NORFOLK, Va., April 29.—The first of the international boat races between the crews of warships gathered off the Jamestown exposition grounds in Hampton Roads, was rowed today between British and American crews. The British crew, consisting of the first hundred yards, and the Alabama men won.

It is estimated that over \$25,000 have been made on tomorrow's events which will be a two-mile race for four-oared ship boats, a two-mile race for twelve-oared admiral's barges, and a two-mile race for sailing launches pulled by from fourteen to eighteen oars single or double banks.

The victory of the Alabama men won for them the "Jamestown Cup," offered for the fastest crew of rowing officers in the fleets of America, England, Germany and Austria, assembled here for the exposition. The time of the winners was 10 minutes and 1 second. The course was a mile straight away. The twenty-one others represented in addition to the three named were arranged out at long intervals over the course.

**LORD CROMER PERFORMED HERCULEAN TASK IN EGYPT**

(Montreal Standard.)

"The loss of Lord Cromer to Egypt will be well high irreplaceable, for it may be said that he has regenerated the ancient land of the Pharaohs."

Mr. Alexander MacFarlane, representing a syndicate of British journals, has spent two years in Egypt studying conditions there, and especially seeking for the ulterior motive governing recent Mohammedan agitation—an agitation which has flattered the whole Mohammedan world. He was seen at the general offices of the C. P. R., having determined to make a tour of the United States and Canada on his own account.

"Lord Cromer, who now retires, accomplished a miracle which those who knew the country best deemed incredible," Mr. MacFarlane said. "The whole country was sunk in corruption. The Pasha was a man of the earth. Justice was openly bought and sold. The Khedive hated the idea of British control, and when Lord Cromer took office threatened to throw himself into the arms of France."

"All the taxes which could be wrung from an impoverished people were used for the maintenance of the palace. The palace gleamed white in the sun, but the people starved."

"The native army was disorganized. Lord Cromer, then Sir Evelyn Baring, undertook a stupendous task. He taught the Khedive to respect his authority by threatening his deposition. He purged the court of venality. He remitted the taxes which ground the people under the yoke. He appointed men of merit to the high places. The difficulties were enormous. He persevered to the astonishment and the gratification of the common people, they came to understand that they could get justice; that they were paid for their work; that their burdens were lightened."

"As for the army," Mr. MacFarlane continued, "Lord Cromer appointed a certain number of British officers upon whom he could rely, and set the native soldier on his feet, making him at once courageous and efficient."

"A good man succeeds him," said Mr. MacFarlane, "and one who was brought up under him, but it will not be undertaken sporadically. It must be general, and the beneficence which has marked the rule of Great Britain over the Mohammedans in India would give the best minds of the race reason to pause before they would counsel anything but the best."

"Asked if there was still a hint of Eastern romance in Egypt, as Sir Gilbert Parker had depicted, Mr. MacFarlane said it was difficult to have romance in the East. There was still the palace intrigue, and dark eyes in the harem still caused trouble, and it was difficult sometimes to account for disappearances."

**PLACED UNDER ARREST FOR FIENDISH CRIME**

Vermont Doctor Charged With Assault and Murder of a Four Year Old Child

BENNINGTON, Vt., April 29.—What ever mystery attached to the murder of little Ethel Mahan, the four-year-old child, whose body was found last night in a gravel pit in the North Bennington with the throat cut and evidences of a criminal assault, has been cleared up tonight, according to a statement made by Deputy Sheriff and Town Constable Fred Godfrey. In discussing the arrest of Alfred Mahan, the uncle of the child, Godfrey said tonight: "I cannot tell you all that I know that you have the right man, but I will say this, I will not say whether or not a confession has been made. Attorney General C. C. Fitts, who is a pathologist, and who is now in Bennington, will conduct a formal inquiry, and until then I cannot make a definite statement."

Alfred Mahan, who is 28 years old, was held in custody tonight. The jail authorities said that he would not be arraigned in court until after the autopsy on the body of the child. Although the feeling among the friends of the parents of the child, Mr. and Mrs. Mahan, was that the crime was a tragedy, it was strongly expressed, there was no indication tonight of any demonstration against the jail.

Deputy Sheriff Godfrey said his investigation had convinced him that Alfred Mahan had been drinking heavily for several days.

