

FINE SPORT AT MOOSEPATH PARK; PURSES GO TO ALEX. T. AND TOM PHAIR.

Biggest Crowd in Years Sees Spirited Finishes—Cherry Arden Takes a Wheel Off Golden Gate's Bike, Unseating Both Drivers—Four Heats in the 2.40 Class, But Tom Phair Won Handily.

The largest crowd that has attended a meet at Moosepath Park in years, Wednesday, saw E. Le Roi Willis' Alex. T. win the race for the 2.24 class in three straight heats and J. M. Johnston's Tom Phair, from Calais, take the 2.40 class event, which took four heats to finish. The track was heavy but the racing was good. The race for the 2.24 horses was called first. Alex. T. drew the pole, Bijou second position, Donella third place, Lady Lumps fourth, Golden Gate fifth, Rex sixth, Cherry Arden seventh. There were 10 entries, but Maggie S., of Eastport; Letitia of Calais, and Zeta M., St. John were all drawn.

The horses were given a go on the first score. At the quarter mark and into the stretch Alex. T. was in the lead with Golden Gate doing well in second place, Rex third and Cherry Arden fourth.

A Game Finish. As the horses swung into the back stretch Golden Gate went along fine and was gaining on Alex. T. and was well up on the Sydney horse when he broke and went back a little. He caught again on entering the stretch and fought every foot of the way to the wire, making a good second to Alex. T. Lady Lumps finished third, Donella fourth, Rex fifth, Bijou sixth and Cherry Arden seventh. The time for the heat was 2:21.

Tore Off a Wheel. In the second heat the horses were given a go after considerable seeing. On entering the back stretch Cherry Arden collided with Golden Gate, tearing a wheel off the latter's bike.

Both drivers were unseated. Golden Gate was unable to proceed while the driver of Arden climbed on his bike again and started after the other horses. At the half the Sydney horse was still ahead with Rex making a hard fight in second place. Rex came along fine in the home stretch but was unable to get ahead of the Sydney horse which won the heat in 2:20. Rex second, Bijou third, Donella fourth, Cherry Arden fifth.

Starter Reed announced that owing to the accident to Golden Gate's bike the judges decided that although it seemed they would allow the horses to start again. Alex. T. invincible.

In the third and last heat Alex. T. again showed his heels to the other racers into the back stretch the horses were well bunched with Rex in second place. At the quarter mark Golden Gate forged into second position which he held throughout the heat. At the finish the Sydney horse won the heat, Golden Gate was second, Donella third, Rex fourth, Bijou fifth, Lumps sixth and Arden seventh. The heat was gone in 2:27. Alex. T. won first money, Golden Gate second, Rex third and Donella fourth. The following is the summary of the race:

2.24 Class: Purse \$200. Alex. T., E. Le Roi Willis, Sydney, 1 1 1 Golden Gate, Daniel Steele, St. John, 2 2 2 Rex, Fred Warren, Springfield, 3 3 3 Donella, J. B. Gilchrist, Greenwood, 4 4 4 Bijou, J. T. Pratt, Summers, 5 5 5 Lady Lumps, D. W. McKay, St. Stephen, 6 6 6 Cherry Arden, F. C. Murois, Milltown, 7 7 7 Time—2:21, 2:20, 2:27.

There were 12 entries in the 2.40 class, but only eight starters—Sunny Lawn, Sunset, Elsie and Miss Parkland being drawn. Mand drew the pole, Sousa second position, Blue Boy third, Louise M. fourth, Black Sheep Cigar fifth, Tom Phair sixth, Paty Bangs seventh and Starlight last.

After considerable seeing the first heat was started. At the first turn Mand broke badly and was not caught until she was in last position. Sousa was by this time in the lead, but Tom Phair had something to say about it and forged ahead and was leading at the half mark.

Louise M. was in fourth position, Black Sheep Cigar broke badly and was well in the rear before he was caught. Starlight went well at the three-quarter mark and was getting into first position nicely, but on nearing the wire Starlight broke and Tom Phair forged under ahead and Louise M. came in third.

Although Tom Phair finished first and Starlight second they were both set back for running and the third horse, Louise M., was given first place, with Tom Phair second and Starlight third. The heat was trotted in 2:30 flat, but as the third horse was given first place no official time was announced.

In the third heat Tom Phair forged into the pole position as they swung into the back stretch. At the half mark Phair was still leading. Starlight second, Sousa third, Mand fourth, Blue Boy fifth, Paty Bangs sixth.

The horses hardly changed positions right to the finish, Tom Phair winning the heat in 2:30, Starlight second, Sousa third Louise M. fourth.

In the third heat Tom Phair broke on the first turn and almost went to last position, Starlight going into first place, but the Calais horse had more speed than the others and was soon in the lead again and finished a good first with Starlight second. The heat was made in 2:30.

