Honourable L.G. Belley,
12 St. Peter St.,
Quebec, Que.

Dear Mr. Belley:

I appreciate very much your letter of the 4th. Am personally very sorry Mr. Lavergne feels disposed to make conditions at the present time. My inclinations are very strongly to meet the province of Quebec in every way in my power. For myself I haven't the least objection to the suggestion he makes, but I shall have to make very careful enquiry as to just what the reaction would be. It is changes that direct attention and causes trouble, but with any trouble caused I would not have any sympathy. Indeed I would find it hard to understand it. I think most likely I can meet you all best in Quebec as I intend to be down that way in the near future, but only for a short time.

Have heard excellent things over the 'phone from Mr. Gravelle about Rimouski. He tells me Mr. Sasseville is to run. This looks fine to me.

Yours very truly,
