#### IMPURE MILK

Is the kind most frequently gotten from grocery stores—milk that is old, tainted and poor.

We now have an up-to-date system of treating and delivering milk. We have fresh morning's milk from Jersey cows delivered to us early every morning, and it is at once put into sterilized bottles and into our new ice milk cans, where it quickly cools. We can thus deliver ice cold milk which is only a few hours old—and you can always be sure it is sweet, pure and wholesome. A small item, perhaps, but an important one to our customers.

#### LOCAL NEWS.

There was no sitting of the circuit court before Mr. Justice Landry. His Honor did not return from Westmorland Co., where he has been spending Sunday.

George Christopher has been reported by Sergt. Ross for backing a wagon loaded with wood across the asphalt sidewalk on Minnette street, damaging it and leaving his wagon standing on it while unloading.

Rev. Wm. Raymond, Jr., occupied his father's pulpit in St. Mary's Church for the first time since his ordination at Fredericton. A large congregation followed down to his home Saturday through an excellent sermon. Mr. Raymond leaves to-morrow again for his own parish at McAdam.

Attention is directed to the advertisement of O. H. Warwick Co., Ltd., in which they call attention to the largest bargain sale of dinner sets ever offered by them. An inspection of their display will convince one that the surprisingly low values at which these sets are being sold is a season's bargain.

Rev. Canon Brock continues very ill at his residence, of paralytic of the throat. His executors, Arthur Brock and Clifford Tuttle, have undertaken to see that a volume of the reverend gentleman's sermons, which he has been preparing for publication, will be given to the press as soon as possible. Very Rev. Dean Partridge has been asked to revise the work.

Miss Annie Wendall who lives on Rockland Road, while about to go down stairs in her home Saturday night, in some manner missed her footing, and fell to the bottom. Her elbow was dislocated and also painfully bruised. Dr. Roberts was summoned and he set the joint, but it will be some time before Miss Wendall recovers the use of her arm.

North End is to have a new branch bank. The Royal Bank will soon establish a branch in the Harrison building on the corner of Main and Simonds streets, where the post office was conducted for a long time. This has been leased by Messrs. Keirstead Bros. and will be fitted for occupancy as soon as possible. It is likely that P. G. Hall, accountant on this street, will be manager in North End.

Annie Criley, who was taken to the hospital suffering from diphtheria Friday, died Friday night and was buried Saturday. The obituary notice was reported last night as doing well. No new cases have been reported since Friday and there seems to be no prospect for any alarm. The board of health has to date given out 11,000 units of antitoxin to patients, not in the hospital, needing it.

Mr. A. O. Skinner declares that he has not stated his intention of refusing to become a candidate in the approaching provincial by-election. He says the contest is run on party lines. But it is safe to predict that unless the election is so run he will not be a candidate. Mr. Skinner was not content to base his last campaign on the merits of the Tweedie-Pugley combine and the attractiveness of that drawing card has certainly not increased since then.

The large number of seamen who gathered in the Chalmers house Sunday evening at the song service enjoyed singing some of the famous Alexander and Tordy mission hymns. The preaching service was attended by a large number of those from the home-land and the following nationalities were represented among the congregation—Japanese, Russian, Finn, German, Spanish, Swedish, Norwegian, American and Canadian. The address by W. Malcom was listened to with marked attention. We were pleased to see the large number of seamen present.

#### NATURE'S GREAT REMEDY—MAH-PU MINERAL WATER—ON SALE BY ALL DRUGGISTS.

In selecting a mineral water the question of its freedom from dangerous impurities must be considered, as well as the health-giving elements contained in it. The fact that the celebrated Mah-Pu Mineral Water comes from a depth of 28 feet through an iron casing (the spring having been discovered by boring), and gushes forth under great pressure, rising to a height of 18 feet above the ground, ensures its freedom from the impurities liable to occur in water of surface mineral springs.

Mah-Pu Water has won a great reputation for its remarkable curative effect for Rheumatism, Gout, Kidney and Intestinal disorders, and hundreds who have been cured by the use of this health-giving water have reason to bless its discovery.

Ask your druggist for MAH-PU MINERAL WATER, and see that the bottle has our label and capsule. THE MAH-PU MINERAL SPRINGS COMPANY (LIMITED).

#### LEAK IN THE GAS MAIN.

Quite a large crew of St. John Railway Company men were at work on Prince William street this morning, under the direction of Supt. Chambers, trying to find a leak in the gas service which has been bothering the company and users for some time. The street was opened up at various points, in hopes of locating the break. The pipes under Prince William street are quite old and may have to be replaced before a very long time. There are three mains in that locality, two small pipes and a twelve-inch pipe. This large one continues to Main street and serves North End sections, while at Paradise Row it has an offshoot which supplies the Valley and Mount Pleasant districts.

#### GOLDEN WEDDING

##### ON THE WEST SIDE.

On the 21st of this month at the home of their son, C. E. Belyea, 115 Duke street, West End, the golden wedding of Mr. and Mrs. James Belyea, of King street, Carleton, will be celebrated. Mr. Belyea, who is in his 75th year, has been an invalid for a good many years and at present is not in very good health. He has been twice married, his first wife, who has been dead nearly 51 years, having been Miss Eliza McCuskey, a native of Whitehall, County Derry, Ireland. The present Mrs. Belyea was a native of White Head, Kings county, N. B. She was Miss Eliza Hissett and was married to Mr. Belyea by the late Rev. William Elias Scovill, rector of Kingston. She is 70 years of age and is very strong yet for one so far along in years. Over one hundred invitations have been issued including one for a lady who acted as bridesmaid to Mrs. Belyea. She was then Miss Rolston, but is now Mrs. George Henderson, of Rothesay. A very interesting feature is that Mr. Belyea's descendants to the fourth generation will be present, and another noteworthy fact is that Mr. Belyea's three brothers were all enabled to celebrate their golden weddings.