A Win for Phair. The fourth and last heat proved another win for Tom Phair, who has plenty of speed.

In this heat the Calais horse was let out and left the others well in the rear. Starlight hung on well but the space was widening all the time between the leaders and the bunch behind. Louise M. was well behind in third position at the half and it was a procession to the wire, the horses finishing in the following order: Tom Phair first, Starlight second, Louise M. third, Paty Bangs fourth, Blue Boy fifth, Sousa sixth and Mand seventh. All were distanced excepting Phair, Starlight and Louise M., and the heat was trotted in 2:29. Tom Phair took first money, Louise M. second, Starlight third. The following is a summary of this event:

2.40 Class: Purse \$200. Tom Phair, J. M. Johnston, Calais 2 1 1 Louise M., S. H. Sterling, Fredericton, 2 2 2 Starlight, J. A. Johnson, Halifax, 3 3 3 Mand, W. H. COAL STRIKE IN VIRGINIA AT AN END.

Miners in Bituminous Fields Ordered Back to Work Monday.

OUT SINCE JUNE LAST.

Agree to Take Up Pick of Operators Will Take Them Back and This Will Be Done—President Mitchell Said to Have Advised This Course.

Huntington, W. Va., Sept. 4.—It is believed the coal strike in West Virginia is practically at an end. At a mass meeting of miners from all the coal fields along the Norfolk and Western railroad here today, it was almost unanimously agreed to end the strike, provided the operators will take back all the old miners, and the latter have signified their intention of doing this. The miners have agreed to return to work next Monday. It is reported that President John Mitchell advised the strikers to return to work.

The Norfolk and Western officials here have not yet been advised as to how the strike was settled.

Roanoke, Va., Sept. 4.—A telegram was received here this afternoon from Vice-President and General Manager Johnson of the Norfolk and Western railroad, stating that at a meeting of the United Mine Workers, held at Keystone, the strike which has been on in the Pocahontas and other bituminous coal fields of the Virginia since June 6 last, was declared off and that all the men were ordered to return to work next Monday.

ADDRESS PRESENTED TO JUDGE GREGORY.

At Supreme Court in Session at Dalhousie Grand Jury Marks His First Official Visit.

At the sitting of the supreme court at Dalhousie, on the Restigouche circuit, on Tuesday, the 26th ult., Judge Gregory presided. As it was his first official visit to the county since his appointment as judge, the grand jury presented to him the address of the grand jury listed attentively and with much interest.

His honor appreciated the address and made a reply to which all the members of the grand jury listened attentively and with much interest.

To the Honorable Judge Gregory, We, the grand jurors at this sitting of the supreme court at Dalhousie, respectfully offer your honor's attention to the following address, which we have resolved to present to your honor on this occasion.

We beg to assure your honor that the announcement of your appointment to the high and responsible position of a judge of the supreme court of our province afforded the people of this county the greatest satisfaction, as they knew it to be a well deserved recognition of the ability, the diligence and fair dealing of you as a barrister, and we are confident that the high character for which the Supreme Court of New Brunswick is always being noted will not be lessened by the appointment of your honor as a judge of the same.

We are glad to be able to assure your honor that the people of this county are law abiding citizens. They recognize the law as being entitled to obedience, always endeavoring to bring it into harmony with those principles of truth and justice of which the law is the expression. They know that without law there can be no real freedom, as without law justice would quickly disappear from the earth and society be disorganized and ruined.

We rejoice to know that the result of the war in South Africa, where Great Britain made so many sacrifices for equal rights for all, will be a larger measure of freedom for British subjects residing there in future.

We desire to say that, although it was not our privilege to be present on the 9th instant in Westminster Abbey, on the coronation of King Edward VII. yet we were there in spirit and rejoiced in common with his majesty's loyal subjects throughout the empire. We sincerely hope his majesty's reign may be happy and glorious.

The fact that there is no criminal matter for us to consider has been favorably commented on by your honor. This is not exceptional, as on former occasions it has often happened that grand jurors had no criminal cases to consider.

We hope that in the dispensations of Providence, your honor may be granted a long life and good health to enable you to discharge your new duties which, as a judge of our supreme court, now devolve upon you.

With this expression of our sentiments and kind regards, we welcome your honor to our county, and trust that it may be your honor's privilege as justice to meet many grand jurors in this court room for J. S. BASSITT, Foreman.

A party of American ladies who attended the fair yesterday spent some time at the fair. The ladies were very much interested in the fair and were very much pleased to see the fair.

Just for the fun of watching it disappear. A party of tourists bought two pounds and distributed it among four children.

