

PRELATE WHO DECLARES RELIGIOUS WAR IN FRANCE

CARDINAL GIBBONS

PHILADELPHIA, Pa., Aug. 23.—In view of the encyclical of Pope Pius X. to the prelates of the Roman Catholic church in France, letters which passed between Cardinal Gibbons, at Baltimore, and Cardinal Richard, at Paris, regarding the separation of church and state in France became of great religious importance.

Cardinal Gibbons voted the sentiment of the heads of the church in this country, and his expressions of regret at the policy of the French government and his prophesies of increased disturbances make his letters a historic document. Although the letters were exchanged some months ago they have never been made public. They were printed in the Catholic Standard and Times Saturday.

The cardinal's letter, which is regarded as an important ecclesiastical state paper of the church, is in part as follows: "One century ago the first and at that time the only Catholic bishop in the United States, the Right Rev. John Carroll, of illustrious memory, laid the cornerstone of his cathedral church. Of this mother church at regular intervals other churches were born, which in turn increased and multiplied to such an extent that today the original diocese is represented by fourteen ecclesiastical provinces, embracing twenty-four dioceses, two vicariates and one prefecture apostolic.

"Such rapid increases and wondrous prosperity demanded grateful recognition of God's goodness. In this conviction the large majority of the bishops of the United States have assembled at our invitation to commemorate with us this joyous centenary, and to give thanks to God in this very church, which may be truly called the cradle of the Catholic hierarchy in this country.

"We should profit by the presence of so many distinguished prelates to offer to our brethren in France, not so happily circumstanced as we, an unequivocal testimony of our sympathy and our sincere wishes for the welfare of the Church of France. Our words are addressed to your eminence, as being the most venerable and exalted representative of the French episcopate.

"We are compelled to assure you of the keen regret which we feel at sight of the bitter persecutions to which the Church of France is subjected—a persecution which, particularly in the last quarter of a century, has been marked by exceptional and vexatious enactments the agreement which for a century bound the eldest daughter of the church to Rome, has been torn to all the requirements of justice and honor, ruthlessly dissolved. This bloody conflict immediately consequent upon the first application of this notorious law sanctioning the separation of church and state, so recently and perpetually condemned by Pius IX., do but forecast disturbances of a more serious character."

"We are compelled to assure you of the keen regret which we feel at sight of the bitter persecutions to which the Church of France is subjected—a persecution which, particularly in the last quarter of a century, has been marked by exceptional and vexatious enactments the agreement which for a century bound the eldest daughter of the church to Rome, has been torn to all the requirements of justice and honor, ruthlessly dissolved. GOVERNMENT DETERMINED TO KILL INSURRECTION

Body of Negro General, Quentin Bandera, the Most Daring Insurgent in Havana Province, Lies in Morgue at Havana--In Havana General Spirit is One of Loyalty.

HAVANA, August 23.—The government is prepared to adopt all possible measures for the suppression of the insurrection. The killing of the insurrectionary leader, General Quintero Bandera, today in an engagement between rural guards and a band of his followers, is regarded as dealing the insurrection a heavy blow.

The government is acting with energy in sending rural guards with energy against the Santa Clara rebels, and in dispatching 150 more men to defend Clara del Rio against Pino Guerra. The capture of Santa Clara by Guerra's band was not a great surprise, though it was not expected so soon. The place was protected by a very small detachment of rural guards, while Guerra's strength was much greater. The taking of Pino del Rio will be quite another matter, since there are in that vicinity twice as many troops as the insurgent. Pino Guerra was made of state and was adherent to the government to open rebellion. In this city the general attitude is one of loyalty.

WASHINGTON, Aug. 23.—Inquiries were made of state and war department officials and at the Cuban legation tonight, but up to a late hour neither had been advised of any request upon this government by the Cuban government for eight rapid fire guns manned by American artillery men.

A despatch from Mr. Sleeper, the American charge at Havana, today is to the effect that Cuba still asserts her ability to crush the revolution.

Mr. Sleeper says the outbreak has spread to Santa Clara and Matanzas provinces. Carlos Mondela, with 25 men, is now leading the insurrection in Santa Clara, while the movement in Matanzas is reported to be of little importance, and the leader is unknown.

SANTIAGO, Cuba, Aug. 23.—There has been no insurrectionary outbreak in this city or province, but many alarming reports are current. Business here is suffering on account of the disturbed condition of the country.

HAVANA, Aug. 23.—The body of the negro general, Quentin Bandera, the most daring insurgent in Havana province, lies in the morgue at Havana today, flanked by those of two mulatto comrades all rightfully gashed by the long heavy machetes of the mounted rural guards who ended their career. Across the street in Neptuno Park a great crowd, mostly negro friends of Bandera, are watching the morgue with silent interest.

