherto tolerant attitude towards the liquor business. Our Protestant houses have too much glass in their walls to make such stone-throwing a pleasant cr a profitable occupation. "The liquor traffic in this country today exists only by the sufferance of the membership of the Christian churches; they are the masters of the situation so far as the abolition of the traffic is concerned. When they say go; and vote go, it will go." A Somewhat Serious State of Affairs in Peru. Washington, D. C., Aug. 29.-Official reports received at the state department indicate quite a serious situation

> in Peru. It has been found necessary to suspend several articles of the onstitution, including the writ of habeas corpus, and the president of the republic is practically clothed with dictatorial powers. The provision allowing persons to meet peacefully in public as in private is suspended ; also that provision which prevents sending a person from the republic or his resilence without an executive sentence. The Peruvian government has also increased the duty on all imports from 25 to 30 per cent.

THF LIQUOR TRAFFIC.

The Catholic Knights Have From Beer to Champagne at their Ex-

cursion. New York, Aug. 30 .- The first excur-

sion from New York of an exclusively their promises. Catholic society since Mgr. Satolli, Archbishop Corrigan and Bishop Watterson have expressed themselves concerning the liquor traffic, was run out today by the united branches of the Catholic Knights of America. The question whether the knights would sell liquor, was settled by a sight of their barges today. There was everything in liquor, from beer to champagne. When one of the managers was asked if liquor would be sold, he replied, "Certainly; we have as much right to sell liquor as any other excursion party. So long as it is taken in moderation there can be no objection. We do not think that the letter

Carried on in Every Form Last Week -Two Hotels Raided.

Bangor, Maine, Aug. 30.-Since the opening of the Eastern Maine state fair last Tuesday, gambling in every form admired by the New England sport has flourished in every nook and corner of the city, and unabashed and unawed, in open rooms on ground floors of the principal hotels, rows of smooth-tongued gamblers stood and called in schoeing tones to victims for their fleece. Tonight the police raided ed the Windsor Hotel and Penobscot Exchange and secured four gambling lay outs. The operators escaped by plunging through the windows and are yet uncaught.

CHARLOTTETOWN SUICIDE.

their rifles. Instead of obeying this mandate, however, the rebels moved off toward Satuana, which is less than fifteen miles from Apia, and it was decided to again advance upon them. On Sunday morning the rebels and the king's warriors, who numbered fully 600, came together at Lufilufi. The rebels made Sunday there were desultory fighting and the naval commanders resolved to again attack the rebels and deal with them summarily. Early on Monday morning, August 13, the Curacoa and Buzzard again opened fire on the rebels, killing and 'injuring a large number. Simultaneously the king's warriors attacked them on shore. In the fight the king lost six killed and several wounded. It is impossible to obtain a reliable

estimate of the rebel loss, but it is known to have been heavy. The Curacoa commander was eager to catch the mail steamer Maripoa that he might report the result of his operations to the British government. The Buzzard remained at the scene

ANOTHER CUT IN RATES.

The Price of Steerage Tickets Across the Atlantic is now Ten Dollars.

New York, Aug. 30 .- The Hamburg-American line made another cut in steerage rates this morning, reducing th. price of a steerage ticket to Southampton by express steamers, from \$13 to \$10. The latter rate has prevailed on the American line for four weeks and that company, having more busiriss than it could accommodate, has turned over most of its non-English. speaking passengers to the German lines, paying their rates. The American line people say that the cut of the Hamburg-American line will be an advantage to them, as they will be able to dispose of their surplus passengers without loss. The \$10 rate to Southampton has drawn much trade from Liverpool, and the Liverpool companies are said to be considering the advisa bility of a cut to \$6.50 for a steerage ticket. A rumor was prevalent to-

day that a cut to this rate had been made but it could not be verified.

Great minds, like heaven, are pleased
