TWO CENTS

YORK-SUNBURY ELECTED R. B. HANSON BY ALMOST ONE THOUSAND MAJORITY

GREAT AND TIMELY VICTORY SAYS PREMIER

Special to The Standard.
Fredericton, May 29.—Among the congratulatory telegrams received by Mr. R. B. Hanson since his election on Saturday is the following from the Premier, the Right Hon. Arthur Meighen:
"You have won a great and timely victory. I send you my sincere congratulations and join those of my colleagues and the government supporters here. Please express my personal thanks to all who assisted in administering a crushing defeat to a reprehensible campaign of misrepresentation and class appeal. The result does credit to the people of York-Sunbury, and this government will continue to merit the confidence reposed in us by them."

LIBERALS THINK HOUSE RUSHING AT LAST MINUTE

Millions to be Voted in Dying Hours of Session is Claim.

PREMIER CHANGES LIBERAL BLOCKADE

Pension Bill Will be Introduced to Commons This Afternoon.

Ottawa, Ont., May 29.—Sir George Foster announced in the House of Commons Saturday afternoon that government action yet to be brought down would arise out of the report presented by the committee on pensions. This would be ready on Monday.

Mr. W. S. Fielding said that in the past parliament he had been too prone to rush matters during the last days before adjournment. He protested against unnecessarily haste. The passing of estimates, he said, offered the only opportunity to members to discuss certain branches of public business. There were hundreds of millions of money yet to be voted, and they should not be rushed through at the last moment without any consideration.

Premier Objects.

The prime minister deprecated the assertion that the government wished to hurry matters unduly. He agreed that it had been the custom to put through business more expeditiously toward the close of the session. The opposition, he thought, were to blame for having wasted many days in unnecessary discussions. It was not reasonable to expect him to leave parliament before adjournment. The country expected him to remain until then, and he would do so.

Hon. W. L. Mackenzie King thought that in view of the early prorogation perhaps some legislation should be left over until next session, particularly the Lake of the Woods control bill. The prime minister felt it necessary that this bill go through before the session closed.

FIRES IN MONCTON

Moncton, N. B., May 29.—Two small fires occurred here between one and two o'clock this morning causing losses aggregating between two and three thousand dollars. A garage and a house owned by Millidge Crossman on Albert street were totally destroyed, and a few minutes later a fire broke out in the West End Meat Market on High street, owned by Campbell and Foster.

ROBBERY AND FIRE.

Montreal, May 29.—Damage to the extent of \$100,000 was done by burglars who set fire to the top floor of the George Gales and Company stores at 481 St. Catharine street west, in an attempt to open the safe today. The neighboring stores of Fairweather, Limited, and Paquet and Grenier, Limited, were also slightly damaged by water and smoke.

SYDNEY MAN SUICIDES

North Sydney, N. S., May 29.—Sixty-seven years of age, in poor health, and said to be despondent on account that his recent engagement to be married was broken off, William Merritt hanged himself in a garage near his home in Sydney Mines yesterday.

SIR SAM HUGHES

Ottawa, May 29.—Sir Sam Hughes underwent his third blood transfusion today and tonight was reported as progressing favorably.

With One Poll to Hear From He Has Lead of 963 Votes.

MAY BE REDUCED IN FINAL COUNT

Victor Criticizes Extremely Radical Views of Some in the Campaign.

Special to The Standard.
Fredericton, N. B., May 29.—Richard B. Hanson, K. C. of Fredericton, candidate of the National Liberal and Conservative party, carried York-Sunbury on Saturday for the Meighen government by a majority approaching 1,000. Complete returns were not available up to a late hour tonight, as Nortonville, located in the far north-eastern corner of the constituency, had not been heard from. There are only 67 eligible voters in Nortonville, and complete returns with that exception showed 1,119 votes for Mr. Hanson and 6,207 for Ernest W. Stairs, the United Farmers' candidate.

One Poll Missing.

With Nortonville returns missing Mr. Hanson has a majority of 963. But it is expected Nortonville will show about 2 to 1 in favor of Stairs as the United Farmers' organization at Millville, the nearest centre, has been active there. The final majority for Mr. Hanson will therefore probably be between 925 and 950.

The government party appealed to the people on the tariff issue and sought endorsement of their policy of moderate protection as well as their general record and the suggestion that the administration should carry on.

Farmer Leader Here.

Hon. T. A. Crerar, leader of the agrarians, on his visit here announced that the tariff was the issue in the contest, too, but since then everything from religion to radicalism has been introduced in the fight by the combination of the Agrarians and Liberals, one of the principal speakers brought in from the west urging the tollers—farmers and labor—to stand together for victory for the common people. Mr. Stairs had the endorsement of the Liberal executive for York-Sunbury at the outset in the campaign and he also had the active support of what organization Liberal party has in York county, especially in Fredericton, Devon, Maryville and McAdam—the urban polling districts.

