SYNOD OPENS SESSIONS IN FREDERICTON

Large Gathering of Clergy of Diocese and Goodly Lay Representation at Opening Meeting Yesterday.

DISCUSS KING'S COLLEGE.

Special to The Standard.
Fredericton, Nov. 7.—The annual session of the Diocesan Synod of Fredericton opened here this morning with a large gathering of the clergy of the diocese as well as a large representation of the laity. The first day was a busy one, several important matters coming up for consideration. His Lordship Bishop Richardson presided, and on the platform were, Very Rev. Dean Schofield, Archdeacons Forsythe and Raymond, Canons, Hoy, Hamington, Cowie, and Neals with Chancellor Dr. T. C. Allen. Rev. Canon Powell of Windsor was invited by the bishop to a seat on the platform.
The whole afternoon was devoted to a discussion of King's College, Windsor, its past, present and future and the relationship of the diocese with that of the sister province as regards what steps should be taken to sustain the existence and support of the ancient institution. The governors of King's College asked for \$125,000 to put the institution in good financial position and the entire assistance of the Fredericton diocese to help them raise this amount, claiming that the college is as beneficial to New Brunswick as to Nova Scotia. The synod seemed to be in harmony with respect to giving every aid possible to the movement for raising funds, the only difference of opinion arising as to the action that should be taken. Rev. Canon Powell spoke eloquently in behalf of the extension movement and he was given a deep impression. When he and Mr. Harris (the latter secretary of the extension movement) had finished their addresses, Canon Smithers followed with a resolution pledging the sympathy of the diocese to the movement. G. O. Dickson, City and the Very Rev. Dean Schofield in strong speeches claimed that the time had come when if the diocese is to take a definite action, it should do so and not meddle with the question any longer.

RAILWAYS WANT MORE MONEY FOR MAINTENANCE

Considered at Afternoon Session of Railway Commission and Shelve Till Late in January.

Ottawa, Nov. 7.—The most important application to come up at this afternoon's session of the railway commission, was the consideration of the question of remuneration to be paid railway companies for carrying the Canadian mails. The original contracts with the railways were nearly all made many years ago, that of the Canadian Pacific Railway being executed in 1885 and with the Grand Trunk Railway much earlier.
Since then the railways claim the increase in mails has been one of about 800 per cent, while the train service has increased 400 per cent. The remuneration they consider, should increase along the same scale. A large amount of the country's money is thus involved.
When the case was called, F. H. Osborne, of the justice department, asked for a postponement until Jan. 23, which was granted.

PROTEST CONTEST OF LAURIER'S ELECTION

Fyled Exception with Mr. Justice Laoureux in Practice Court — Mr. Etherier's Grounds for Contest.

Montreal, Nov. 7.—Athanase David, of Elliott and David, appeared before Mr. Justice Laoureux in the practice court this afternoon on behalf of Sir Wilfrid Laurier and filed a plea in objection to the contestation of the election of the ex-premier in Louisiana. The merits of the charges brought by Benjamin Etherier, the plaintiff, were vague and pointed out that the plaintiff had not complied with all the formalities demanded by law in entering the contestation proceedings.
Mr. Etherier will have a chance to reply to the exception after which the case will be argued on its merits. The charges against Sir Wilfrid Laurier are in general that the electors were corrupted by the distribution of free meals, refreshments, etc.
That Sir Wilfrid or his agents re-

END OF MANCHU DYNASTY NEAR

Little Hope of Even Nominal Throne -- Small Danger of Attack on Foreigners -- Court Prepared to Flee -- Viceroy of Nanking Suicides -- Rebels Gain Ground.

DR. WU'S REVELATION.

