

RUSSIA CANNOT BE EXHAUSTED OR CONQUERED

SYNOUD GIVES APPROVAL TO PROHIBITION

Resolution in Favor of Prohibitory Law Adopted by Big Majority.

SEVERAL MEMBERS SPEAK AGAINST IT

Bishop declares Church open to criticism if it did not endorse the movement.

Special to The Standard.

Fredricton, Feb. 2.—The Anglican Synod of the Diocese of Fredericton this afternoon passed their stamp of approval on prohibition for New Brunswick.

The Synod was divided upon the question of whether prohibition would be a boon to the temperance cause or not and a number of both clerical and lay delegates spoke against prohibition but when it came to a vote there was a big majority in favor of approving the resolution for a prohibitory law.

Whatever doubt there might previously have been as to what the outcome of the vote would be was swept away when His Lordship Bishop Richardson made a spirited address in the course of which he declared that the Church would be open to criticism by other Christian denominations if it did not approve of the prohibition resolution.

He predicted dominion-wide prohibition at an early date. The report of the committee on the Bishop's Charge was presented by Rev. R. P. McKim as follows:

To Right Reverend Lord Bishop and Diocesan Synod of Fredericton. Your committee begs to report: That they have carefully considered the Bishop's Charge and would make the following recommendations:

Regarding the section of the Charge referring to the appointment to parishes your committee reports that the following resolution was passed: "Resolved that a committee be appointed to deal with the matter of preferment and to consider and report thereon at the next meeting of the Synod."

"Touching condition of mission fund referred to in the Bishop's Charge, your committee fully concurs with His Lordship's pronouncement of a deficit in missionary offerings and thereby recommends that clergy and congregations throughout the diocese be urged to make an earnest effort to increase their offering and to pay them more promptly. To this end the committee strongly recommends more general use of duplex envelopes and appointment of a missionary committee of men in every parish whose duty it shall be to see that every parishioner be urged to contribute to missionary funds of the church."

With regard to the Bishop Medley Memorial Missionary Canon, the standing committee agrees fully with that section of His Lordship's Charge referring to Bishop Medley Memorial Missionary Canon Fund and would strongly recommend, with a view to carrying out his Lordship's suggestion, that a financial agent be appointed whose duty it will be to take necessary steps in conjunction with a committee consisting of rural deans to raise the required amount.

Referring to His Lordship's impressive utterances on the most important subject of prohibition, it was resolved that this committee fully concurs in the Bishop's recommendations to promote such legislation as will tend to adequately suppress or prohibit the sale of intoxicating liquor.

Diocesan registrar—This committee recommends that the Bishop's appointment of diocesan registrar be made permanent.

All of which is respectfully submitted. Rev. Mr. McKim favored the resolution and congratulated the Bishop on leading the way in the fight against the liquor traffic. He believed the Synod would stand behind His Lordship in the fight. Rev. C. J. Wilkinson of Springhill said that prohibition had not been satisfactory in other places and there was no assurance it would help in this province.

"Where are we going to get wine for Holy Communion," he asked. "It may come to that."

"That is provided for in every prohibition act," said Bishop Richardson. Rev. Mr. Wilkinson, in conclusion, said there were places where prohibition had been more of a hindrance than a help to temperance.

RUSSIA'S RESOURCES BOUNDLESS AND SHE CANNOT BE BEATEN

London, Feb. 2.—M. Sturmer, the new premier of Russia, declared in an interview in the Novoye Vremya of Petrograd, as quoted by Reuter's correspondent there, that his policy would be inspired, above all else, with the one idea of bringing the war to a successful issue. He said no proposals for a separate peace would provide a solution of the problems which confront the nations as a result of the world-wide conflict, and added: "Those who speak of financial or economic exhaustion of Russia appear ridiculous to me, for Russia cannot be exhausted or conquered."

Rev. T. Parker of Norton said that Mathe was in much worse straits than New Brunswick from the standpoint of temperance.

Rev. H. T. Buckland of Greenwich said favoring prohibition showed a weakness of the church, which should continue to preach temperance and not try to make men temperate by legislation.

