which is destroyed by every divorce, and I entreat them, instead of regaling a sensational crowd with the unsavory details of a divorce scandal, and tempting the sorely tried with evil suggestions, to manfully denounce all who co-operate in sundering what God has united."  
—Globe.

#### WOOD FIBRE PLASTER FOR WALLS.

One of the most important ingredients used is wood fibre, which gives flexibility, toughness, lightness and strength; the other ingredients, calcined gypsum, etc., make it hard and smooth. The formula has been thoroughly tested, and furnishes a plaster possessing every desirable and valuable quality.

Its composition is such that nails can be driven into it and withdrawn, the same as in wood. The wood fibre imparts to the plaster the many known valuable properties of the wood itself. A nonconductor of sound, electricity, heat and cold, it overcomes the many annoyances found in other plasters and makes it an ideal wall covering. Its action in resisting blows and abrasions is strongly suggestive of that of heavy cardboard. It is practically indestructible.

The Secretary of the English Hackney Society is reported in the N. Y. Tribune to say as follows:

"Twenty years ago you could buy a good Hackney for \$1,000," said the secretary of the society. "That was thought a big sum then, but we've continually been improving the breed till today foreign buyers are tumbling over one another to give them \$2,500 to \$5,000 for a good harness horse or a stallion. Every year rich Americans buy horses at this spring show to exhibit at their own summer shows, because they know nothing so fine in quality can be obtained abroad."

The truth in the above statement was evidenced by the changing hands of several notable horses at the show. The champion stallion, Diplomatist, was sold to G. O. Holland for \$5,000. Walker Waterhouse's Forest Star changed hands for \$4,000 its destination being France.

#### HIS FONDEST MEMORIES.

A hard headed old Pittsburg manufacturer, who made his fortune, as he expresses it, "with his coat off," was induced by his daughters to accompany them to a Wagner concert, the first he had ever attended. The next day he happened to meet an acquaintance who had seen him the night before, who asked:

"I suppose you enjoyed the concert last night, Mr. Brown?"

"Yes; it took me back to the days of my youth," the old man said with a reminiscent sigh.

"Ah, summer days in the country, girl in a lawn dress, birds singing, and all that?"

"No, the days when I worked in a boiler shop in Scranton.—Success.

Mr. S. J. Richie, an Ohio engineer, is convinced that some of the most remarkable deposits of red, blue and grey granite, as well as white marble, sodalite and other beautiful building and finishing stone in the whole world are to be found in the vicinity of Bancroft, Ont. Mr. Richie is the man who first discovered that Canada had enough nickle ore in sight to supply the world.

The National Educational association has been asked to change the spelling of twelve words, in all schools of the United States, as follows: Bizness for business, enuf for enough, fether for feather, mesure for measure, plesure for pleasure, red for read, ruf for rough, trauf for trough, thru for through, tuf for tough, tung for tongue, yung for young.

'Noah's wife,' wrote a boy in an examination, 'was called Joan of Arc.' 'Water,' wrote another, 'is composed of two gases, oxygen and cambrigen.' 'Lava,' said a third, 'is what the barber puts on your face.' 'A blizzard,' declared another child, 'is the inside of a bowl.—New York Tribune.

#### SAFE.

A New York man was stopping for a month at an inland town in Florida. This man is exceedingly fond of swimming but has a horror of snakes, and this fear kept him from indulging in his favorite sport in the near-by river. He was fishing one day, and mentioned his desire and the barrier to its enjoyment to his guide, a lanky and sorrowful "cracker."

"Oh, I kin fix yo'all up all right," the guide drawled, and led the way to a beautiful little lake some distance back from the river. "Ain't nary snake in hyah," he said.

The Northerner enjoyed a half-hour's sport in the clear water, and then coming back to the white sand beach began to dress. He then observed that what he had taken to be several logs floating upon the water were in motion.

"Wonder what causes those logs to move?" he said.

"Them ain't logs," his guide calmly replied, chewing on a straw; "them's 'gators. That's howcome there ain't no snakes in hyah—'gators keeps 'em et up."—Harper's Weekly.

Maw's callin' from the milkhouse,  
Callin' stern:  
"Jim, yer lazy good fer nuthin',  
Come an' churn."