Women Were Active.

Women electors and workers took a prominent part in the battle of ballots. The government party had an especially active and efficient organization of women workers in Fredericton, who claim that as many women as men voted in the city and that at the up-town polls they got eighty per cent. of the women's votes for the government. In the rural districts, the women voters were as numerous as the men.

Charles T. Wade Dies Suddenly

Left Penniac for Portland, Me., Three Days Ago on His Annual Visit.

Special to The Standard.
Fredericton, N. B., May 29.—Word has been received here of the death at Portland, Maine, of Charles T. Wade of Penniac after a few days' illness. Mr. Wade was postmaster at Penniac and three days ago left on his annual visit to his son at Portland. He was eighty-nine years of age and is survived by his widow, five sons, Harry of Portland, Maine; Thomas of Penniac; Gordon of Minto, and William and Melvin, in Wisconsin; one daughter, Mrs. C. N. Goodspeed of this city, twenty grand children and two great grand children.

The remains will leave Portland tonight and arrive here at noon Monday and will be taken to Penniac, where the funeral service will be held and interment made.

CHILD KILLED BY MOTOR.

Halifax, May 29.—Running to meet father "Billy," three year old son of John Fry, Jr., of Halifax, was accidentally killed when a motor car driven by H. M. Stairs, ran over him at Rockingham on Saturday.

GOES TO MAINE CHURCH.

Dorchester, May 29.—Rev. B. H. Thomas, who recently resigned as Protestant chaplain at the Maritime Penitentiary has received a call to the pastorate of the First Baptist church of Washburn, Maine.

U. S. PLAYERS WON.

MISSING OFFICER A SINN FEIN VICTIM

Raid on Offices of Michael Collins Shows Major Gamston Smith Killed in Action

Dublin, May 29.—It was announced from Dublin Castle today that documents found during a raid of the premises in Mary street, Dublin, used as offices by Michael Collins, head of the "Irish Republican Army" and the Sinn Fein minister of finance, proved that Major O'Connell-Smith, who disappeared mysteriously from Cork in April, was murdered by the Sinn Fein. In a letter left for his wife, the late added, Major O'Connell-Smith said he was prepared to die as a brave man should.

Soviets Lease All Factories To Owners

Attempt Being Made to Revive Trade for Improvement of the Nation.

Stockholm, May 29.—The Russian Soviet Government, according to reports reaching here, has decided to arrange for the lease of all the big factories in the Russian dominion to their former owners. The taking of this step has not been officially confirmed, but it was commented in political quarters here today that although the reported step was in conflict with the fundamental principle of Sovietism, it was in line with the number policy of the Soviet authorities inaugurated by the issuance of their recent freedom of trade decree.

UNIONISTS STILL LEAD.

Belfast, May 29.—As the count now stands, the Unionists elected thirty-eight members, the Republicans six and the Nationalists five, with three seats still to be filled. Queens University has returned four Unionists.

AUTO AND DEER COLLIDE

While proceeding out the Loch Lomond road early Sunday morning, an automobile, driven by George Whiteman and occupied by the driver and Robert Crawford, struck and killed a deer which jumped in front of the car at Riverside. Mr. Crawford was reported the death of the deer to the Chief Game Warden this morning.

MILLION VOTED FOR PARLIAMENT BUILDING WORK

Member Complains House Will Cost \$15,000,000 Before Its Completion.

FINDS FAULT WITH DESIGNS ON WALLS

Slavish Following of Monasteries and Abbeys of Old England His Claim.

Ottawa, Ont., May 29.—A quiet sitting wholly given over to discussion of estimates of the department of public works on Saturday evening saw the House of Commons make steady progress toward prorogation. In the first place, and after the criticism had been made by Hon. Charles Murphy (Russell) that in the interior of the new house there had been a slavish following of designs at the monasteries and abbeys of the British Isles, the vote of \$1,000,000 toward the reconstruction of the parliament buildings was carried.

Copp's Price Estimate.

A. B. Copp (Westmorland) declared the building would cost \$15,000,000 by the time it was completed and the architects' and contractors' fees would be enormous. Huge sums of money were being improperly spent. Consolidation of the outside engineering service with a consequent reduction in staff brought the remark from Hon. D. D. McKenzie (Cape Breton) that the Liberal engineer in Nova Scotia had been retired. It was evident, the minister retorted, that Mr. McKenzie knew more about the political stripe of the engineers than he did.

Mr. Fielding commented upon the reorganization in Nova Scotia, where five districts have been united in one. He said he presumed that there would be some economy, but he thought it would be necessary to wait for a year to see. With a larger area to supervise, the resident engineer would have heavier travelling expenses, and that might turn saving into loss.