Dean Neales said the committee had been unanimous and said the proper way to keep the body temperate was to have spiritual help given. However, he thought it advisable to suppress the liquor traffic.

Rev. F. M. Bacon of Hichibucto said that in four years under local option provisions of the present New Brunswick liquor license act, Hichibucto had been practically free from liquor. He was in favor of prohibition for province and dominion.

Rev. J. Spencer of St. George said that to vote in favor of prohibition meant total abstinence on the part of clergy and laity and he didn't know what better could be established.

Rev. Richard Coleman of Dalhousie said less liquor was sold in Dalhousie under Scott act than before. He favored prohibition.

Rev. G. F. Scovill of St. John favored the recommendations of the Bishop in his charge and said the world recognized that prohibition was the best plan to suppress liquor traffic. He declared that prohibition had been a success in Maine.

Rev. Mr. Parker disagreed regarding the success of prohibition in Maine and said that it had resulted in selling what was really rank poison as liquor. Men would get liquor, he said, as long as it was manufactured.

Archdeacon Newham said that his own observations while in Prince Edward Island had convinced him that prohibition was a failure there. He saw more drunkenness, he said, in that cotown than he ever saw in St. John in the same length of time. The secret of any liquor law, however, was in the enforcement of it, and he thought something should be done to assure enforcement of the act if New Brunswick was to have prohibition.

Rev. E. Halstone moved that the clergy and laity vote separately, but the resolution was not seconded.

The first layman to speak on the resolution was W. M. Jarvis of St. John. He placed himself on record as opposed to prohibition, which, he said had been a failure in P. E. I. Maine and elsewhere. He called for an independent vote and said that Scott Act had promoted the sale of bad liquor. He believed that no liquor should be sold without first passing government analysis and inspection.

E. H. Clarkson of Stanley and Wm. Howe of Welsford both in prohibition, the latter calling for an unanimous vote.

Rev. H. Franchette of Hartland said the eyes of the people of the province were upon the Synod which must set an example and favor the resolution.

J. Roy Campbell of St. John spoke strongly against it. He did not believe the province was ready for prohibition and knew that St. John people were not ready for such a measure and doubted if Fredericton was. St. John was an orderly and well conducted city under license law, the provisions of that act being much more rigidly enforced than was Scott Act in other places. The Synod had resolved to total abstinence and impressed upon the clergy that so long as they were in habit of selling liquor, no matter in how mild a form that power to induce others to give up that right was practically nil. There was only one grand way to deal with the man in the ditch and that is total abstinence.

Before vote was taken His Lordship asked the Synod to kneel in silent prayer and at the conclusion of the prayer the Synod endorsed the resolution of the standing committee by a large majority.

After the report of the standing committee had been adopted, as a whole Rev. R. P. McKim moved, seconded by Very Rev. Dean Neales, that a resolution of appreciation be forwarded to Rev. W. W. Craig of Montreal, who had preached the sermon at the annual Synod service. On motion resolutions of condolence were passed and ordered forwarded to Archdeacon W. O. Raymond of St. John and Canon Arns of the Trinity church, St. John, who are continuing to their homes through illness. On motion of Rev. E. Halstone a resolution was passed to Anglican chaplains from Fredericton diocese who are on active service, expressing appreciation of their patriotism.

Reports were received from the Board of Education, Governors of Kings College, and committee on church building.

When ordering direct specify "Doan's"

DEBATE ON ADDRESS CONCLUDED YESTERDAY

Parliament ready now to proceed with the real business of the session—May bring down Estimates to-day.

(Continued from page 1) (Canadian Press.)

Ottawa, Feb. 2.—Collection of payments on government loans on western farmers' grain for seed wheat advances was discussed for over an hour at the opening of the House, on motion of Mr. W. E. Knowles, of Moose Jaw, who moved the adjournment of the House to consider a matter of great public importance. He stated that while the government was collecting only half of its lien this year in ordinary cases in the case of a farmer unfortunate enough to have a judgment entered against him the last straw was piled on his back by the collection of the full amount of the lien. The Solicitor General, on Monday, had stated there was now no difference between one farmer and another, but Mr. Knowles said since wired to Moose Jaw and ascertained that such was not the case. He asked the government to cancel the regulations not having been notified and to refund the money collected.