#### 55 WANT HELP TO-DAY

The STAR this evening publishes 55 announcements of people wanting help. This interests every one who wants a good situation. See Page 3.

#### OLD AND NEW WHEAT FLOURS.

(By Burr.)

There is always a demand for old wheat flour, a long time after the new crop comes in. This demand is not only from the city baker, who makes quality and conditions of flour a life study, but it extends even to the rural districts where the good farmer's wife has learned that she can get best results from old wheat flour. This distinction between old and new wheat flours has existed only in later years, since farmers have adopted the practice of thrashing their wheat out of shock directly after cutting. When wheat is cut it is put into the stacks, ricks or barns, and allowed to remain until all the elements that go to make up a perfect berry had passed through the straw into the grain, there was seldom any choice between the two flours. Then the grain was allowed to pass through the sweating period and become perfectly matured. It was not difficult then for the miller to select the best wheat and to produce a good bread the same day it was ground.

Now, as conditions have changed so much, by man looking for the next best thing, it is contended that a good practice would be to hold the flour for six months, when it would be suitable for bread-making purposes. If the new wheat is ground as it comes to the mill, it is liable to become infested with eggs that soon hatch into worms. If it does not, consider how long one must be kept out of the use of the money he has invested in the wheat and the cost of manufacturing until the new is fit to grind. Do not imagine that consumers are cranks and don't know what they are talking about when they say they must have old wheat flour.

#### ANOTHER POSITION IN BOSTON.

Miss Alice McDade, of West End, who graduated at the Currie Business University, Limited, about six weeks ago and soon afterwards went to Boston with letters of introduction from the C. B. U. Situation Department, has just written to the principal, reporting that she successfully passed examinations in four different places and was selected for the position of stenographer for the John-Manville Co., of Boston at a salary of \$520 per year. The Currie Business University, Limited, is a strict school, assuring a position to every trained graduate.

#### THE OLD 800 REVISITED.

Andrew Gibson, of Red Head, a well known milkman, and his daughter, have just returned from a two months' visit to the old country, from which he first came to New Brunswick 40 years ago. They made a tour of the British Isles, visiting the various places of interest, but the greater part of the time in Ireland, Mr. Gibson's native land, and especially in Erinstown, his old home, where he has relatives now living. While in Ireland he saw the recent eclipse of the sun from the walls of Londonderry. Speaking of his trip, Mr. Gibson said that while he enjoyed visiting his old home, he preferred New Brunswick as a place to live in.

Mr. and Mrs. Bancroft have returned from a few weeks' visit to Montreal. Miss Puddington has returned from a week's visit to Lady Tilley at St. Andrews.

Miss Marjorie Barnaby has gone to Wolfville where she will attend school during the ensuing year. The Misses Marion, Eunice and Bertha Macaulay leave to-morrow for Halifax, where they will attend the Presbyterian Ladies' College. Mrs. Wm. Bells and daughter of King street East, left on the Calvin Austin on Saturday on a visit to friends.

#### LATE PERSONALS

Mr. and Mrs. B. J. Dowling and daughter arrived home on Saturday from New York. George E. Withers, letter carrier, arrived home Saturday from Toronto, where he has been spending his vacation. Mr. and Mrs. A. E. Price have gone to Upper Canada on a holiday trip. Miss M. M. Tennant, of New York, is the guest of her brother, W. B. Tennant, Brookville. Wesley arrived home Saturday after a very pleasant two weeks' trip to Montreal, Toronto and Niagara Falls. Christopher J. Kane, of Kane & McGrath, arrived home from Toronto Saturday. The Misses Stiles, of Auburndale, Mass., are the guests of Miss Bessie Warden, of Douglas avenue. At present they are spending a few days with the family at Beulah on the St. John river.

Mrs. Henry Newton and Miss Newton returned to their home in New York Saturday after a visit to Mrs. Newton's mother, Mrs. Capers and her sister, Mrs. J. L. Thorne. Mrs. Capers is a remarkable old lady, being in full possession of all her faculties at the age of 81, her eyesight being particularly good. Miss Yan Miller and Mrs. (Dr.) MacKay, formerly of St. John and now of New Glasgow, are at present in the city.

Count deBury and Miss Helen deBury are spending a few weeks at Brown's Falls.

Mrs. A. R. Emmerson, mother of the minister of railways, is quite seriously ill at Dorchester. Hon. Mr. Emmerson is at home.

Mr. and Mrs. Harly Gross returned on Saturday from their wedding trip. Mr. and Mrs. A. McAllister, of Winnipeg, who have been visiting Rev. David Long, will leave tonight for the west.

The Anaconda Standard, of Butte, Montana, announces that Miss Ethel Berry, daughter of Mr. and Mrs. Jas. Berry, will leave on Thursday for Indiana to enter Notre Dame college. Mr. Berry was formerly city editor of the St. John Sun.

C. E. Williams has gone to Woodstock, New Brunswick, to visit relatives. Mrs. Williams is spending the summer in Woodstock. — Anaconda Standard.

F. P. Johnston left today for a shooting trip to Prince Edward Island. Miss Nellie J. McGinn, of New York, who has been spending the summer with her brother at Adelaide street, returns home by this evening's train.