One of the most successful live stock exhibitors at the fair is F. E. Cameo, of the Cheswick Farm, St. Andrews. He shows a fine herd of Holstein cattle, 10 in number, as well as some splendid horses.

In the awards in carriage horses Mr. Cameo ran very close to the string from the famous Sanborn stock farm in Maine. He secured second place in the tandem class and in pairs under 1000 lbs., and third in single horses under 1000 lbs.

In each of these classes Mr. Sanborn took first place. Considering that Mr. Cameo's entries are all New Brunswick stock, his success is very gratifying. In the sheep classes he shows a number of prize winning Southdowns which were successful in beating all competitors in number of important fairs in Western Canada.

Roosevelt's Very Near Death. Pittsfield, Mass., Sept. 3.—The President of the United States escaped a tragic death by only a few feet in a collision between his carriage and an electric street car in this city today, and one of his most trusted guards, Secret Service Agent William Craig, was seriously killed at his side. David J. Pratt, of Dalton, who was guiding the horses attached to the vehicle, was seriously injured.

President Roosevelt himself was badly shaken up, but received only a slight facial bruise. Secretary Cortelyou, who occupied a seat directly opposite the chief executive in the landau, sustained a minor wound in the back of the head, and Governor Crane, who sat beside the president, extricated himself from the wreck practically without a scratch.

ISLAND MAY COLLAPSE.

Terror-stricken Populace—In Disaster of Saturday Fifteen Hundred Perished—The Whole Population of the Island of Torijima Lost.

Castries, Island of St. Lucia, B. W. I., Sept. 4.—The steamer Yare arrived here this evening from Martinique. She brings the report that a violent volcanic eruption occurred there last night and that about 2,000 are said to have perished. Large numbers are leaving the island.

The British steamer Svan arrived today from Trinidad. She was covered with dust, and reports that she ran into a dense cloud of dust 20 miles south of St. Vincent.

The Paris edition of the New York Herald publishes a despatch from Point a Pitre, Guadeloupe, dated September 4, which says that constant detonations heard there last night indicate a terrific volcanic eruption on Martinique. Thick black clouds were seen to the southward of Guadeloupe, and the heat at Point a Pitre was intense. The population was said to be greatly alarmed and apprehensive of tidal waves in the event of the collapse of Martinique.

Roseau, Dominica, Sept. 4.—A copy of L'Opinion, of Fort de France, Martinique, dated Sept. 3, says more than 1,500 persons were killed during the eruption of Mont Pelee last Saturday.

The hospitals of Fort de France are filled with the sick and wounded. A volcanic eruption a few days previous to some place the population 30 and others at 170. All perished.

TRIAL DAY FOR HIGGINS SET.

September 16 Will See Opening of the Battle for the Prisoner's Life—Sensational Statement by Goodspeed, Who Says Higgins Tried to Kill Him.

WERE ESCAPING FROM CITY.

Mr. Mulin Asks a Postponement and Says Popular Prejudice Is Too Great to Permit a Fair Trial Now—His Honor Disagrees.

Frank Higgins will be placed on trial for his life on Sept. 16. As was foreshadowed exclusively in The Telegraph yesterday his counsel, Mr. Mulin, will set up the defence of insanity. Goodspeed was indicted as an accessory after the fact by the grand jury which found a true bill against Higgins Tuesday morning and his case will be disposed of after Higgins has been tried.

Mr. Mulin, although he might have gained a temporary advantage Tuesday by declaring the theory of the defence, declined to afford more information than is contained in his affidavit that he has been in correspondence with a Boston

should be remembered in this connection that there is only Goodspeed's uncorroborated word as a basis for what practically is a charge of attempted murder and that the prisoner is to be presumed innocent of that until the Doherty matter until a jury has decided otherwise.

The First Threat. Goodspeed, it will be recalled, testified at the inquest that Higgins threatened to kill him if he did not assist in concealing Doherty's body after the victim had been finished with the butt of the pistol and many subsequently expressed the thought that Goodspeed was lucky in being captured, as his knowledge of the murder might have rendered his life unsafe.

Higgins was surprisingly cool and self-possessed. He looks as if imprisonment agreed with him and no visions of crime haunted him at night. He was unmoved by the proceedings Tuesday.

The regular September sitting of the St. John circuit court was opened in the morning at 11 o'clock. Judge Landry presided.

Owing to the fact that Higgins is to be tried at this circuit there was an unusually large attendance and long before the court for opening court had arrived the stairway and the corridors leading to the court room were filled with a crowd of awaiting spectators.

There was a large attendance of grand jurors, as follows: W. Frank Hatheway (foreman), John McGoldrick, Clement P. Clarke, Arthur W. Adams, William Peters jr., Douglas McArthur, William Brookhoff, James R. Ferguson, Frederick