Saves the Money.

Mr. McCurdy said that that point had been considered. Under the old system, too, there were heavy travelling expenses, and sometimes, as in Shelburne, Queens and Cumberland, it was necessary for the engineer to cross several counties to get to some parts of his district. With the reduction to a single district the staff had been cut from twenty-five to sixteen. In reply to D. D. McKenzie, the minister stated that the chief engineer, C. E. W. Dodwell, was 67 or 68 years of age.

Defends Charwomen.

A light touch was given the discussion when the amount of \$90,000 for lighting the government buildings was up. Part of this amount pays for lighting sections of Wellington street, Ottawa. Hon. Mr. McKenzie objected. The people of the capital seemed to think they should ask the government for anything, and get it, he declared. It was time the government told the wealthy city of Ottawa to look after itself. From this the debate wandered on to a defence of the charwomen who cleaned the government buildings. J. H. Sinclair (Antigonish and Guysboro), standing between them and any reduction in wages, said:

PLEBISCITE CHANGE

Ottawa, May 29.—Senate amendments to the bill to amend the opium and drug act were carried without comment in the House of Commons yesterday afternoon.

LIBERAL IN YAMASKA IS THE WINNER

Elected Over Gov't Candidate by 1608 Majority in By-Election.

FARMER POLLED ONLY 350 VOTES

Ninety Per Cent. of the Electors Exercised Their Privilege of Voting.

Pierreville, Yarmaska, Que., May 29.—With figures subject to revision, the Liberal candidate, Aime Boucher, took the Federal seat of Yarmaska county, vacant through the death of Oscar Gladiu by a majority of 1,608 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes.

The vote polled showed the keenness of the electors, over ninety per cent. of the total ballots numbering 8,300, being cast, women voting with the same intensity as men. While final figures are not yet available, both sides estimate that over 7,000 votes were polled.

How It Happened

Hated of the conscription law of 1917 and fear that it may again be invoked by the government carried the Liberal candidate to victory, but the extent of the victory was a surprise even to the most enthusiastic of his supporters. "Another" strong point was made by Mr. Boucher, who stated that the election of Mr. Mondou would be interpreted as the endorsement by Quebec Province of the seignior government. Further arguments used in committee room were that war might again break out at any time and this would mean dragging on from their mothers' arms to fight overseas in English battles. The Farmer speakers were yet more open in their statements, of "not one cent or one man for England."

Solid Block Unbroken

"The vote shows that the County of Yarmaska cannot be bought," Mr. Boucher declared, after the result had become clear. "This solid block of Quebec remains unbroken and will remain until Mr. Meighen has been beaten."

When the first result from La Baie poll came in, showing Mr. Mondou beaten over the Farmer vote in the town of La Baie, the Liberal vote in his own stronghold, and with the Liberal leading, Mr. Boucher announced that the fight was over.

There was much jubilation all over the county on Saturday night.

COURTENAY BAY WORKS COMPLETE BY NEXT SPRING

Report That Excavations Are Filling up Will be Investigated.

WANTS CANADIAN COAL FOR COMMONS

Over Four Million Dollars Voted for Rivers and Harbors of Land.

Ottawa, May 29.—On a vote in the Commons for fuel for the government buildings, Mr. Sinclair asked whether Canadian coal was used in the Government buildings at Ottawa. Mr. McCurdy replied that it had been very difficult to get Canadian coal, but that he hoped to be able to get more soon. Mr. Sinclair remarked that in view of the earnestness with which the Minister of Finance advocated the buying of Canadian made goods, he thought the Government should be burning Canadian coal at Ottawa.

Courtenay Bay

A vote of \$4,001,000 for rivers and harbors was approved. D. D. McKenzie said he had heard that the excavations dredged for the new harbor at Courtenay Bay, were filled in. If this was so the Government should stop further work. Mr. McCurdy replied that no report of this had reached his department but he would have the report investigated. The work should be completed in the spring of 1922.

ALLIES TO BACK GREEKS AGAINST TURK NATIONALISTS

Execution of British Indian Subject Provokes Much Ill Feeling.

FALSE CONFESSION THROUGH TORTURES

French Army Causing Serious Alarm to the Turk Nationalists Everywhere.

Constantinople, May 29.—With Moscow dominating the Turkish nationalist policy, as appears from recent developments, the whole near eastern political situation has again been thrown into confusion, with the possibility appearing that France and Great Britain may decide to stand back, to some extent, of the Greek campaign against Mustafa Kemal Pasha's forces.

Trouble Increases.

