MILBURN'S AROMATIC QUININE

fertilizes the system against attacks

of ague, chills, bilious fever,

dumb ague and like troubles.

## Cleanse the System

DO  
IT  
NOW

With that most reliable medicine—Paine's Celery Compound. It purifies the blood, cures Constipation, and regulates the liver and kidneys, effectually cleansing the system of all waste and dead matter.

## Paine's Celery Compound

combines true nerve tonic and strengthening qualities, reviving the energies and spirits.

"I have been troubled for some years with a complication of difficulties. After trying various remedies, and not finding relief, I tried Paine's Celery Compound. Before taking one full bottle the long troublesome symptoms began to subside, and I can truly say now, that I feel like a new man. Digestion has improved, and I have gained ten pounds in weight since I have commenced taking the Compound."

## CATARRE.

A New Home Treatment for the Cure of

Catarrh, Catarrhal Deafness, and

Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and ever daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of one cent in stamps. The address is A. H. Dixon &amp; Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

## Household Hints.

LAMPBLACK AND ALCOHOL—Lampblack dissolved in alcohol added to whitewash makes a desirable colour for kitchen walls.

THE FAVORITE MEDICINE with all classes—Perry Davis' Pain-Killer.

VASELINE FOR SHOE DRESSING.—Vaseline is a superior shoe dressing, as it renders the leather pliable and doesn't soil the fabric in contact.

AFTER a tooth-ache, if you feel dull and heavy, try a dose of Campbell's Cathartic Compound.

PLUM AND APPLE JAM.—After canning plums there is often some left, not enough to fill a can; a very nice jam can be made of this by putting it through a sieve, and adding the same quantity of good apples, cooked. Sweeten to taste, and put in a very little cinnamon and cloves. Cook an hour, then tie up in jars when cold.

Best cure for colds, coughs, consumption is the Vegetable Pulmonary Balm. Cutler Bros &amp; Co., Boston. For \$1 a large bottle sent prepaid.

APPLE CUSTARD.—Pare and core eight medium sized apples (tart ones are best), and place in the bottom of a deep pudding dish, with a pint of water and a cupful of granulated sugar. Cover and allow to bake slowly until the apples become clear, but are still whole. Carefully remove with a skimmer into the dish in which they are to be served. Make a soft custard of the yolks of four eggs to a quart of rich milk, and pile on the fruit. Whip the whites of the eggs and place on top, and turn a small mould of currant or raspberry jelly in the centre.

Minard's Liniment cures garget in cows.

SUCCOTASH.—Cover a pint of shell ed lima beans with hot water and boil fifteen minutes; have ready corn from six good sized ears, and add to the beans; boil half an hour; add salt, pepper, and two tablespoonsful of butter. Do not cut the corn too deep; cut a thin slice and then scrape; watch carefully after the corn is added or the dish will scorch.

The best Cough Medicine we know of is Allen's Lung Balm.

CREAM PIES.—One cup sugar, a piece of butter the size of an egg, two eggs, one and one-half cups flour, two teaspoonsful Congress Yeast Powder, one half cup of milk, a pinch of salt. One pint of cream whipped, one half cup powdered sugar, one teaspoonful vanilla. Split the pie and put the cream inside and on the top. Or, coconut cream if you prefer. Two eggs, one-half cup sugar, one pint of milk, one rounded tablespoonful of flour, a little salt; beat eggs and sugar thoroughly, and add to the boiling milk when done a small piece of butter and when you fill the pie sprinkle with desiccated coconut.

Do tell me the name of the delightful perfume you use. With pleasure. It is the "Lotus of the Nile."

TO KEEP MOTHS AWAY.—An ounce each of pulverized cloves, cinnamon and cedar, perfumes agreeably and tends to keep moths from drawers.

NATHAN PLUMMER, M.D., of Auburn N.H., says that he has used WISTAR'S BALM OF WILD CHERRY in his practice for more than twenty years, and finds it the most effectual remedy within his knowledge. He recommends it with great confidence to those subject to coughs and pulmonary complaints.

CHLORIDE OF LIME AND ROACHES.—A pound of chloride of lime mixed with a quart of water, and placed where roaches abound, is destructive to them.

Hersford's Acid Phosphate. For Indigestion, Dyspepsia, and diseases incident thereto.

TO CLEAN A SOILED BLACK COAT.—A soiled black coat can be quickly cleaned by applying, with a sponge, strong coffee containing a few drops of ammonia. Finish by rubbing with a piece of coloured woollen cloth.

AN INTERESTING REPORT.

On page eleven of Bulletin No 10 of the Inland Revenue Department, which has recently been issued, Prof. A. McGill of Ottawa, who has had charge of making exhaustive analysis of baking powders for the Government, remarks in referring to imperial baking powder, that "this is an excellent powder," etc. This is a very flattering testimonial, considering that the majority of baking powders in the market are condemned by him as being unfit for use. Baking powders containing alum and phosphate, Prof. McGill remarks, "are entirely objectionable, and ought not to be allowed a place in any well-appointed bakery." As the cost of imperial baking powder is very little more than the numerous cheap adulterated goods referred to, consumers will find it to their advantage to use "imperial" which they can depend on as being always reliable and the best possible to be had.

## INFANTILE Skin & Scalp DISEASES Cured by CUTICURA Remedies.