Jordan, protested on the ground that Great Britain was entitled to operate the railway in the event of the suspension of services in accordance with the old agreement. Consequently the line is still open.
The Chinese report that the Kaigai railway is in the hands of the revolutionaries, while a rebel force is proceeding apparently in the direction of Peking, at a point on the railway about seventy miles from the capital. All the railway connections with the capital are threatened. It is expected that the revolutionaries will lead to the revolt of the remainder of his old sixth division, which is now with Yuan Shih Kai. The government reports, however, that two train loads of imperial soldiers are now on their way to Hankow, and these may be sufficient to prevent a mutiny.
A hundred carts left Peking tonight for Jehol, and two hundred mounted Manchus proceeded in the same direction early in the day. The Chinese believe that this advance party is preparing the way for the flight of the court, but many Manchus are feeling and troops are constantly moving in the vicinity of Peking.
Nanking, China, Nov. 7.—The Viceroy at Nanking committed suicide tonight. The situation is serious. The Viceroy's instructions from Peking had ordered him not to resist the revolutionaries by force, but to peacefully surrender. The Tartar general commanding the Manchus refused to obey these orders. A condition of panic prevails.
Washington, D. C., Nov. 7.—Friends of Dr. Wu Tingfang, when they read today that the former minister from China to the United States had been chosen minister for foreign relations with considerable interest in a spiritual sense in which he took part here two years ago, when the events of the past few weeks were foretold to a marked degree. Dr. Wu's penchant for investigation, while he was minister, had led him to attend to the man in the name of being 'The Man from the East' during his visit to this country, and he was said to have conveyed his messages from the Spirit world.

ARABS AND ISRAELIS AFFRAY

Several Collisions During the Last Few Days—Akabah Bombarded by Italians — Turkish Gunboat Sunk.

U. S. SENDS CRUISER.

Tunis, Nov. 7.—Groups of Italians and Arabs came into collision today and a desperate affray ensued. It required strenuous efforts on the part of the whole police force reinforced by detachments of troops to restore order and this was only accomplished after a large number had been killed or wounded on both sides. In addition a police sergeant was killed and several of his men were badly hurt.
Constantinople, Nov. 7.—An Italian cruiser bombarded the town of Akabah (Arabia) on Sunday, sinking the Turkish gunboat Itald, which was lying in port. The second officer of the gunboat was killed, but the others of the crew escaped. Subsequently, the cruiser shelled the hilly portion of the town. The damage is not stated. Before sinking, the gunboat returned the cruiser's fire. Though not so stated in the despatch from Constantinople, the town meant to be Akabah, a fortified village of Arabia on the east side of the Gulf of Akabah, near its northern extremity. The Gulf of Akabah is the eastern horn of the Red sea, and the significance of the despatch is that it indicates that the Italians, meeting with unexpected opposition in Tripoli, have carried out their threat to attack the enemy's actual country in the Red Sea.
Paris, Nov. 7.—A Tripoli despatch from an Italian source says that the Italian advance began today. A turning movement was executed and the Hamedieh fort was occupied. The force today does not claim that the Turkish troops have re-occupied Derna. An official telegram from that quarter, however, reports that the Turks won a big victory over the Italians, 600 of the latter being killed and 18 guns and large quantities of ammunition and provisions being captured. The party has despatched a messenger to the governor, Hady, claiming that she has annexed Tripoli and Cyrenaica, setting forth Turkey's determination to resist.
Washington, D. C., Nov. 7.—The scout cruiser Chester which was sent from Malta to Tripoli by the state department for the purpose of ascertaining the extent of the cholera outbreak, has completed her mission and is on her way to Gibraltar. The ship, commanded by Commander Wood, said he stood in no need of help and rather than jeopardize the health of his crew and passengers he reported free from cholera. He will await orders there.

NO COMMISSION FOR CHELSEA

Voters Against That Form of Government -- Governor Foss Returned -- Socialists Carry Day in Shenectady -- Baptist Minister Mayor -- Tammany Maintains Supremacy in New York.

CAMBRIDGE KEEPS COMMISSION.

