PERUVIAN GOVERNMENT GUANO.

THE undersigned have on hand a few tons of this valuable Manure, which they are anxious to introduce among Canadian Farmers and Horticulturists. They offer it for sale in small quantities, in order to give the Manure as wide a circulation as possible. Should sufficient encouragement be given, they have made arrangements to receive importations direct from the Chincha Islands, by which they will be able to offer the Guano at a price much below that of any other manure.

The following is one illustration of the comparative result of the application of different manures at a cost of 15s. for each, arrived at by experiments made upon several quarter-acre plots of land, by Mr. E. T. Reame, of Stover:—

Manure Applied.	Quantity	Weight of hay cut per acre.	Cost of Manure.	Net Gain.
None.		401 lbs.
Sup. of Lime.	2½ cwt.	610 "	15s.	215 lbs.
Nat. of Soda.	1 "	706 "	15s.	205 "
Guano.	1½ "	1,210 "	15s.	809 "

THE CANADA FARMER.

A SEMI-MONTHLY JOURNAL OF

AGRICULTURE, HORTICULTURE, AND RURAL AFFAIRS.

THE BEST AND CHEAPEST PAPER FOR THE CANADIAN FARMER.

THE CANADA FARMER has now been established for eight months, and has achieved during that period an unparalleled success. Its circulation has risen to 20,000, a number which would be considered very large in the neighbouring States. For a journal in the first year of its publication, but in Canada is altogether unprecedented. The favourable reception which THE FARMER has met with is entirely owing to the fact, that it is supplied an urgent necessity long felt by Canadian Agriculturists. It is needed a journal specifically devoted to the circulation of questions in which they are specially interested as farmers and horticulturists, and they have found in THE CANADA FARMER what they required. THE FARMER has received the most flattering commendations from the chief farmers of the Province, from the press of Canada, and also from those who are perhaps the best judges—the agricultural journals of the United States.

During the last five months THE CANADA FARMER has supplied a larger number of woodcuts—a most important agency in the communication of ideas—than any other agricultural journal in the world, and has furnished more reading matter than any other journal having the same subscription price. Not only is it cheaper than any other agricultural journal, English or American—every sentence which it contains is specially devoted to subjects directly interesting to the farmers of the Province, and it is therefore by far the best bargain within the reach of Canadians.

THE FARMER being now thoroughly established, the Publisher is able to announce that great improvements will be made upon it during the coming year. Every month adds to the number of its contributors, and to the experience of the editor and his assistants. The illustrations during the coming year will be more numerous and better executed than during that which is now nearly past, and no effort will be spared to supply the earliest and fullest information on every subject of moment to the Provincial Agriculturist.

THE CANADA FARMER is published on the 1st and 15th of every month, on a sheet containing sixteen quarto pages, and is sent, FREE OF POSTAGE, at the following prices:—

For a Single Copy One Dollar per Annum.

AND TO CLUBS AT THE FOLLOWING RATES:

Ten Copies for Nine Dollars.
Twenty Copies for Sixteen Dollars.
Forty Copies for Thirty Dollars.
One Hundred Copies for Seventy Dollars.

To Agricultural Societies ordering more than 125 copies, the FARMER will be sent at SIXTY CENTS!

In order to induce early subscriptions for the year 1865, THE CANADA FARMER will be sent after the 1st October, to all subscribers for that year, from the date of their remittance.

New Subscribers who send their money at once, will thus receive the paper for fifteen months at the price of one year.

Subscriptions for THE CANADA FARMER are received for less than one year. All commence with the 1st of January, and end with the 15th December, 1865, and the money must be paid in advance.

All the Subscribers to a Club must receive their papers at one Post office, but each paper will be addressed and mailed separately. Agricultural Societies are supplied with THE FARMER at Club rates, and papers ordered by them are mailed to any Post-office within their respective territorial limits.

Back numbers may always be had, THE FARMER being printed from stereotype plates.

As an advertising medium it is sufficient to remark, that all who have for sale, or who wish to purchase, Live Stock, Seed, Grain, Agricultural Implements, Land, &c. &c., can, through THE CANADA FARMER, make their desires known directly to the whole farming population of Canada.

Now is the time to Subscribe. Orders to be sent to
