On the occasion of the ceremony in memory of Sir Wilfred Laurier.

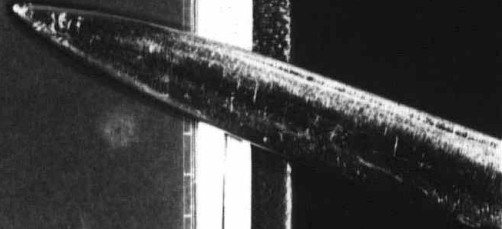

It is eminently fitting, it is a duty which we welcome as a privilege to honour the memory of a great Canadian and Saint-Lin, Quebec has the pride of being his birthplace.

It is given to many to be endowed with one outstanding gift.

But it is given to the few to possess those manifold gifts which have enriched their country and left enduring and fond memories. Of such was Sir Wilfred Laurier and to whose memory may well be laid the laurel leaf.