Boston, Nov. 7.—The results of the municipal elections today point to a Republican victory in most quarters, while Schenectady for the first time in its history returned a Socialist majority to the civic offices, with a Baptist minister as mayor. The role of Tammany Hall remains unshaken in New York state, where Republicans were in the majority. Returns from Providence at midnight indicate a victory for the Republicans who had a majority in the part of the state heard from by midnight. Governor Pothier, a native of Quebec, was returned to office apparently by a greatly increased plurality. With 108 out of 184 voting precincts heard from the vote was: Pothier, 21,119; Waterman, Democrat, 16,533.
The same district last year gave Pothier 18,850, Waterman 18,119. The Republican gains extended into the general assembly where the Republican majority of last year has been augmented apparently so that the Democratic representation was reduced to 21. Indications at midnight were that the Senate would be solidly Republican.
New York, N. Y., Nov. 7.—Returns received up to midnight from throughout the State on the Assembly election indicate that the complexion of that body will be as follows:—Republicans, 100; Democrats, 48; Socialist, 1. This would mean a net gain of 37 seats for the Republicans, and give them a majority of 56. In New York City election for local offices, Tammany Hall maintained its supremacy, but lost many votes to the Republican Fusion forces.
Rochester, N. Y., Nov. 7.—Hiram H. Edgerton, Republican, was elected mayor of Rochester today for the third time by about 6,500 plurality. He carried with him the entire city ticket. The Republicans have 19 of 22 seats in the common council, Munroe county also went Republican and will send a solid delegation to the assembly.
Plattsburg, N. Y., Nov. 7.—Andrew G. Senecal, Democrat, was re-elected mayor of Plattsburg and all six of the Democratic aldermen were elected.
Buffalo, N. Y., Nov. 7.—The Republicans made practically a clean sweep in Buffalo and Erie county today. The principal candidates on the city ticket were elected by pluralities ranging from 2,500 to 10,000 in the upper house. All five Republican candidates were elected and in the board of aldermen the result is, Republicans, 18; Democrats, 4. Republican gains of 18 seats.
Auburn, N. Y., Nov. 7.—Thomas H. O'Neill, Republican, was re-elected mayor of Auburn defeating Thomas M. Osborne, Democrat, president of the Democratic League. Socialists made remarkable gains and elected an alderman and a member of the board of supervisors.
Schenectady, N. Y., Nov. 7.—For the first time in the history of this county, Socialists have polled a counting vote electing a mayor all but one city office which will make the common council and probably the county board of supervisors socialist. Rev. Dr. George R. Lann, pastor of the United People's church, and editor of the Citizen's socialist weekly, was elected mayor by a plurality of 1,999, or practically two thirds of the total vote polled.
Cleveland, Ohio, Nov. 7.—Cleveland which two years ago went Republican electing Herman C. Baehr mayor over the late Tom L. Johnson, today returned to the Democratic field, electing Newton D. Baker, Tom Johnson's political heir, mayor over Frank C. Hogen, Republican, by about 18,000 majority. The entire Democratic city ticket was won with the exception of five councilmen.

THE DANGER OF SPREADING FALSE NEWS

Sir Edward Grey Scores Sensational Newspapers — International Complications Arising from Such Reports.

SINISTER INTERPRETATION.

London, Nov. 7.—The Secretary of Foreign Affairs, Sir Edward Grey, took occasion in the House of Commons today to read the so-called sensational press homily on the danger of spreading false news to other nations. "Some of these days," he remarked, "if false news continues to be reported, public resentment and excitement will get beyond the control of the government concerned."
The incidents which called for these remarks were an alleged interview with the British Ambassador at Vienna, and an alleged passage in the speech of Home Secretary McKenna, both strongly criticising Germany. The foreign minister explained that neither the ambassador nor McKenna has been guilty of the alleged indiscretions, but before this was known in Germany, the incidents had been construed as a direct public international affront which had given rise to great resentment and called forth a request for explanation from the German minister.
"There had been," he continued, "a tendency on the part of the newspapers of Great Britain and Germany to put a sinister construction upon the actions taken by the British and German governments respectively in different parts of the world."
Several millions from certain camps for the furtherance of their agents; that Sir Wilfrid or his agents' carriage, and that Sir Wilfrid and his agents were guilty of circulating untrue reports about the Conservative candidate, Dr. Lorrie.