The arrival of Bandera's body here was the first news of the fight in which he met his death. The conflict occurred at the Silvira farm, near Punta Brava, fifteen miles from Havana. Thirty-eight mounted rural guards under Captain Ignacio Dolgado and Lt. Martinez were searching throughout the night for Bandera's party. At 2 a. m. the rural guards were breaking through a wire fence at the edge of the Silvira farm when they were suddenly fired upon by Bandera's 20 followers.

Provincial News

CHATHAM

CHATHAM, N. B., Aug. 23.—H. E. Hale, a builder and contractor, of Rumford Falls, Me., was in town this week and has purchased from Dr. Sprout part of the Crane property near Morrison's Cove, which he will build upon. The part purchased is about ten acres in extent, and forms the front portion of the lot. Hale will sell the lots on the installation plan, and will also build houses for intending purchasers on the same principle. The opening of the new mill at the Cove, and the employment of a large number of hands, will cause building operations to be brisk in this part of the town.

James J. Dunn, superintendent of the Miramichi rolling mill, was visited on Saturday by former employees in the Miramichi plant and paper mill on Monday evening, and presented with a purse of \$50. W. Millet, Supt. died Monday evening after a lingering illness. The deceased was in the 76th year of his age, and was widely known on the North shore. He is survived by his wife, six sons and one daughter. The funeral was held yesterday afternoon at 2.30 o'clock.

The many friends of Miss Ella Bowser were grieved to hear of her death, which took place at the Hotel Dieu Hospital. One sister, Susie, survives. The funeral was held from the house on Saturday, the pallbearers being R. B. Cromble, M. S. Hocken, Dr. J. B. Benson, W. A. Hickson, Dr. Baxter and Robert Ritchie.

The continued dry weather had the effect of sending up the prices of butter and eggs, and milk became very scarce for a time.

Miss White of St. John and Miss M. Synnot, of Chatham, are visiting Miss N. Harriman, Loggieville.

The temperature record was broken on Monday, when the government thermometer registered 100 degrees. This is the highest for the past eighteen years.

Roy Gunning left on Monday night for Montreal, after spending a few days in town.

Miss Tessie Gallivan has taken a school at Barnaby River.

Miss Lillian Gallivan has returned from Point Aux Car, where she was spending her vacation.

John Walling of Campbellton is visiting his parents, Mr. and Mrs. Alex. Walling, here.

INTENSE SUFFERING OF NEW ENGLANDERS FROM HEAT

South Framingham Man Fell Dead Yesterday and Scores of Boston People Prostrated—Humidity Was far Above Normal--Cool Wave Was Welcomed Last Night.

BOSTON, Aug. 23.—The sixth consecutive day of excessive heat and humidity in this city is charged with having caused one man's death, prostrated more than a score of people, and brought decided discomfort to everybody.

Albert E. Tisdale of South Framingham fell dead on the gang plank of the steamer City of Bangor at Foster's wharf. The cause of death was given as heart failure superinduced by heat.

The busy streets of the city and crowded tenement house districts suffered the most. In the former many people were exhausted and a score were treated at the hospital, while perhaps as many more were taken to their homes. To relieve the suffering in the tenement districts Fire Commissioner Wells had the men of his department flush the streets with water this afternoon and evening.

At dawn this morning the thermometer registered more than 70 degrees and the mercury steadily climbed until it had reached above 90 in the afternoon. The humidity was officially recorded as 79 per cent, 9 per cent above normal.

The wind, which had blown lightly from the southwest during the day, shifted to the northwest during the evening and brought some relief, and a somewhat lower temperature, with showers expected to make tomorrow a more comfortable day.

BOSTON, Aug. 23.—A few hours before the heat wave, which has held persistently over New England since last Saturday, was broken this evening by the advent of a cool blast of air from the north, many portions of New England were visited by the showers of more or less intensity, and as usual there were fatalities and considerable damage to property.

The shower which passed down the Merrimack river and then northeastward over Southwestern Maine, resulted in one death at Kennebunk, a full storm in Portland, and the destruction of two barns in York, while an hour or two earlier, what was probably the same disturbance, caused the burning of the two buildings in Peterborough, N. H.

Another disturbance of comparatively small diameter, passed across Massachusetts and out to sea over Cape Cod, taking up his labors at the college and school connected with Kings. He reports prospects exceedingly bright for the college, and it is hoped that the college will open with an attendance little short of the full capacity. The college and school staffs are being strengthened and made the equal of any others in the province, as Mr. Boulder's aim is to make Kings college and its graduates the best in the college.

HOPEWELL HILL HOPEWELL HILL, Aug. 23.—The schooner E. Mayfield sailed yesterday for Red Beach, Me., with a cargo of plaster shipped by C. D. Shaw. A team of horses belonging to Theodore Stevens, attached to a mowing machine, took fright and ran away on the Delta marsh the other day and smashed the machine to pieces. The machine was in gear and made a dangerous vehicle, but fortunately no person or the horses were injured. The funeral of Miss Catherine Fales
