THIS SIMPLE and easily applied home treatment without medicine or electricity, augments the supply of vitality by polarizing the body and causing it to absorb oxygen from the air through the pores of the skin, thus supplementing the work of the lungs to an almost unlimited degree.

ASTONISHING RESULTS have been attained in cases pronounced "incurable." Shall we mail you (free) a booklet of the theory and results, with price, of this new system.

ELECTROLIBRATION CO., ROOM 60, 1122 Broadway, New York.

Her Family Doctor.

Mrs. E. W. STOCKTON, Sussex, N.B., writes:

"I would not part with my *Electropoise* for \$1,000.00 if I could not get another. As a family physician, in my opinion, there is none equal to it. I have been telling my friends of the almost miracles it has done in my family."

Lame Back.

(The *Intelligencer* can vouch for the following.) Mrs. E. D. DICKENSON, 114 Macon Street, Brooklyn, says:

"For five years I suffered with lame back or lumbago; consulted the best medical skill without permanent relief. I was induced to try the *Electropoise*, and it has cured me thoroughly."

—N.Y. Christian *Intelligencer*, Dec. 12, 1894.

Broken-Down Women.

CARON BRIDGE, W. VA.

"Since testifying in favor of the *Electropoise* two years ago, I have had the most gratifying results from its use in neuralgia, indigestion and in the rebuilding of broken-down females. We use it for all ailments and find it superior to medicine and doctors."

Mrs. MINNIE A. BEALL.

Confirmed Invalid.

Miss LENA NAGLER, of Freeport, Mich., writes:

"From spinal curvature, weakness, kidney and liver trouble, etc., I was a confirmed invalid for twenty years. My brother sent me an *Electropoise*, and its invigorating effects have improved my condition wonderfully. I am now able to sit up and see, something I have not done for years."
