"MANITOBA"

Gasoline Engines

ARE THE

Ideal Farm Power

7 H. P. Vertical (Hopper Cooled)

Have no complicated parts, very economical in gasoline, exceptionally strong and well made and have lots of surplus power.

Every engine thoroughly tested and positively guaranteed to give satisfaction.

If you intend getting a **GASOLINE THRESHING ENGINE** it will pay you to investigate the merits of our 20 horse power engine. It has a larger cylinder and will develop more power than any other.

Send for Special Gasoline Engine Catalogue.

We still manufacture the famous **Manitoba Power and Pumping Windmills, Grain Grinders, Steel Saw Frames and Pumps** of all kinds.

We are manufacturers, not dealers.

MANITOBA WINDMILL AND PUMP CO. LTD.
Box 301 BRANDON, MAN.

The "NEVER FAIL"
Oil and Gasoline Cans
CALVANIZED IRON

3 and 5 Gal. Imperial Measure

ADVANTAGES OF THE "NEVER-FAIL" CAN

You have no oil valves or pump to get out of order, no faucet to leak and drip. You do not have that disagreeable odor of oil and gasoline in your rooms when using this Can.

You need not be afraid of an explosion if you use the "Never-Fail" Can.

You do not have oil all over your hands, lamp and floor, when using a "Never-Fail."

Your oil and gasoline bills will be one-third less when using one of these cans, as they are air-tight, allowing no evaporation.

It is the only Can wherein gasoline may be kept with any degree of safety.

Ask your dealer for a "Never-Fail." Take it home and use it, give it a fair trial; then, if not satisfied, take it back and demand your money. Can you ask any more than this? Will you not give it a trial on these terms?

Will draw over a gallon a minute.

Will take all the oil out of the can.

Will run the oil from lamp back into Can.

Your money back if not satisfied.

If your dealer can't supply you, write us.

SCOTT BLOCK

WINNIPEG

What a Gallon of Gasoline Will Do for You

A GALLON of gasoline will run one of the efficient 2-horsepower I. H. C. Gasoline Engines for fully 5 hours.

That is, you will have full 2-horsepower to turn your machines all that time.

It will save you and your family all the hard work of turning the cream separator.

It will pump water and grind feed for all your stock.

It will saw your wood, shell your corn, turn your grindstone.

It will do all these things and many more for you the same day.

And for 5 hours' steady work it will cost you the price of one gallon of gasoline.

Is not that getting your hard work done at a pretty cheap rate?

You will have plenty of other jobs for your

I. H. C. Gasoline Engine

There is something for it to do all the time. If it is not working it is not costing you anything. When the engine stops, all expense stops. But it is ready to start up again at the same work or any other work at any moment.

There are larger I. H. C. engines that consume more fuel and do more work—you have your choice of a number of styles and many sizes.

Vertical 2, 3 and 25-horsepower.

Horizontal (stationary and portable) 4, 6, 8, 10, 12, 15 and 20-horsepower.

Gasoline tractors 12, 15 and 20-horsepower.

Famous air-cooled 1 and 2-horsepower.

Famous skidded engines 2, 3, 4, 6 and 8-horsepower.

Also a complete line of famous mounting engines from 4 to 20-horsepower, and Sawing, Spraying and Pumping Outfits and Jacks.

If you will look into the matter rightly, and learn to appreciate how much work an I. H. C. engine will do for you and how economically it will do it, you will inevitably come to the conclusion that you must have one of some kind.

The International local agent will be glad to supply you with catalogues and all particulars, or write our nearest branch house for further information.
