COSSIP STONY CROFT STOCK FARM

The modest little village of Ste. Anne de Bellevue, situated at the confluence of the St. Lawrence and Ottawa rivers, is noted not only for it being the seat of the now famous MacDonald College, but also for the adjoining farm of "Stonybut also for the adjoining farm of "Story-eroft," with its splendid herd of Arpshire cattle. Clydesdale horses and Yorkshire pigs. This farm contains 600 acres, one-half in cultivation and the balance in wood land. It is under the efficient management of E. Bjorkland. Here we saw some of the finest crops of clover that if has been our lot to see this season. "Storyer of Stock Farm," is owned by the "Stonycroft Stock Parm," is owned by the Morgans who are connected with the great departmental store in Montreal. Mr. H. M. Morgan takes a great interest in the live stock and personally selected much of the stock to be seen at "Stonycroft," and after looking over the herd of over 75 head of Ayrshires, one comes to the conclusion that few mistakes have been made in the salection. made in the selection

Mr. Morgan began three years ago Mr. Morgan began three years ago to build up a herd of Ayrshire cattle by im-porting direct from Scotland. He made his selections from the noted breth of cheskie; A. and W. Kerr; Wm. Howie; as well as others. He has made importations from time to time, the last one in the spring of 190 was possibly the best and selected by B. R. Ness of Howick. The herd has been headed by the buil