Paw's callin' from the cornpatch,  
Callin' loud:  
"James, yer hulkin', stupid loafer,  
Time yer plowed."

Nature's callin' from the trout-brook,  
Callin' wish:  
"Son, yer poor, tired, lazy feller,  
Come and fish."

Stranger, if we just swapped places,  
Put it clear,  
Which of all the three a-callin'  
Would you hear?  
—New York Sun.

A Correction.—Teacher: "What is The Hague tribunal?"

Willie: "The Hague tribunal ar—"

Teacher: "Don't say The Hague tribunal are." Willie; use is."

Willie: "The Hague tribunal isbitrates national controversies."—Judge.

## SIXTH ANNUAL SPRING SHOW & Sale of Pure-Bred Cattle

Under the Auspices of the Alberta Cattle Breeders' Association.

## FIFTH ANNUAL Provincial Stallion and Foal Show

Under the Auspices of the Alberta Horse Breeders' Association

## SECOND ANNUAL Provincial Fat Stock Show

TO BE HELD AT

VICTORIA PARK  
CALGARY  
May 7 to 10, 1906

#### PASSENGER RATES

Single Fare for return trip from all points in Alberta and Saskatchewan West of Regina. Other points in Saskatchewan and B.C. single fare for the round trip if single ticket is purchased and standard certificate is secured from the Agent. This certificate should be signed by the undersigned at Calgary and then presented to the C.P. R. Agent to secure free return ticket.

#### SEND FOR A FAT STOCK SHOW PRIZE LIST

The Auction Sale Catalogue (containing the pedigrees of the animals to be offered) will be issued in March; send for one. For further information apply to

C. W. PETERSON, Secretary and Managing Director  
Alberta Live Stock Associations  
Calgary, Alta.

The only medium published which conveys weekly, to the Farmers of Western Canada, the Advertisers' place of business, 52 times a year, is **THE FARMER'S ADVOCATE AND HOME JOURNAL**. Its effectiveness is a factor with over 20,000 Farmers. Subscription \$1.50.

# It Is Free

To All Who Need It--the First Bottle of Liquozone.

We have no wish to argue what Liquozone can do. The simple truth would seem exaggeration. The results we have seen from this remarkable product would sound impossible, until you have tried it.

So we ask you to try it—to try it at our expense. The product itself will do more to convince you than anything we could say. Test it yourself, as millions have done. Then judge the power of the product by the results that it brings you. Judge if you wish to continue.

#### What Liquozone Is.

The virtues of Liquozone are derived solely from gases, by a process requiring large apparatus, and from 8 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to obtain from these harmless gases a powerful tonic germicide.

The great value of Liquozone lies in the fact that it is deadly to germs, yet harmless to you. Germs are of vegetable origin and this gas-made product, when absorbed by them, stops their activities. We publish an offer of \$1,000 for a disease germ it cannot kill. But to the body Liquozone is exhilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine

proves so nearly helpless in a germ disease. Liquozone is a tonic.

#### We Paid \$100,000

For the American rights to Liquozone, after hundreds of tests had been made with it. After its power had been demonstrated again and again, in the most difficult germ diseases. Then we spent in two years, more than ten times that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove at our cost, how much this product means to you. Let Liquozone itself show how wrong it is to suffer from a trouble that it cures.

#### Germ Diseases

Most of our sickness, has in late years, been traced to germ attacks. The list of known germ diseases now numbers about one hundred.

Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in consumption. Some—like the germ of catarrh—create inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for Liquozone—not drugs, which can't kill germs.

Every germ attack, no matter what its symptoms, calls for a germicide. The mildness of Liquozone makes some of its results seem almost incredible. But in that mildness lies the power that germ diseases need. And diseases which have resisted medicine for years often yield at once to it.

#### 50c. Bottle Free

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-sized bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.

Liquozone costs 50c. and \$1.

#### CUT OUT THIS COUPON

Fill it out and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....  
I have never tried Liquozone, but if you will supply me a 50c bottle free I will take it.

W413D Give full address—write plainly.

Note that this offer applies to new users only. Any physician or hospital not yet using Liquozone will be gladly supplied for a test.