The crisis has been accentuated by the execution in Ankara, the Turkish nationalist capital, of the British Indian subject, Mustapha Sahir, hanged as a spy, as told in Ankara dispatches of May 27th. Before the execution the Turks were warned that in addition to arousing the British the carrying out of the death sentence upon this British Indian would injuriously affect the Turkish nationalist cause in India. Mustapha Sahir was sent to Ankara by the British with the idea of improving relations between Great Britain and the Turks. It is asserted here that he was tortured into a false confession, with the promise that his life would be spared, but that Russian Bolshevik influences were successfully exerted to secure his being hanged.

French Action.

As for the French, who have objected to the recent Turkish nationalist proposals for repression of the Franco-Turkish agreement, the army of some 80,000 which the French have in Syria is causing alarm to the nationalists in view of the recent developments, and they have instructed Munir Bey, who is now in Beirut, to try to gain time in the negotiations, and it is reported in this connection to make a new offer of Alexandria to the French.

Finds It Possible To Educate Wasps

Naturalist After Many Experiments Arrives at This Conclusion.

In his studies of wasps and their ways a naturalist has found what he deems proof that these insects are capable of a sort of education. His wasps quickly learned to distinguish colors. He put papers of different colors over the entrance to the nests of the ground wasps and watched to see what would happen.

Red paper, with a hole for the wasps to go through, occasioned great excitement, but in the course of three hours the wasps became accustomed to their decorative doorway and went in and out as if nothing had happened.

When the red paper was exchanged for blue the wasps were as excited as before, although they more quickly became accustomed to the new color. When they had become used to going in and out through the blue paper a number of them were caught, the blue paper was removed, and the wasps were liberated.

Missing their blue landmark, they buzzed confusedly about, not knowing how to find the nest, until the blue paper was replaced, when they all went in.

Once the red paper having been left over the nest for 24 hours, and then moved a foot and a half away, many wasps went through the hole in the paper as usual, doubtless expecting to find the nest entrance beneath it. The colored papers were frequently changed, and the wasps finally learned

HUN CAPTAIN ON TRIAL FOR WAR CRUELTY

Kicked and Beat Sick Prisoners and Bound One to Stake.

WOULD LIKE TERM IN A FORTRESS

Prosecution Asks for Fifteen Months' Sentence in Jail.

Leipzig, Germany, May 29.—A sentence of fifteen months ordinary imprisonment was demanded by the state prosecutor today for Captain Mueller, the second German officer to be tried on criminal charges arising from the conduct of the war. He is charged with cruelties to prisoners at the Flay Le-Martel prison camp, in the department of the Aisne, France. The prosecutor told the high court, which is conducting the trials that the case of Captain Mueller was not as bad as that against Sergeant Heyne, who was sentenced to ten months' imprisonment for having ill-treated British soldiers at the camp at Herne, Westphalia.

Admits His Guilt.

Nevertheless, he said, Mueller was to blame for the striking and kicking of prisoners, the binding of one of them to a stake and for compelling sick prisoners to work. He held the case was not one for imprisonment in a fortress on the ground that the charges against the captain were "moral, rather than legal." Mueller's counsel pleaded that six months' confinement in a fortress would be ample punishment. Sentence will be pronounced tomorrow.

AIRSHIP CRASH KILLED SEVEN

Army Ambulance Plane Fell in Terrific Wind and Electrical Storm.

Washington, May 29.—Seven men five of the army, and two civilians were killed in the wreck of an army Curtiss biplane ambulance plane near Indian Head, Maryland, forty miles southeast of Washington yesterday evening in a terrific wind and electrical storm. The dead are: Amos G. Batchelder, of Washington, chairman of the executive board of the American Automobile Association; Morris Connolly, of Dubuque, Iowa, Major in the Aviation Reserve Corps; Lieut. Colonel Archie Miller, Pilot; Lieut. Stanley Ames, and Lieut. Pennyhill, Mechanic Sergeant Bunnkraus and Lieut. McDermott.

How It Happened.

The plane was a Curtiss eagle, which had been used as ambulance. The litters were removed, however, and chairs installed for the trip to Tangle Field, where a review was held of airplanes which are to take part in the naval bombing tests off the Virginia Capes next month. The accident is described by officials as one of the worst in the annals of the army air services. The plane had just crossed the Potomac, when it ran into the storm. Officials who viewed the wreck were of the opinion that the fall had been from a great height.

Jap Prince Quits

London, May 29.—Prince Hirohito, heir apparent to the Japanese throne, said farewell to Great Britain today after a three weeks' visit. He was bidden good speed at the Victoria station by King George, the Prince of Wales, the Duke of York and various personages of prominence. This afternoon the Crown Prince embarked at Portsmouth for Havre for his visit to France.

ed to look for these changes, so that fewer and fewer were deceived. The wasps, having learned to expect different colored paper porticoes, were finally deceived by having the paper entirely removed. Not a wasp recognized its hole until the paper was replaced, when they went tumbling, six or seven at once.
