August 14, 1950.

Miss Alice Millar,
c/o Mrs. Florence Long,
3905 Scolton Road,
Victoria, B. C.

Dear Miss Millar:

I have been very slow in keeping my promise to send you correspondence with Mr. Bennett. Am sending you by separate mail a file which carries the correspondence back to 1938. This is all we have in the office. There would be some more in earlier files, but these have been stored away in the vaults of a storage company, along with a vast amount of other stuff, and would be rather difficult to get at. My secretary, Miss Edmondson, is going on holidays, but if you feel it essential that we locate this earlier correspondence we will make every effort to do so on her return.

You remember my telling you that I thought there was very little. It was quite a surprise to find the volume that has passed between us. Anyway, this you will find interesting, but just what you would feel like using for publication I do not know. I would like to be advised of what you do intend to use so that I could pass upon it. It isn't at all likely that I would object to any, however.

There would also be some correspondence filed at Ottawa, but just what the office of the Leader of the Opposition may have done with it one cannot tell. There would be very little I am quite sure, in any event. Will not make any attempt to delve into this until I hear further from you.

With very best regards,

Sincerely yours,

AM/E.