Hon. Dr. Roche stated that the Solicitor-General's statement was correct. Owing to a misunderstanding of instructions from Ottawa interior department officials, last September, he started to make full collections of money due for seed wheat advances. He favored the resolution as did also J. P. Burchill of Nelson who also said that the government had demanded to revert to the practice of collecting one-half only, even if a judgment had already been entered against a farmer.

Frank Oliver's discussion followed. Hon. Canadian government had demanded the first grain of the farmer's new crop in payment of his lien, and that unless the regulations were relaxed

used to endorse prohibition on previous occasions and should do so again.

M. G. Teed of St. John said that because prohibition was not successful elsewhere it didn't follow that it would be a failure in New Brunswick. He favored the resolution as did also J. P. Burchill of Nelson who also said that the government had demanded to revert to the practice of collecting one-half only, even if a judgment had already been entered against a farmer.

Frank Oliver's discussion followed. Hon. Canadian government had demanded the first grain of the farmer's new crop in payment of his lien, and that unless the regulations were relaxed

used to endorse prohibition on previous occasions and should do so again.

Tea Worth Drinking "SALADA"

Sealed Packets Only - Never in Bulk.

Mr. Demers said that Mr. Patenaude had made a little nest for himself, and was to be congratulated upon that fact.

Mr. Demers asserted that there were certain scandals which should be investigated. Rotten hay, he alleged, had been sold to the government in Montreal. In addition certain Montreal war contractors had paid their men 35 cents an hour while the government was paying 60 cents an hour.

The address in reply to the speech from the throne was then adopted and the House adjourned.

FUNERALS.

The funeral of Mrs. Katherine Sullivan took place yesterday morning at 8:30 o'clock from the residence of her son-in-law, Wm. McCready, 628 Main street, to St. Peter's Church, Requiem High Mass was celebrated by Rev. F. Grogan, C. S. R., with Rev. J. McDougall, C. S. R., as deacon and Rev. John McPhall, C. S. R., as celebrant. Interment was in the new Catholic cemetery. Relatives acted as pallbearers.

Yesterday afternoon, from her late residence, 143 Acadia street, the funeral of Mrs. Arthur Craft took place. Rev. T. J. Delmstadt conducted services, burial in Cedar Hill.

At the funeral of Miss Florence Elizabeth Green, Millidge street, the services were conducted by Rev. Geo. Steel. Interment was in Cedar Hill.

From the Mater Misericordias Home, Sydney street, Rev. Dr. O'Reilly reading the prayers, the funeral of Mrs. Rose Mackin took place at 2:30 o'clock yesterday afternoon. Interment was in the new Catholic cemetery.

Theatrical News. Do not fail to read, every morning, The Standard's theatrical page. It contains matter of live news interest to everyone, and once in a while there will be found on it announcements of real cash value. It is a feature which will appeal to all.

\$500,000 Serial Diamond from the Sky Begins at Unique Today.

Moncton Rates Approved. All the members of the Public Utilities Commission were present here yesterday morning to hear the application of Moncton Tramways, Electric and Gas Company, Limited, for the approval of their schedule of rates which have never been before the commission for authorization. The company was represented by W. B. Chandler, K. C. and the manager, and the city of Moncton was represented by City Clerk Mackee. No objections to the schedule were made, and the rates were approved.

Clean bright faucets. No grease and grit in the cracks or joints—when you use Old Dutch.

Old Dutch cleanser.

Mr. Patenaude referred in this connection, to the joint effort of himself and Hon. Rodolphe Lemieux in the recruiting of the 22nd French-Canadian Battalion, now overseas. He also pointed out that the Catholic clergy in this province had done great service in connection with the raising of money for patriotic purposes. In this regard he reminded the House of recent contributions by the Sulpician Order, and the Grey Nuns, of Montreal, to the Patriotic Fund in that city.

