FATHER FRASER'S CHINESE MISSION

The noble response which has been made to the CATHOLIC RECORD'S appeal in behalf of Father Fraser's Chinese mission encourages us to keep the list open a little longer.

It is a source of gratification to Canadian Catholics that to one of themselves it should have fallen to inaugurate and successfully carry on so great a work. God has certainly blessed Father Fraser's efforts, and made him the instrument of salvation to innumerable souls. Why not that reader, have a share in that work by contributing of your means to its maintenance and extension? The opportunity awaits you: let it not pass you by.

WHY BRO. COOKINGHAM MISSED CHURCH SUNDAY

GIVES REASONS THAT WILL APPEAL TO ALL THINKING PEOPLE

Bro. Cookingham is a consistent member of the M. E. Church at Ayrshire but he did not attend on a recent Sunday. His reasons, we are sure, will interest all. They are as follows:

"Instead of going to church last Sunday as we should have done, we took the occasion to scan a few of the so-called 'Yellow Sheets,' viz., the Yellow Jacket, the Buzz Saw, the Menace, the Appeal to Reason, and the Jim Jam Jams. Our object for looking them over was to see if we could find any real reason for their existence. We found that all of them were pretty much on the same order, viz., published by fanatics for the purpose of prejudicing weak minded persons. They are a class of periodicals which, if read to any great extent, will not only steal one's patriotism, but will hurt his morals and lower his estimation of humanity as well. Right-thinking people have taken the matter in hand, to the extent that one or two of the above sheets are barred from passing through the mails, and the ban is on some of the others. The time is not far distant when they will also be barred. Canada recently took the initiative on the Menace and barred it from her mails. The United States should follow and do likewise.

"We were really surprised at the indecent words and innuendoes that were found in nearly every one of the articles that we read. What is more surprising than the fact that the government allows these 'Muck Rakers' mail privileges is the fact that good intelligent people will subscribe for these dirty sheets, and give them to their children to read. What is the use of teaching them to love their country, obey its laws, and then place literature into their hands that will, in all probability, make them law breakers and criminals before they are out of their teens. more than one instance of where criminals, after confessing to their guilt, said that the reading of one or more of the publications that we have mentioned was the cause of their downfall. Let us all hail the day when the publication of indecent and suggestive literature will be suppressed and the accounts of murders, divorces and such like will be given a line notice in some obscure part of our dailies instead of being placed on the front page under glaring headlines."—The Missionary.