**TO STUDY CURES OF TUBERCULOSIS**

Next International Congress of Emminent Specialists Will Meet in Washington 1908

WASHINGTON, D. C., April 29.—Dr. John S. Fulton, secretary general of the National Association for the Study and Prevention of Tuberculosis, announced today that the next meeting of the International Congress of Tuberculosis, which will be attended by high officials and eminent specialists from all parts of the world, will be held in Washington between September 21 and October 12, 1908. Every civilized country will send representatives. The programme will include a thorough investigation of Dr. Gustav von Berg's cure for tuberculosis, which is attracting attention among specialists throughout the world. Another important feature will be the study of the prevention of tuberculosis based on all experiments made in the last three years.

This will be the first time the International Congress on Tuberculosis has met in the United States. The last meeting was in Paris in 1905, under the auspices of the French Government. The meeting before this was in London in 1901, under King Edward. Both these meetings were productive of excellent and far reaching results.

Argentina, one of the most active and enthusiastic participants in these tuberculosis congresses, will be the foremost nations in the science of prevention and cure of the disease, ranking far in advance of the United States.

**GEORGE RHODES' DREAM OF IMPERIAL EXPANSION**

LONDON, April 30.—The Standard this morning says that the aspirations of the will of Cecil Rhodes, to which Earl Grey, Governor-General of Canada, referred in his speech at the national arbitration peace congress held in New York April 17, were the ultimate recovery of the United States by Great Britain, British occupation of the whole of Africa and South America, and of the seaboard of China and Japan.

**THE SARDINE SITUATION IN CHARLOTTE COUNTY**

Fishermen Stand by the Union Prices and Will Not Sell for the Factors Offered by the Canneries

CUMMINGS COVE, Deer Island, N. B., April 30.—Up to the present the sardine situation remains unchanged. The fishermen's union, which has a total of eight dollars a hoghead, and the packers refuse to buy, at that price, a union man to your correspondent. The fishermen would starve rather than sell fish to the packers for less than the price stated. Another sardine man was confident that the packers would agree to pay the price asked within two or three weeks. However, it is hard for anyone to form an opinion as to the final outcome of the situation.

Meanwhile the large number of working people in Eastport and Lubec, who depend entirely upon the sardine factories for a living, are becoming restless. Serious trouble will erupt, it is said, unless the situation is relieved. The standstill not only affects the wage earners, but it also affects the sardine industry in practically the only industry carried on in these towns.

Schooner Waldo R. Capt. Hooper, arrived here from St. John recently with a general cargo.

The lobster catch was very scarce. One Deer Island fisherman hauled sixty-four lobsters traps recently receiving for his labor one lobster.

The little three year old son of Mr. and Mrs. Gilman Calder, of Fairhaven, met with a very painful accident recently. While playing with a washing machine he had two of his fingers badly crushed. Doctor Murray was called in and dressed the wounds.

The Baptist Sunday school at Chocoma Cove was reorganized the 28th inst. O. L. Haney was re-elected superintendent.

Mr. and Mrs. E. A. McNeil, of Chocoma Cove, spent Sunday with relatives at Indian Island.

Dr. Bennett of Lubec, Me., was called to Indian Island Sunday to attend Mr. W. H. Chaffey, who has been in poor health the last few weeks. Mr. Chaffey is over ninety years old, and is a retired merchant, being engaged in active business at Indian Island for many years, retiring two years ago.

The Rev. Charles F. Stebbings, pastor of the Methodist church here, will preach at Grand Manan next Sunday, consequently no services will be held in the Methodist churches of the Island.

**LATER.**

It is reported that all the sardine boatsmen are out on seven dollar orders, and if no fish are procured at that price the factories will close for an indefinite period.

**BOSTON CARPENTERS MAY GO OUT ON STRIKE**

BOSTON, April 29.—It is feared that 300 carpenters employed in the Greater Boston district may strike on Wednesday for a new wage scale. Every member of the brotherhood, unions and branch societies were urged to interview their employers tomorrow regarding the new wage scale and upon a refusal of the employers to pay the new scale to leave. There was a meeting tonight of 180 employing carpenters, at the conclusion of which it was announced that the open shop would be maintained and a sliding scale of wages paid.