Some of the Pugsley-Carroll Brand. Mr. Demers, St. Johns and Berville, asked why the government had gone outside the House of Commons to appoint a minister of inland revenue, and what particular qualifications Mr. Patenaude had for a place in the cabinet. When it was a question of shouting for Mr. Borden, Mr. Patenaude had shown his opinion when it was a question of shouting for Mr. Bourassa, he had shouted for Mr. Bourassa.

Mr. Patenaude had presided at the big Nationalist meeting in the Ontario skating rink in Montreal last night. He had travelled around Quebec with Mr. Bourassa, and because of his similarity to those of Mr. Bourassa, immediately after the election of 1911 he had been appointed Conservator of the Province of Quebec.

Pneumonia Finds Its Victims Weakened by Colds and Grip

This Letter Tells How to Gain Strength After Colds by Using Dr. Chase's Nerve Food—Pneumonia is Prevented.

Epidemics of colds and grip are almost invariably followed by much loss of life from pneumonia. When the body is worn down by colds and the lungs weakened from coughing, pneumonia finds an easy victim.

Careful inquiry into many thousands of cases of pneumonia shows that this disease usually attacks the person who is tired and worn out, and who is therefore lacking in resisting power.

In this letter is described a case in which the patient was in the greatest danger of contracting pneumonia or some similar disease, but fortunately she sought the aid of Dr. Chase's Nerve Food and was soon restored to health and strength.

Miss E. J. Buswell, Centralia, Ont., writes: "Last winter my mother contracted a bad cold. She was bothered with shortness of breath, wheezing, fevered and too sore to cough. Our doctor prescribed treatment which she got up to was tired, always tired and weak. I got her three boxes of Dr. Chase's Nerve Food, and she soon improved. Her eyes became clear and bright, the skin on her face and she began once more to take up the reins and look after the household duties."

It is always wise to keep the vitality of the body at high-water mark in order that the attack of disease may be resisted. Rich, red blood is the greatest of germicides, and because Dr. Chase's Nerve Food forms rich, red blood it is a most effective means of preventing serious diseases such as grip, pneumonia and consumption.

Every day we are learning more and more the value of preventive treatment. That is the reason why the sales of Dr. Chase's Nerve Food are increasing so enormously. People are coming to realize how much wiser it is to keep well than to try to obtain cure after some serious disease has taken its toll. A box of Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Herbert C. Cox, President and General Manager, J. M. QUEEN, Manager for New Brunswick, St. John.

Employment Wanted. For Returned Soldiers honorably discharged from Military Service.

Employers of labor having positions to fill, are earnestly appealed to on behalf of these men, and the citizens' committee, having the matter in charge, hope that all employers of labor, and those who may have positions to fill, will show their patriotism by giving returned soldiers the preference in any positions they may have to offer. The committee will appreciate every effort made, and shall be pleased to receive any communications at the office of the secretary.

YARMOUTH WOMEN DEAD IN MASSACHUSETTS

Yarmouth, Jan. 31.—Word has been received here of the death in Haver, Mass., on Saturday, of Mrs. Sarah Dickland, a native of this town. Mrs. Dickland was about 90 years of age during the days of the Yarmouth Fishery Company, was well known to the travelling public as stewardess of the Yarmouth-Boston boats. She leaves three sisters, Mrs. James Carly, Mrs. George Silver, and Mrs. Charlotte-by-the-Sea, Mass., and Mrs. Elizabeth, Haver, Mass., at whose home she died. There is also one brother, Joshua Doane, of Cape Fort, Yarmouth. The remains will arrive here on Wednesday's boat and a funeral will take place the same afternoon.

"The Perfect Day" is the day when you work in harmony with law.

Health comes from Harmony. Get in harmony with Nature's laws by eating Shredded Wheat, a simple, natural, elemental food which supplies the greatest nutriment with the least tax upon the digestion. Try it for breakfast with hot milk or cream. Delicious with sliced bananas or other fruit. Made in Canada.