PORTUGUESE POSSESSION IN 'REVOLT'

Lisbon, Nov. 7.—Serious news is received daily from Angola, the Portuguese possession in western Africa. A revolt among the natives is spreading rapidly and they are burning and pillaging everything in their path. In this region of the Caecero and Casal, warlike tribes attacked the sea, massacred a number of Europeans after subjecting them to terrible tortures.
The Indian population by provinces is—Alberta, 2,688; British Columbia, 24,581; Manitoba, 6,104; Nova Scotia, 2,626; New Brunswick, 1,892; Prince Edward Island, 292; Ontario, 22,496; Quebec, 11,482; Saskatchewan, 9,439; Northwest Territory, 12,625; Ungava, 1,246; Yukon, 3,500; Eskimos, 4,600.

BOSTON HUNTERS LUCKY IN MAINE

Harold Archey Gets the largest Buck Brought Down This Season in Maine Woods.

Bangor, Me., Nov. 7.—About 25 deer were received here today on the trains from the game regions. One of the finest bucks seen here this season was brought down by Harold W. Archey of Boston and weighed 235 pounds, the largest of the year so far.
O. J. Kallech, of Boston had two deer, C. F. Lanchon, of Boston one. A deer was tagged to E. B. White of Taunton, Mass.
Maine hunters with deer were J. E. Rounds of Ellsworth Falls; James Malone, Richard Martin, T. C. White and P. H. Fickett, of Bangor.
Hunters report that the woods are still hard and still hunting practically impossible. Tonight a heavy storm is moving north which will probably bring snow and improve conditions.

Worse than Pugilism and Better than Aviation—Attributes Morbid Motive to Spectators.

JUDGMENT DEFERRED IN ELECTION CASE

Quebec, Nov. 7.—Owing to the indisposition of Judge Langelier, judgment which was to have been given in connection with the investigation into the charges against Messrs. LeTourneau and Depeyre for alleged contravention of the Dominion elections act was not given this morning. This charge, it will be remembered, arises out of the recent federal election in Quebec East, where Leduc, the opponent of Sir Wilfrid Laurier retired to see the aeronaut in flight, but with the anticipation of seeing him fall and perhaps be killed.

RISE IN CEMENT

Winnipeg Board of Control Instructs Commission to Probe Cause—Price Gone Up Dollar Since 1909.
Winnipeg, Nov. 7.—The board of control this morning instructed the works and property committee to conduct a thorough investigation into the causes of the rise in the price of cement since the famous Max Atkinson merger of two years ago. Controller Waugh said the price was now \$2.53 a barrel, or a dollar more than in 1909 while the quality had deteriorated. The municipalities throughout the country were very large users of cement and were at the mercy of the combine. Following the report of the committee it is probable that Winnipeg will invite the co-operation of other municipalities with a view to asking for government control of the price of cement.

LOS ANGELES CAL. NOV. 7.—THE JURY

box in the McNamara murder trial was filled today with talesmen accepted as to cause and peremptory challenges were exercised by both sides. Tonight but five of the twelve men remained and the defense had reserved the right to challenge some of those who remained if it desired. Should it not challenge it cannot excuse these men later on. The defense lost every appreciable point for which it contended today.

NEW YORK, NOV. 7.—PUGILISM IS

better and aviation is the only sport worse than football, according to Dr. Charles Elliot's farewell remarks to reporters as the President-emeritus of Harvard University sailed today for a trip around the world.
Dr. Elliot is sailing on a peace mission, as representative of the Carnegie endowment, the organization and aims of which he is to explain to Asiatic countries. The matter of sports came up when an interviewer ventured to ask the distinguished educator what he thought of Harvard's defeat by Princeton.
"I don't take much interest in football," he replied. "It's too dangerous for professional players, and college men can't play it more than a year. They are liable to see many serious injuries for life."
"Is there anything to your mind worse than football?"
"Yes, aviation. It is demoralizing to the spectators. They don't go to see the aeronaut in flight, but with the anticipation of seeing him fall and perhaps be killed."