**PASSENGER RATES WILL BE REDUCED**

CHICAGO, April 30.—Reductions in passenger rates to hundreds of points in Illinois, Indiana, Ohio, Michigan, Pennsylvania and other states, are to be decided upon at a special meeting of the Central Passenger Association, beginning today. No change will be made in the Chicago-New York rate because of the two-cent laws of Ohio and Indiana, but when the Pennsylvania law goes into effect September 30, the railways must make a reduction of about \$1.50 in the Chicago-New York rate, and like reductions to all other Eastern points.

PARIS, April 30.—King Leopold's visit to Paris at a time of political crisis in Belgium, and his lengthy conference yesterday with President Faillieres, Minister of Foreign Affairs Pichon, and Premier Clemenceau, has given rise to considerable gossip and speculation. The prevailing impression seems to be that the King intends to make a feint by offering the Congo Free State to Belgium for the purpose of forcing the Belgian Parliament into complying with his wishes. President Faillieres gave a gala lunch at the Elysee Palace today in honor of King Leopold.

**MRS. JARLEY'S WAXWORKS.**

An audience which filled even the windows of St. David's schoolroom last evening saw and heard Mrs. Jarley's waxworks, and the whole crowd laughed until their sides were sore. It was one of the funniest entertainments ever put on in St. John, and in it there was evidence of no little ability on the part of the performers. The part of Mrs. Jarley was consistently upheld by Mrs. Macmillan as her servants kept the audience in an uproar. The toy symphony which made up the second part of the programme was very pleasing and elicited frequent applause. The entertainment was arranged by the free kindergarten committee in aid of the school funds. Another entertainment will be given for the same object in St. David's schoolroom on Friday evening by The King's Messengers.

Those who took part in the wax work exhibition were: Miss Maud Magee, Miss Beattie Holt, Miss Lily Raymond, Miss Winnie Fairweather, Miss Kathleen Gillis, Miss Beatrice Skinner, Miss Mabel McAvity, Miss Ethel Jarvis, Miss Muriel Gillis, Miss Daisy Sears, Dr. and Mrs. Sidney Emmerson, Lawrence Allen, Master William Curry, Sidney Kaye, Charles Knight, E. S. Ritchie, Miss Beattie Foster and Miss May Winter. The following were the instrumentalists in the toy symphony: Miss Hiss, pianist; Mrs. Buchanan, triangle; Miss McCarty, cuckoo; Miss Logan, Miss Beattie, rattles; Miss Furlow, Miss Whitaker, Miss Macmillan, nightingales; Miss Barnstead, Mr. Taylor, violin; Mr. Crawford, flute; Mr. Dickson, drum; Mrs. Knight, trumpet; Mr. Cooper, bells, and Mrs. Muller and Miss Cochrane, vocalists.

**TWO MEN KILLED IN EXPLOSION**

WATERLOO, April 29.—Two men were dead and five others injured as the result of the explosion of the boiler of the locomotive on the Cranberry Lake N. R. late today.

The dead—John Stinson, fireman, Harrisville; Horace Keefe, Peddler, Benson Mines.

Injured—Bert Keys, engineer, Wanaaken; William Reynolds, paymaster, Arthur Remington, Judson Ackerman and Edwin Ackerman, Harrisville, members of a fishing party.

The injured were badly scalded but expected to recover. The engine which was worked by a cog wheel, with nine flat cars was ascending a steep grade through a cut when the explosion occurred. Keefe, who was riding on the first car, was blown the entire length of the train and instantly killed. Engineer Keys landed on the track several yards above the engine. Stinson died enroute to the hospital.

**LOOKING UP AUTHORITY.**

Professor Brandt Matthews, the essayist, entertained with an anecdote a Shakespeare-Bacon discussion at the Players' Club in New York.

"A literary woman," said Professor Matthews, "said one night to her husband: 'When I get to heaven I am going to ask Shakespeare whether or not he wrote those plays?'"

"The husband chuckled.

"'Maybe he won't be there,' he said.

"'Then you ask him,' said the lady."

I owe my success to the newspapers, and to them I freely give a certain Wanaamaker.

Advertising has advantages over the ordinary salesman in obtaining an interview. It can usually get inside the prospective buyer's office door and upon his desk, it can usually reach a vantage point which the flesh and blood salesman wildly covets, that of getting face to face with a customer.—Ad.
