A CURE for ENVY.

ALL great men who raise themselves above the common rank of mankind, by meritorious actions, are sure to meet with envy and obloquy from their ungrateful countrymen. There is but one thing that can reconcile these snarlers to the object of their hatred. Let the envied man be but unfortunate, and they will pity him.

Pericles, for a great number of years, administered the affairs of Athens with ability and integrity. This alone was sufficient to raise against him a host of foes: he was the constant aim of public hatred—till he had lost a beloved son: this accident affected him so much, that he was quite inconsolable. The people, now seeing him upon a level with themselves, afflicted with like passions, and liable to the same misfortunes, turned all their hatred and envy to pity—which too often is but a respectful kind of contempt.
